BIG NEW INDUSTRY TO BE ESTABLISHED IN COLUMBIANA COUNTY

**Company With \$300,000 Capital to Operate
Terra Cotta and Tile Plants
at Negley.**

According to a dispatch from Pittsburgh, this county is to have a mammoth clay plant. The dispatch says: "A certificate of incorporation was filed yesterday, at Dover, Del. for the Columbiana Clay Manufacturing company of Pittsburgh, to mine, mill and deal in clay and other minerals for the manufacture of tiling brick, etc. The incorporators are: H. J. Lawrence, Pittsburg; Daniel C. McCurdy, Sheridan, Pa.; Louis T. Farr, Rogers, O. The capital stock is given at \$300,000. "Lawrence was formerly traffic manager of the Pittsburg Coal company, and is understood to be one of the heaviest investors in the new corporation, which will build a big plant for the manufacture of terra cotta, brick and sewer pipe at Rogers, Columbiana county, O., on the line of the Pittsburgh, Lisbon & Western railroad. Other Pittsburghers are interested. The company has already secured large holdings of valuable clay lands about Rogers, and work on the new plant will begin before the winter sets in. The company has not yet organized, but its central office will be in Pittsburgh. Lawrence will be its president."

The only error in the above is that the plant will be at Negley, not at Rogers. An attempt was made today to talk with Attorney Farr at Rogers, but that gentleman was absent. From other reliable sources it has been learned that the purpose of this company is just as represented in its charter. Mr. Farr and his associates have control of between 600 and 700 acres of valuable clay beds along the railroad in the vicinity of Negley, and these are to be developed at once. The company will not start business upon a large scale at the start, but will branch out on a larger scale after commencing business. There were at one time numerous clay plants in the vicinity of Rogers, and many of these have been closed for years. There is also a good sized clay plant at Rogers, which has been in operation for several months, and which is now doing a good business. Not long ago the owners of this plant were asked for a price on this property, and they were accommodated.

Persons in this city connected with the Rogers company state that at the time the price was asked upon the plant, it was not stated whom the figures were for. Since the new company has been incorporated, it is believed it is the intention of the stockholders to purchase the plant at Rogers at once and continue the business as the present management is doing. Among others who are interested in the new company are said to be A. C. Powers, a prominent coal operator at Negley, and Mr. Mansfield, of Rogers. The location of these clay beds at Negley could not be better adapted for manufacturing purposes. The mining of the clay is one of the main matters considered when a new clay plant is started.

It is intimated that the new company will commence business in a very short time, and it is understood, may buy clay plants in the vicinity.

From a Staff Correspondent.
Columbus, Sept. 18.—The house code committee, among other things, has decided that any person who aspires to be mayor of a municipality may be elected to such a position, provided he is a duly qualified elector. The clause requiring a five years' residence as eligibility to serve in such a capacity was cut out altogether. The members pronounced it an utter absurdity. Cele, of Hancock, showed its fallaciousness when he explained that a number of municipalities which would be governed under the new code would not be five years old when it became effective. The senate adopted an amendment requiring a three years' residence for mayors, and the matter will have to be settled in joint conference. The house will probably insist that the residence feature be kept out, and if this is agreed to Mayor J. B. Baker, of Salem, will have a legal right to be a candidate to succeed himself. The house committee also eliminated the residence feature for councilmen, the only restriction imposed being that the members must be electors. The committee has decided that the mayor shall have vote power.

Salem and Wellsville are practically certain of remaining cities. The senate, yesterday, after long discussion fixed the line of demarcation between cities and villages at 5,000, and it is believed the house will concur. Senator Harding, Marion, and Senator Archer, Belmont, offered amendments to make 15,000 and 10,000 respectively the mark, both being defeated by an overwhelming vote. Archer's amendment received but one vote—his own. Senator Harrison will introduce bills prepared by State Librarian C. B. Galbreath, of Columbiana county providing for city and public libraries. It is proposed in these measures to create as little disturbance as possible in the present management of these institutions. Senator Riggins offered an amendment removing the control of public libraries from the board of public service in order that a separate board may be created for them, and this was agreed to by the senate. This opens the way for the introduction of bills dealing on the library subject prepared by the state librarian. Caution will be exercised so as not to interfere with the operation of libraries which have received bequests from private parties. The house code committee is working out a scheme for the care of such institutions. It has adopted a resolution authorizing council to levy a tax for the maintenance of libraries and hospitals.

Senator Connell announces his intention of looking out for the interests of the Carnegie library at East Liverpool, and he is desirous of receiving [Continued on Third Page.]

MISS MAUDE ADAMS.
America's theatergoers regret exceedingly the failure of the health of Maude Adams, probably the most popular of our stage favorites. Miss Adams has gone to France in search of health and all of her future engagements have been canceled. It is believed that her breakdown will be only temporary.

SALEM AND WELLSVILLE THE DEMOCRACY IS DAZED

**Can Now Breathe Easily, As It Is De-
cided They Will Continue as Cities.
Ping Pong as a Gambling Game
Under Legislative Ban.**

Speaking of the Democratic congressional convention at Alliance the Review of that city says:

Had they adopted the resolutions of the Labor party and stopped there, it would have been well, but they went further and adopted all the Democratic party is, and all that it hopes to be, and made a sandwich of the two with the Labor resolutions between.

No wonder the old wheel horses of Democracy shook their heads and said no, preferring to go down to defeat with Democratic colors flying rather than into a political grave which was dug for them by Bonsall, Bell and company. Some of the delegates made a heroic fight against such hasty action in the committee rooms, but were hushed in open convention that a semblance of harmony might appear.

When the convention adjourned they did not know whether they had a candidate or not. They did not know whether it was Duffy, the Democrat, or Duffy, the Labor candidate, or what they had done. This much they knew, that if it was the former, the large majority of the Labor vote was lost, and if it was the latter, the Democratic vote would not be controlled. They were between the "devil and the deep sea," and they did not know which way they were going.

Duffy played his part of the drama well. He did not commit or compromise himself. He simply thanked them for the honor and begged to be silent for a time. A party is in bad repute when it has to beg a man to accept of a nomination at their hands who has allied himself to another party. It is a slap in the face to men of intellect within the ranks who have been through campaigns without number unrecognized. It is to nominate a Labor man upon a Democratic platform, by a party which, if in power, would bank every furnace and jeopardize every workshop in the land. It is a scheme for power, covered with a veil so thin that every workingman can see through it and see Democracy enthroned beyond.

November will tell the story. You can fool some of the people some of the time, but you can't fool the honest, hard working, laboring classes, whose wages today are higher, than ever before, into the belief that they need a change, and that the Democratic party is to be their Moses. The grand old Republican party has been their friend in the past, is today, and will continue such in the future.

It would have flavored of the same consistency if this same convention had adopted resolutions that the Democratic party had always been the champion of the cause of temperance and sobriety and as such endorsed the platform of the late Prohibition convention, and attempted to form an alliance with that party, as to have

POISON ENDED THE LIFE OF WELLSVILLE WOMAN EXTREMELY SUDDENLY

**Mrs. Thorn, Wife of Chief of Police, Took Strych-
nine Either By Intent or Accident
and Died.**

Mrs. Margaret Thorn, wife of Chief of Police Henry Thorn, of Wellsville, died of poison this morning at 6:30 at her home at 928 Coal street, in that city.

From what can be learned, it seems that shortly after 5 o'clock Mrs. Thorn got up and after waking her children went about her household duties in the usual manner, and shortly before 6 o'clock she was taken suddenly ill with a severe headache and immediately took a powder to relieve the pain. The powder must have failed to do any good, however, as she is thought to have soon afterwards went to her pocketbook taken a strychnine powder of three grains which she had enclosed in her purse.

After taking the powder she went out staggering as she walked, the terrible poison having taken partial effect. While walking in this manner she was seen by Mrs. J. S. Blackburn, a near neighbor, who immediately ran to her assistance. Mrs. Blackburn stated that she asked Mrs. Thorn what the trouble was and received this reply: "I have swallowed strychnine and thought it was a headache powder."

Mrs. Blackburn at once ran for cold water and after bathing Mrs. Thorn's face with it went to the house and being assisted by Mrs. Thorn's daughter, Edna, who was by that time aroused to the situation made an emetic out of mustard and other ma-

terials and gave it to Mrs. Thorn, who by that time was in a very bad condition. Dr. Holland was then called at once and arrived promptly, but too late to save the unfortunate woman. During all of this time Chief Thorn was asleep in bed, not having been awakened by anyone, but when finally aroused and having learned of the tragedy he completely broke down. Dr. Holland stated to a reporter that the powder which Mrs. Thorn had swallowed contained enough strychnine to kill six ordinary persons. He has the paper and pocket book in his possession. The paper containing the powder was marked with a big red label as "poison." It was purchased at a pharmacy in Iron- dale. It is thought that Mrs. Thorn got the powder at the home of her mother in Jefferson county, near Iron- dale, and put it into her own pocket- book so no one else could use it. Mrs. Thorn had not been despondent nor had she shown any signs of wanting to commit suicide. It is hard to tell whether she really meant to kill her- self or whether her action was purely accidental. She is known to have said to her daughter a few days ago that if anything happened she could find certain valuables and other things at a certain place in the house.

Mrs. Thorn was 42 years of age, a member of the First M. E. church of her city. She leaves besides her husband, a son aged 15 years and a daughter aged 17 years. Mrs. Thorn was married June 20, 1884 and has lived in Wellsville ever since. No funeral arrangements have yet been made.

The convention was a very tame affair. The attendance was light and the reason is clear. The rank and file of the Democracy in the district have no sympathy for the Johnson-Duffy-Bonsall-Radeliffe crowd of single taxers, tax doctors and anything-to-rip-up-the-government fellows.

Take the delegation from Mahoning, for example. Old time Democrats like

J. S. HILBERT HURT

**FOOT CAUGHT UNDER CAR AND
TWO TOES WERE LOST.**

**The Accident Rendered Amputation
Necessary—Lucky Escape From
Worse Fate.**

While attempting to board a South Side street car on Third street this morning at about nine o'clock, James S. Hilbert, of the firm of Geo. H. Owen & Co., met with a distressing accident and as a result will be confined to his home on Pennsylvania avenue for several weeks.

Mr. Hilbert intended going over to Chester on business and when he saw a street car approaching stepped out into the street, but not at a regular stopping place and notwithstanding that the motorman beckoned him to go to the corner he made a jump for the car, his feet falling on a slippery piece of iron, a protection on the running board, throwing him partly under the car. That the car wheels simply ran over his left foot is considered very lucky.

Not realizing how badly he was injured he walked up Fourth street but there the foot commenced paining him to such an extent that he walked into Rex & Dean's office and Dr. O. D. Shay was called.

The physician discovered that the big toe and the one next to it were crushed so badly that amputation of former at the first joint and the latter at the second joint was necessary.

THE QUESTION OF AUTHORITY

**In Forming New Organizations
Was Up in Trades Council
Last Night.**

ORGANIZER WAS PRESENT

**Delegates Selected to the Annual Con-
vention of the Ohio Federation of
Labor—Several Other Important
Matters Disposed Of.**

The meeting of trades council was enlivened last night by a discussion of universal interest to the unionists generally.

Several weeks ago the international officers of the Bartenders' union addressed a letter to the council asking it to assist in the organization of a branch of that trade here. The matter was referred to the organization committee, and Chairman Cope performed all the work necessary to secure a charter. A part of the paraphernalia has already been received by the new union, but it is not yet in shape to have its members obligated. Acting under authority from the head officials of the bartenders, it was Mr. Cope's intention to administer the obligation next Sunday.

J. J. Weisend, a local contractor in the carpenter business, who was at one time a member of trades council, was present at the meeting, and upon being given the privilege of the floor, stated Mr. Cope had no right to obligate the members of a new union. A lengthy discussion resulted, at the conclusion of which the chair stated the trades council and the headquarter's officers of the bartender's union had the matter in hand at the present time. When they proceeded to a point where their authority expired the aid of the A. F. of L. would be asked. Charles Kontiner, had received his commission as organizer from the American Federation, and if it became necessary for the work to be done by an official from that body, Mr. Kontiner would undoubtedly be called upon.

MOST IMPRESSIVE CHURCH WEDDING

**Miss Aeola Crites and Daniel T.
McCarron Married at St.
Aloysius' Today.**

A VERY LARGE ATTENDANCE

**The Ceremony, Performed By Rev. T.
M. Smyth, Assisted By Father Ma-
han, One of Extreme Beauty—Both
the Young People Are Popular.**

Very impressive and elaborate was the marriage of Miss Aeola Crites and Daniel T. McCarron, conducted by Rev. Father Thomas M. Smyth, assisted by Father T. F. Mahan, at St. Aloysius' church, this morning at 8 o'clock, in the presence of several hundred friends and relatives.

Promptly at the appointed hour the bride, truly a picture of loveliness, dressed in an elegant gown of white and leaning on the arm of the groom, who wore a black traveling suit, alighted from a carriage at the church entrance, and to the appropriate march of Mendelssohn, gracefully entered. Preceded by the bridesmaid, Miss Elizabeth McCarron, a sister of the groom, and Thomas J. Duffy, the best man, both presenting a striking appearance, the couple marched to the altar and were there immediately united in marriage.

Following the nuptials the usual beautiful ceremony in connection with a marriage in a Catholic church was carried out. Father Mahan, assisted by Miss Elizabeth Lutheran, leader of the choir at St. Paul's cathedral, Pittsburg, and a singer of merited reputation, sang high mass. The church choir and others also assisted in this part of the service, making it abound with music of the highest order.

The church was handsomely decorated, and the candle illumination was particularly effective.

At the conclusion of the services, which will long be remembered by all present as being one of the most notable events in the history of St. Aloysius' church, the happy couple, together with the bridesmaid and the best man, repaired to the carriage and were borne to the home of Frank Crites, brother of the

bride, on Sixth street, where a sumptuous and delightful wedding breakfast was enjoyed. On the noon train departed the bride and groom for a two weeks' honeymoon in eastern cities, among which will be Washington, New York, Philadelphia and Boston. Returning they will go immediately to housekeeping in a residence recently purchased on Seventh street by Mr. McCarron.

Mrs. McCarron is one of East Liverpool's fairest young ladies. She is held in the highest esteem by all and has the accomplishments necessary to fill a married life with continuous happiness.

Mr. McCarron is a life long resident of the city and has always borne an unimpeachable reputation. He is considered one of the city's best young men. As bookkeeper and a member of the board of directors at the Dresden pottery he has gained the confidence of all as a business man of sterling worth. Both have the best wishes of hosts of friends for a long life of uninterrupted enjoyment.

HUSBAND ARRESTED

**Mrs. Gastavus Craft Had Her Help-
meet Hurried to Central Police
Station.**

Because she had completely exhausted her patience in trying to live with her husband, Mrs. Gastavus Craft applied to Officer Fisher in the East End last evening and prayed that he come to her home and either pacify her unruly helpmeet or take him away—she did not care where. The officer upon arriving at the home found the man in a drunken state, entirely too far gone for argument and he hustled the inebriate off to central police station, where he now awaits a hearing before the mayor, who is attending the Lisbon fair.

Craft, it is alleged, is a periodical boozier, and when on one of his sprees is very brutal. Mrs. Craft has long had the sympathies of the residents in the vicinity of her home, and all gave a sigh of relief and satisfaction when they saw Craft in the hands of an officer.

Agreeably Entertained.

A very pleasant season was spent at the home of Mrs. Dr. W. A. Hobbs, on Fifth street, by a number of friends last evening. The guests were invited and entertained in honor of Mrs. Hobbs' guest, Miss Grace Gould, a most estimable young lady who is well known in this city.

WITH THE WORKMEN IN THE CLAY PLANTS

MANY MEN ARE NEEDED.

Men are needed by the manufacturing potters of this city, and many of them. Never before in the history of the pottery industry in this city were the manufacturers so short of help as at present, so it is claimed by more than one manufacturer. From mould runners to kilnmen and decorators this shortage extends, and the conditions are becoming alarming. The shortage of kilnmen seems to be the most serious problem confronting the manufacturers at present. Hardly a day passes that one does not hear of a kilnman leaving the trade to seek other employment, and possibly going into business for himself. The ranks are broken, and no apparent attempt is being made to fill them. Not many apprentice kilnmen are being advanced to a higher grade, and one manufacturer is quoted as saying that this in a measure is right unless the individual has served his full apprenticeship. As kilnmen dislike to see an apprentice advanced to a journeyman kilnman without first serving his full apprenticeship, as was done when he was an apprentice kilnman and was compelled to serve his full time. But another phase of this matter is that conditions of the trade this year are unlike those of former years, and as the ranks are being depleted, something must be done to fill them. In one kiln in a river pottery a shortage of from 6 to 12 kilnmen is said to exist. This shop is one of the largest in the city, and the kilnmen are needed badly. A representative of this firm recently said that several of their kilnmen had left their shop to enter other business enterprises, and they have been unable to fill their places. Manufacturers ask: "What is to be done?" All over the city they claim that the shortage of kilnmen exists, and owing to this fact more than any other, shipments are much hampered. In the clay department there is also a shortage of help, from the mould runners to the jiggersmen, pressers and finishers. In the decorating department a shortage of experienced help is also evident in some shops. The ranks of the pottery workmen are to be filled, and the sooner this is done the better.

It might be well to ask just here, why is it that there is such a shortage of pottery help in this city? Time and time again has this question been answered in these columns. Many potteries are being built in the outside district. There is the whole cause in a nut shell. Just as long as potteries are built in other towns in close proximity to East Liverpool, just so long will help become scarce in this city. Nothing can stop this condition of affairs. Take for instance, the new pottery that is in course of construction at Salineville. It is quite within reason to believe that all the help that will be employed at that pottery will be taken from the local potteries.

Where else is the firm to secure its help? Already people have been applying for positions at this shop. Gamble Peterson, a well known kilnman will have charge of the glost crew at this shop, and Mr. Peterson will surely take a complete crew from the shops of East Liverpool. Then there will be move vacancies to fill. Jiggermen from this city will be found at the new pottery at Salineville, and likewise other workmen. Still other ranks are broken. Take the new Canonsburg pottery. There are employed there no less than 25 operatives from this city. In Harborton, many local workmen are found. Then there are the shops at New Castle and Peoria, and the new shop that is in course of erection at Derry. This city appears to be the reservoir from which the out-of-town manufacturers desire to draw their help. In fact, they not only like to do this, but do it every week. Just a few days ago George Wilcox, of the Summit China company, at Akron, was in the city looking for a supply of kilnmen. How successful he was, Mr. Wilcox can tell better than anyone else. Something will have to be done. Apprentice kilnmen will have to be advanced to journeymen, and apprentices in other departments will also have to be advanced. This is the only way in which the depleted ranks can be filled, and the sooner this is done the better for all concerned.

THE JIGGERMEN'S COMMITTEE.

According to a statement made today by a member of the committee which was appointed at a recent meeting of Jiggermen's local No. 12, to try to form a limit to a day's work, the committee will not be able to make its final report for a month at least. The committee has appointed sub-committees, and few if any of these latter committees have made a complete report to the main body. Until this is done, no final action can be taken by the main committee or by the local. The member in question is also quoted as saying that it was possible that no limit would be established, at least for a few months. It is also understood that some Jiggermen are averse to having a limit placed upon their day's work, and this seems to be the only drawback to having a uniform day's work arranged for the Jiggermen. As the matter now stands, no one can tell just what the outcome will be.

SOME FROM CANONSBURG.

It may be interesting to many of the operatives in this city to learn how many, and who are the East Liverpool people employed at the Canonsburg pottery. The following list and occupation followed by East Liverpool people at this shop has been furnished this paper: John Weingartner, big Jigger; Paul Sodic, Jumbo; William Maley, 7 inch; Charles Wolf, 5 and 6 inch; Hugh O'Donnell, fruits; William Dearth, bowls; H. Adis, cup;

"I wrote to Dr. Pierce for his advice."

The lady, from whose letter we quote, got what she wrote for, and is a well woman to-day as a result of following Dr. Pierce's advice and using Dr. Pierce's Favorite Prescription, the medicine which makes weak women strong and sick women well. "Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. Sick women, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I can truthfully say that Dr. Pierce's Favorite Prescription is a wonderful medicine and deserves the praise given it," writes Mrs. Emma Spooner, of Lakeview, Montclair Co., Mich. "I was sick four months, and the medicine prescribed by the doctors did me no good. Finally I wrote to Dr. Pierce for his advice. He answered in a very kind letter instructing me what to do. I followed his advice and today am a well woman, thanks to Dr. Pierce."

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

Walter Ohlman, saucers; Richard Jackson, Edward Jackson, Kelly Huntsman, Charles Nelson, stickers-up; James Ward, cup handler; Irvin Campbell, kiln fireman; Homer Shaffer, William Fortune and Benjamin Welch, pressers; Dennis O'Donnell, making handles; biscuit kilnmen, Geo. Brockway; setting out, James Darrah, Jack Carney; packer, Val Brown; two mould runners named Tolin and Murphy, from East Liverpool are also employed at this plant.

Mr. Shaw, the chief bookkeeper of the Canonsburg pottery, is spending a two weeks' vacation at Atlantic City. Two new arrivals at this shop from East Liverpool are Ben Welch, a presser, and Jack Carney, a kilnman. They arrived there a few days ago.

Business at this shop is increasing and increases are also being made in many departments.

TEMPORARY ORGANIZATION.

A meeting of the kilnmen, kilndrawers, oddmen and dippers employed at the Laughlin plants, No. 2 and 3, was held at noon yesterday when a temporary beneficial association was formed. The meeting was well attended, and a large membership for the association is assured. Various plans were talked about, and the by-laws and constitution of the National Pottery association were read. A committee composed of Allen Hayes, Richard Baxter, Thomas Wolf, Edward Davis and Marion Flick, was appointed to draft a constitution and to solicit members, and make a report at the next meeting, which will be held Monday next at noon. Joseph Pollock was elected temporary chairman of the meeting yesterday, and he will continue in office until permanent officers are elected. There is no question now about the association being formed, and its success is already assured.

A ZANESVILLE STRIKE.

Sixteen kilnmen employed at S. A. Weller's pottery, at Zanesville, went out on a strike Monday morning and so far no satisfactory agreement has been reached. The men are still out and according to the statement of one of the strikers there is no prospect for an immediate settlement. The men had been working piece work and it is maintained by the strikers that the company did not abide by the contract. They say the superintendent demanded that they place more ware in the kiln than is expected of them and more than is required by the contract. The strike of the kiln hands has not materially interfered with the running of the plant so far. It is to be hoped that a speedy adjustment will be forthcoming as the trouble is not a matter of wages but a misunderstanding regarding the contract.

BOUGHTON LEAVES BURFORDS.

O. H. Boughton, who has been in charge of the packing department of the Burford pottery for quite a time, severed his connection with that firm yesterday, and next Sunday he will preach his first sermon in the Fairview circuit, which was assigned him at the last meeting of the Pittsburgh conference of the M. P. church. The packing shed at the pottery will be placed in the hands of a son of Mr. Boughton. The firm has received many applications for the management of this part of the plant, but arrangements had been made as to who would have charge of the shed many weeks ago.

DEMOLISHING OLD KILNS.

Work has been in progress for several days at the Wallace & Chetwynd

pottery, demolishing the old decorating kilns. When this task is finished the company will at once commence the erection of two new kilns to take the place of those that are now being torn down. When these kilns are completed the decorating kiln capacity of this plant will just be doubled. The East Liverpool Potteries company is having an excellent run of orders from the ware made at this plant, and as soon as the decorating kilns are finished will be able to turn out more decorated goods. It is thought that additions will be made to the force employed in the decorating department of this plant as soon as the new kilns are completed.

MAYER AS HOST.

William Mayer, one of the best known dippers in the city, will entertain a number of friends at his home on Derby Road next Monday evening. This will be in honor of Bertrand Rhead and W. J. Hulme, of Hanley, England, who have been spending a few days in the city on business. A pleasant evening's entertainment is assured. It may not be generally known, but Mr. Rhead is a musician of no mean ability. It will be remembered that during the last visit of Mr. Rhead to this city he sang in one of the churches, and his singing was the subject of much favorable comment.

DREW FIRST KILN.

The first kiln of sewer pipe to be made at the East End plant of the American Sewer Pipe works since that plant resumed operations after its recent shutdown was drawn Wednesday. Quite frequently the force of kilnmen at this plant was increased, and in so doing the company is enabled to set two kilns of pipe a day. No pipe is being made for stock, all being loaded into cars as soon as possible. It is said the company has enough orders for the East End factory to keep it in operation for three months at least.

EXCAVATING ABOUT COMPLETED.

The excavating for the improvement that is to be made at the West End pottery is about completed, and it is thought Contractor McLaughlin will have his work finished by the end of the week. Then the stonemasons will commence work, and other contractors will start. The entire construction of this new addition has been let to John Cain.

MAKING ADVANCEMENT.

H. H. McCartney, who has been employed by Jeff Greene, a well known saggermaker employed in the East End, as a frame filler, has taken charge of the sagger shop at the Burford plant. He commenced work at his new position today.

GEORGE FRED WILLIAMS BEATEN

Massachusetts Democrats After Hot Fight Over Resolutions Nominating Ticket.

Boston, Sept. 18.—Acrimony was not wanting for a time in the Democratic state convention in Tremont Temple yesterday, but in the end harmony was restored and the state ticket was enthusiastically greeted. The ticket is as follows:

For governor, William A. Gaston, of Boston, was named. Gaston was nominated and then given a platform of his own dictation. The fight was over the national issues on the platform. The test of strength was between Colonel Gaston on the one hand and George Fred Williams, once the stalwart leader of the Silver Democrats, on the other. In this battle Mr. Williams was routed.

The platform adopted is a repudiation of the Kansas City platform.

No Substitute Offered.

Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that ninety-nine out of a hundred druggists recommend Chamberlain's Colic, Cholera, and Diarrhoea Remedy when the best remedy for diarrhoea is asked for, and do so because they know it is the one remedy that can always be depended upon, even in the most severe and dangerous cases. It is for sale by Alvin H. Bulger.

No similar article has reached such a widespread and universal sale as Red Cross Blue. At all grocers.

Women and Jewels.

Jewels, candy, flowers, men—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous effort to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Charles F. Craig's. Get Green's special almanac.

TONES UP THE STOMACH.

Any disease which impairs the normal working of the stomach is certain to bring on a state of nervousness. On the other hand, a remedy which aids digestion and tones up the stomach is a sure cure for nervousness. For this reason BLOOD WINE is the most popular nerve tonic sold. Mrs. Jennie Wilson, corner of Market and Parker Streets, Lawrence, Mass., says: "I have been troubled with nervousness and dyspepsia for five years. Medicine did me no good until a friend advised BLOOD WINE. Have taken three bottles and am entirely cured."

The Ohio Valley Business College of our own city, is being appreciated by the people of this vicinity as is evidenced by the largely increased attendance and the recognition given it by the business men of this city and elsewhere who are daily applying to the school for office help. This school has grown on merit alone. It has recently opened a new term with more than eight times the enrollment of only three years ago. Its graduates are being sought after eagerly and it cannot supply the demand. The training given is so arranged that students may enter at any time.

COMMUNION SERVICE HELD.

East Ohio Conference Opened at Cambridge, O.—Reception to Lockes, Saturday.

Cambridge, O., Sept. 18.—The twenty-seventh annual session of the East Ohio conference of the Methodist Episcopal church opened here yesterday. The conference is one of the largest in the denomination, having 351 ministers. In addition to these are 28 official visitors, representing the departments of church work.

The conference opened at 8 o'clock with communion service, conducted by Bishop H. W. Warren. At 2 o'clock the anniversary of the Freedmen's Aid and Southern Educational society was held. An address was delivered by the Rev. Dr. Wilbur P. Thirkield, corresponding secretary.

Saturday afternoon a reception will be tendered at the residence of John L. Locke in honor of the Rev. Dr. and Mrs. W. H. Locke, of Mansfield, and in recognition of the semi-centennial anniversary of Dr. Locke's active service as a member of the Pittsburgh and East Ohio conferences. On Sunday afternoon the semi-centennial sermon will be delivered by Dr. Locke.

EAST END

NO OUT DOOR MEETING

Free Methodists Found It Too Cold to Hold Services on the Bridge.

The weather was too cold last evening to permit the holding of services on the Dry Run bridge by the Free Methodists, and for that reason services were held in the home of one of the members of the church in the Klondike section. The house was well filled and the meeting one of interest. Several converts were reported.

The action of S. L. Fisher, the principal of the institute, in closing the building in the evenings on account of the unkempt condition of the room was a sufficient reason for closing the doors, said a resident of the East End this morning, who is taking an interest in these revival meetings. Not a word is being said against his action since he made known his reasons for so doing.

THE PASTOR'S BROTHER

Rev. J. A. C. McQuiston Will Preach at the Second U. P. Church Tonight.

A series of special meetings will commence at the Second United Presbyterian church this evening, and continue until tomorrow evening. These meetings are held prior to the regular communion service which will be held Sunday morning.

While the services will be in charge of Rev. D. W. McQuiston, the regular pastor of the church, he will be assisted by his brother, Rev. J. A. C. McQuiston, pastor of the U. P. church at Baldwin, Butler county, Pa. This gentleman will preach this evening and tomorrow evening, and will assist the regular pastor at the communion service on Sunday. The visiting minister is said to be a very forcible speaker and interesting sermons may be expected.

FOOT BALL CLUB

Composed of Lightweights Has Been Organized by East End Lovers of the Sport.

Another foot ball club has been organized in the East End, and this morning the managers of the club issued a challenge to play a game with any team in the city whose average weight is not more than 95 pounds.

The makeup of the team is as follows: Center, S. Pollock; right guard, C. Laughlin; left guard, N. Hanley; right tackle, E. Prescott; left tackle, J. Deakin; right end, R. Montgomery; left end, F. Culbertson; quarterback, H. Deakin; right halfback, E. Johnson; left halfback, J. Herbert; fullback, G. C. Laughlin. S. Pollock has been elected manager of the team and can be found in the East End.

K. G. E. Will Be a Success.

Many applications are being received by those who are working to form a council of the Knights of the Golden Eagle in the East End, and it is the conviction of these persons that it will be but a few weeks until a sufficient number will have been secured to hold a meeting and to take the preliminary steps to forming a permanent organization.

that are too fast or too slow, too strong or too weak, are not the kind that come from a healthy heart. Remember, every heart that pains, flutters, palpitates, skips beats, and every heart that causes fainting spells, shortness of breath or smothering, is weak or diseased, and cannot keep the blood circulating at its normal rate.

"My heart was very weak and kept skipping beats until it missed from one to three beats a minute. Well knowing what the result would be if this trouble was not stopped, I began taking Dr. Miles' Heart Cure, and two bottles brought the heart action to its normal condition."

No Amputation Necessary.

Roger Hill, the young son of Rev. W. E. Hill, of St. George street, who accidentally fell upon a cuspidor several days ago and severely cut his right wrist, is recovering from his injury quite rapidly. It was thought soon after the accident that the injured hand would have to be amputated, but this will not have to be done. It will be but a few weeks, it is thought, until the boy will have the use of his hand.

Painting the Fire Station.

Work was commenced this morning painting the exterior of the East End fire station. This contract was let to A. Dinerstein by the fire committee of council early in the week, and it is said the contract will be completed within a few days. A slate color of paint is being used, and the trimmings will be of green and terra cotta.

Street Railway Men's Meeting.

The regular monthly meeting of Street Railway Employees, Division No. 52, of this city, will be held in the Larkins & Ferguson hall one week from Saturday evening. Several applications for membership will be considered at this session and other important business matters will also be talked over.

A Popular Teacher.

Miss Enda Pearle Mylar, who was married to Prof. Frank R. McNary, of Manor, Pa., yesterday, was a former resident of Steubenville, and a graduate of the high school of that city in the class of '99. For the past three years she has been a popular and successful teacher in the public schools of Jefferson county.

EAST END AFFAIRS.

Frank Chambers was in Pittsburgh today on business.

Mrs. Fred Riley was in Pittsburgh today attending the exposition.

Charles Manley and Harvey McHenry spent the day at Lisbon attending the fair.

A pleasant dance was given in the Larkins & Ferguson hall last evening. About 15 couples were present.

Mrs. D. W. Jones, of New Brighton, is visiting at the home of Mr. and Mrs. E. M. King, on St. George street.

Miss Lillian Deever, of Negley, is a guest at the home of her sisters, Misses Tillie and Margaret Deever, of St. George street.

Mrs. J. M. Fulton and son are visiting at the home of Mrs. Fulton's father, near Smith's Ferry. They will remain there for several days.

Emmet Chambers, accompanied by his wife and mother, left this morning for Mechanicstown, where they will make their home. Mr. Chambers, in conjunction with Elmer A. Stevenson, have opened a general store at that village.

To Raise Funds For Miners.

Youngstown, September 18. — The Amalgamated association will raise funds for the anthracite coal strikers. A meeting was held last night and a committee appointed to collect funds. It is expected that \$5,000 will be raised.

IMPORTANT POINT HAS BEEN SETTLED

(Continued from First Page.)

suggestions from the directors of that institution. If they have anything to offer, it behooves them to act at once.

The senate has voted to give the public safety board authority over the board of health, while the house code committee has adopted an amendment leaving these boards substantially as now constituted. What this body has done, has been done decisively, but many of the important propositions which have gone through the senate, only carried by a close margin. Therefore, when both bodies meet in joint conference it will not be surprising if the unanimity of the house members will dominate the action taken.

The school code has gone into the house. State School Commissioner Bonebrake prepared and Representative Seese introduced it. It provides that there shall be one member of the school board elected from each ward and that if there are an even number of wards there shall be one additional member elected at large. Superintendents are to be elected by boards, and teachers are to be selected by superintendents, subject to approval of the boards. The bill is brief and makes no pretence at covering all school questions.

The house code committee has decided to make chiefs of police and fire departments responsible for the men under their jurisdiction. Both are to be appointed by council and will be subject to civil service system. Treasurers of municipalities are to be the custodians of all funds, including school funds. Heads of departments are to meet with the mayor once a week and review the work of the municipality. Mayors are to be removed by the governor for sufficient cause.

When the powers of municipalities was taken up, Cole, of Hancock, said that the game of ping-pong was becoming a menace to morals as it was being used as a mild form of gambling by people in his county. At first it was thought he was joking, but he assured the members he was very much in earnest, and at his suggestion an anti-ping-pong gambling provision was put in the code. If it passes, you may play ping-pong, but not to gamble.

The house and senate have taken opposite stands, the former opposing the board plan and the latter favoring it. Tuesday afternoon, by a vote of 16 to 16, the senate declared against the so-called home rule plan and approved of the board system as provided for in the Nash code. The differences of both bodies will be fought out and settled in conference. Single elective heads may be agreed upon as a compromise. The situation at present seems to presage this. The code which will be adopted will be unlike any code which has been introduced. It will be neither the Nash code, federal code, chamber of commerce code nor the York Democratic code, but its component parts will be taken from the first two, largely. The Nash code is being used to work from, but its provisions are being changed. And Governor Nash has expressed his full willingness that the legislature should do as it deems best with his measure. It has and is valuable as a guide.

Senator Connell has introduced the bill to remedy the defects in the jury laws. It was passed under suspension of rules. The house put the bill on second reading yesterday. The house has decided in favor of giving all cities over 30,000 police courts. Under that figure they will not be required.

The legislators will go to Cincinnati tomorrow to attend the Fall festival given by the Business Men's club of that city. The outing will not cost them a penny. A special train will take the party to Cincinnati. The newspaper correspondents and the employees of the legislature have also been invited. Mayor Flieschman will deliver the address of welcome. Senator Connell, of Columbiana, will respond for the senate.

Representative Buell, of Salem, reached the city yesterday. He said the senate amendment requiring mayors to be residents of municipalities three years was unjust and should be killed. If it is permitted to stand Mr. Buell will be heard from in his own blunt and effective way. He thinks the people should have the right to select whom they please for mayor, just so he is an elector, and furthermore he does not think it is within the province of the legislators to interfere in this respect. He says it is none of their business.

From the pottery manufacturers, from the heads of other industrial establishments, from contractors and business men generally in East Liverpool comes the complaint that help is scarce. Even the housewives find it difficult to engage domestic help, no matter what wages they offer. Everybody in the city knows how building operations have been delayed because the carpenters, stonemasons, bricklayers, plasterers and other members of the building trades had so much work to attend to that they could undertake no more. The same condition prevails in almost every line of work. The greatest difficulty about getting a job done is to get the men to do it. Yet East Liverpool has had a very large influx of population in the past two years. All that have come have found employment at excellent wages; all who were residents previously are similarly engaged. This city is one of the busiest in the land, and its business is increasing at an unprecedented rate. With this increase comes increased wealth, increased happiness, increased opportunities for social enjoyment and intellectual development. These conditions prevail because a wise national system has prevailed, calculated to encourage industry in every form and to stimulate its growth. The Democracy has shown hostility to that system from time immemorial. The intelligent workmen of East Liverpool know the foundation of their prosperity. That is why they vote the straight Republican ticket. They will vote it this fall in greater numbers than ever.

A portion of the state Democratic platform which the Alliance Democratic convention endorsed is this: "We demand the repeal of the tariff and substitute therefor direct taxation." How many East Liverpool voters are going to stand on that platform?

Speaker Henderson makes it plain that he is a Republican to the backbone. His absence from the house will be greatly regretted. But if, as he says, his views and those of his constituents are at variance upon the tariff issue--the fundamental principle of Republicanism--he does right to decline to be their representative. The Iowans who have been making it unpleasant for him will live to regret it. Quite likely they regret it already. As for the speaker's retirement from congress, upon which the Democrats are basing high hopes and wild prediction, it will have very little effect outside of his own district and state, and

even there Republicanism is too strong for any surrender to the enemy. A Republican congress is to be elected this fall, and it will be strongly Republican, too. There is too much general prosperity for free trade doctrines, which flourish only in times of discontent, to receive attention or support.

Cleveland newspapers declare taxes in that city will be 50 per cent higher in December than they were two years ago. This is Tom Johnson's town and Tom is mayor and general dictator. Does anybody want to make him dictator of Ohio?

France has a deficit for the past year of \$40,000,000. France must be patterning after the city government of Cleveland.

The code makers are down to business and within the next two weeks it is probable the new code law will be enacted.

Yes, there was a President Johnson once. That was one too many.

OBITUARY

Henry A. Gibbs.

Henry Alfred Gibbs, a former resident of this city, died at his home in Akron at 3 o'clock yesterday afternoon. Deceased was 68 years of age and was one of the early residents of the city. He had been ailing for the past year and death was the result of a complication of diseases. Some 30 years ago Mr. Gibbs removed from this city with his family to Akron and accepted a situation in Robinson Bros' pottery at that place. After several years working at the bench in Akron Mr. Gibbs embarked in the pottery business on his own account and built the Ohio Stoneware Pottery Co. plant, of which organization he was president at the time of his death, having associated with him his sons. He was also interested in several sewer pipe concerns of Akron. Mr. Gibbs was one of the leading members of the first cornet band that was organized in this city. He was also one of the charter members of the East Liverpool lodge of Odd Fellows and continued his membership in the lodge. At the opening of the war he enlisted from this city in an Ohio regiment and served as a bugler for three years. He was a member of Gen. Lyon post No. 44, G. A. R., of this city. Prior to leaving this city Mr. Gibbs was married to Mrs. Eliza Parker. He is survived by a widow and two sons, Harry H. and Edward H. Gibbs, and two step-children, Geo. A. Parker and Mrs. Charles Chapman, all of Akron. Four sister-in-laws of the deceased reside in this city--Mrs. Isiah Colclough, Mrs. Emma Wilson, Mrs. Mattie Neville and Mrs. Anna Bullock. The arrangements for the funeral service have not been made.

Mrs. B. F. Leitch.

Scottsdale, Pa., Sept. 18.--Mrs. B. F. Leitch, formerly of Allegheny, died at the home of her sister, Mrs. Albert Keister, here yesterday. Besides Mrs. Keister and Mrs. Howard Humphries, of West Newton, who are sisters, several brothers survive. They are Rev. Charles Frazer, of Jeannette; Drs. John and George Frazer, of Cleveland; T. W. and William Frazer, of Wellsville, O., and Duncan Frazer, living in Kansas.

Mr. Clyde Larkins will leave on Friday for Philadelphia, where he will complete his medical course at Jefferson Medical college.

Frank M. Crowe, a prominent druggist of Evansville, Wis., is a guest at the home of his sister-in-law, Mrs. Mary Crowe, of Sixth street. Mr. Crowe is a son of the late Dr. Samuel Crowe, and has not been in Ohio for 30 years.

Mr. Lance, of Wilkesbarre, Pa., was in the city yesterday the guest of Louis W. Healy, of the East Liverpool Street Railway company. Mr. Lance has been in the west for sometime on business, and stopped off in this city for the purpose of visiting M. Healy.

AT THE THEATER

A fine attraction has been booked for the Grand Opera House for the entire week opening next Monday. Harry Jenkins, a comedian of ability and reputation, and Austin P. Blair's big stock company will present a series of meritorious plays. The opening bill, "Parisian Princess," is a great emotional drama, and introduces the talented leading young lady, Miss Leona Leslie. During the intermission the best acts in vaudeville are seen, making a continuous performance of drama and vaudeville. Mr. Jenkins has surrounded himself with the strongest company known in repertoire, with entirely new scenery. Their productions are staged with the same detail as seen in the large cities.

The latest and best of Lincoln J. Carter's attractions will be seen in this city at the Grand Saturday evening. Stanley and Lotita Lamb are playing the difficult parts of the "Waifs" and adding additional laurels to their already enviable reputations as juvenile artists. The company is said to be the best Carter has ever sent on the road. New and beautiful scenery, electrical effects and mechanical devices assist a story filled with comedy, sentiment, surprises and tears.

ON ANTIETAM BATTLEFIELD.

New York Monument Dedicated--Ohio to Place Monuments.

Frederick, Md., Sept. 18.--The hand some monument which the New York Thirty-fourth Regimental Volunteer association had erected on the Antietam battlefield was dedicated yesterday, the fortieth anniversary of the battle. About 150 persons, including members of the association, their wives and children, were present.

The monument stands on a plot 66 feet square.

Ohio will shortly erect 12 monuments on Antietam field, one of which will be to the memory of President McKinley, for which the Ohio legislature appropriated \$20,000.

The bartenders' local sent credentials, but they were not made out in a legal form, and no action was taken upon them. One of their delegates was present, however, and he was admitted and given a seat on the floor.

The electrical workers of Pittsburgh wrote a communication to the council informing it that a man who had a bad record at Pittsburgh was running a saloon in this city.

A strike was reported to be in progress at the Humphrey iron works at Massillon. Some of the product of the firm was being used in this city, and the moulders of Massillon asked that the matter be taken up by the council. A committee was appointed to visit local dealers handling the goods. Messrs. Bolton, Elder and Devine were appointed.

A communication was received from the headquarters of the Ohio Federation of Labor asking that a delegate be elected to represent the council at the annual meeting to be held at Cambridge next month. The election resulted in the selection of Criss McConnell. Le Roy Orr is the alternate.

A communication asking that steps be taken for the formation of a branch of the stationary firemen was referred to the organization committee, together with one of the same character from the longshoremen and freight handlers.

A delegate from grocery clerks' union No. 192 reported that his organization had taken action at its last meeting against the sale in East Liverpool of all non-union bread.

Chairman Orr, of the Labor day committee, made his report of the receipts and expenditures of the Labor Day celebration, and the committee was tendered a hearty vote of thanks for their faithful and conscientious work. The following is the report:

STOCKS' PRICES RECOVERED.

Relief of Uneasiness Over Money Situation, Helped the Market, Wednesday.

New York, Sept. 18.--Speculative sentiment was further improved in Wall street yesterday and prices of stocks enjoyed additional recovery. The relief of the acute uneasiness over the money situation by the large engagements of gold for import checked the liquidation in the stock market and made it easier to mark up prices again. The volume of the actual buying demand was light, however, and the number of shares dealt in was no larger than Tuesday. The movement hitherto of some \$7,650,000 in gold from various quarters gives some feeling of assurance that relief will be at hand when the coming additional requirements of currency by the interior will make it urgently needed.

The nervous feeling early in the week was as much due to fear of this future contingency as to the present exigency for money. The receipt of gold which has been started towards this center will be in occasional parcels during the next three or four weeks. Over \$400,000 of the Australian receipts which arrived in San Francisco Tuesday were made immediately available to the local market by telegraphic transfer through the sub-treasury yesterday. The one million dollars which started from England yesterday will be available at the end of the trans-Atlantic voyage. Of the remainder there will be one parcel of \$500,000, which is not due to arrive in San Francisco until Oct. 10.

Quite a number of prominent stocks, both among railroad and specialties, were from one to two points over Tuesday night at one time yesterday, but the prices were not held. The market closed about steady.

The bond market was firm. Total sales, par value, \$2,708,000.

U. S. 3s, registered, advanced $\frac{1}{4}$ the coupon $\frac{1}{4}$ and the old $\frac{1}{4}$ $\frac{3}{4}$ per cent on the last call.

HOW IT STRIKES THE NEWSPAPERS

(Continued from First Page.)

ex-Mayor Moore, J. H. Morris, Baies Campbell, W. J. Lawtens, J. P. Wilson, W. A. Maline, Thomas McNamara, H. A. Manchester and a score of others did not attend the convention, and they took little interest in the proceedings. They don't feel like being bossed by Billy Radcliffe, the local leader of the new fangled Democracy.

It is a question as to whether Duffy or the Democracy is occupying the best (or rather the worst) position. If Duffy runs as a Democrat he violates his pledge to the independent convention. If he runs as an independent endorsed by the Democracy he will be defeated by the Democrats on election day. The political riches of Mr. Duffy will be his political undoing.

The Vindicator, the Maioning county Democratic organ, says only this: Columbiana county Republicans ought to be happy now. A congressional nomination has come to that county after all.

The Salem Herald praises Mr. Duffy highly and hopes he will stick to the ticket. Other Democratic organs in the district endorse all the work of the Alliance convention and swallow the Tom Johnson platform, free trade, single tax and all, without a grimace.

The Salem News says:

What Mr. Duffy will do regarding this back-set to his budding political aspirations is problematic. He well knows that he cannot "straddle" the two platforms and run as a candidate on the two tickets. He must make choice between the two or reject both. One thing is certain. The Union Labor people generally are up in arms against yesterday's procedure at Alliance. And they have no notion of taking the advice of Dr. G. P. Kirk, Democratic ex-congressman from this district, and by relinquishing Duffy allow the Democrats to place him on their ticket as their candidate, and then play into the hands of their historical enemies by voting for him. But many of the Union Labor men are wondering today what business Duffy had in the Democratic convention anyway?

The outcome after all is fortunate. It is well, since a Democratic scheme existed--which is now clearly demonstrated--to further their own political ends, that it has been shown up at this time. One effect of it all will be that the Republican vote will be solidified, and Mr. Kennedy will be elected by at least the old time Eighteenth district Republican majority.

FOOTBALL CONTEST

West End Rovers And Sirius Club
Eleven's Are to Play on
Saturday.

The football game to be played on Saturday afternoon in West End park, commencing promptly at 4 o'clock, will be witnessed by a large crowd each team having numerous backers all of whom will show their appreciation by their presence.

For quite a while the West End Rovers and the Sirius club have been arranging for the game, and it will no doubt be a fine exhibition. The line-ups will be as follows:

West End Rovers—J. Hester, right end; T. Hunter, right tackle; McDevitt, right guard; Amos, center; Arb, left guard; Tyson, left tackle; P. Hester, left end; McAvoy, quarterback; Jones, left halfback; Coleman, right halfback; Cartwright, fullback; substitutes, Frazer, Pollock, Robbins, Clark.

Sirius club—Harvey, right end; Mulhouser, right tackle; Gray, right guard; Price, center; Flesch, left guard; Stevenson, left tackle; Carnahan, left end; Little, quarterback; Godwin, left half; Hardy, fullback; substitutes, Cooley, Orr, Dyke, Hamill, Myler.

TEWKSBURY DEFEATED

C. A. Smith's Horse Beaten By Billy Boyle at Washington, (Pa.) Races.

The first day of the race meet being held at Washington, Pennsylvania, attracted a crowd of 500. There were six starters in the 2:30 pace, and Tewksbury, owned by C. A. Smith, of East Liverpool, who was touted to win was defeated by Billy Boyle. The third race, 2:26 trot, was postponed on account of darkness after three heats had been pulled off. The judges took Kate Crist, down from behind Maud S. after Dan K. had won two heats in hollow style and she took the next one easily, 2:30 pacing purse \$400. Billy Boyle, first Tewksbury, second; Cousin Ella, third. Time—2:23 1/2, 2:25 1/4, 2:23 1/4. 2:30 trot, second; Matagorda Chief, third. Time—2:35, 2:33, 2:33.

It is the opinion of some horsemen in this city that John Webb was run under the name of Dan K. as the name of his driver was Dan King, well known in this city. However, definite information could not be obtained concerning this race.

CALL FOR THROUGH CARS

West Enders Object Strongly to Walking From Turntable.

A notification was sent by City Solicitor Boyd to the East Liverpool Street Railway company yesterday asking it to run all cars to the extreme end of the line instead of just to the turn table, as has been done. The latter service is very unsatisfactory to people living in the extreme West End. A satisfactory reply was soon afterwards received by the city solicitor stating that the request would be complied with at once.

Mayor Fogo, in a conversation with the city solicitor stated last evening that the summer cars on the line were still only running to the turn table and that something ought to be done. The solicitor said that he would again notify the street railway people to run their cars to the end of the line and if the request is not this time at once followed out, an injunction. Many complaints have been coming in regularly to the mayor and solicitor about this matter and they have got tired listening to them.

MORE CELL ROOM

Is Much Needed at the Jail, But the City Must Wait.

The two much needed new cells for the city jail, which were ordered by Mayor Fogo some three weeks ago from the Van Dorn Iron Works company, of Cleveland, have not yet arrived. The mayor is unable to state just when they will be here, although they are expected any day.

The need of the new cells is demonstrated on two or three occasions nearly every week, and especially on Saturday and Sunday nights, when the jail is usually crowded to overflowing, and many of the prisoners are compelled to sleep on the floors of the jail.

The mayor has written to the company several times since the order was sent, but each reply only volunteers the information that the cells have been shipped.

SUSPECTED RUNAWAYS

Three Small Boys Arrested at Wellsville, Two Hailing From New Castle.

Three small boys were arrested yesterday morning by Chief Thorn at the Third street depot and were lodged in the city prison, suspected of having run away from home. They were arrested upon the evidence of one lad wearing at the time two shirts and two coats.

They were brought before Mayor Fogo yesterday afternoon and when asked by him to give their names they gave them as follows: Kalen F. Ward, Samuel Aten and Grover Tasker and their ages about 15. When asked, the first two lads said that they were from New Castle, Pa., while the latter claimed he was from East Liverpool.

Tasker was released as there was no evidence upon which to hold him while the other two lads from New Castle were again locked up after having given the mayor the names and addresses of their parents. The mayor has telegraphed to New Castle and the boys will be held until a reply is received.

Burglars Not Yet Found.

No suspicious characters have as yet been arrested for implication in the burglary committed Tuesday night. It is now thought that the guilty party will never be found, as no clues have as yet presented themselves upon which the local police can work up the case. Father Crotty, whose house was ransacked, stated last evening to a representative of this paper that he thought that the burglary was committed by one of the street paving contractor's employees, who was recently discharged. Father Crotty would say nothing more regarding the matter.

Improvement Progressing Well.

City Civil Engineer Leith and Street Commissioner Herbert have progressed rapidly with the work of opening up Chester avenue in the West End, and will have the work entirely completed within a few days. This work was started only two or three days ago, in accordance with an action of council, and is a great improvement for the West End, opening up a street which intersects several very valuable pieces of property and makes it possible for them to be reached by vehicles.

Covering All Beats.

For the past week Officer Elliott has been doing double duty by covering one of the regular night beats, and aside from this trying to do part of his regular work in cleaning and attending to the city building. The mayor has now arranged matters so that all of the beats will be covered

by the remaining four officers at night, thereby relieving Officer Elliott. This is only a temporary arrangement and will be in force until another regular officer is appointed by the mayor.

P. H. C. Entertainment.

A grand entertainment was held last evening by the Fidelity circle, No. 43, P. H. C., in the Rechabite hall. The feature of the evening was the lecture given by J. C. Evans, of Sharon, Pa., who is one of the high officials of the Protected Home circle. He sketched the objects of the circle and gave a glowing account of its progress. A. B. Apple, besides figuring in the quartet and giving a pantomime, trained the class of girls for the fair drill, one of the most entertaining features of the program. Miss Emma James gave a fine select reading. Henry Henderson, the presiding officer of the local circle, was chairman. The literary program, in the hands of Mrs. William Glass, was handled in good shape.

THE BEAL LAW

To Be Incorporated in the New Code Bill—House Committee For It.

Columbus, Sept. 18.—The liquor interests of the state last evening renewed the assault upon the Beal local option bill. This measure has resulted since its enactment last spring in the closing of nearly 100 saloons in various parts of the state. The several liquor associations, through their representatives, began the fight in the senate when a motion was made to have the bill incorporated in the new municipal code in such a manner to insure the safety of its operation under the new order of things.

The fight against this proposition was led by Senator Patterson, of Pike, who succeeded in talking the senators into an adjournment and delaying the vote. The sentiment of the body is for the bill, and it will eventually go through by a large majority. The house special code committee yesterday voted almost unanimously to incorporate the bill in the code.

To Wed October 1.

The wedding of a prominent young lady of St. Clair avenue will occur October 1. Miss Anna Laura Pope, daughter of Mr. and Mrs. I. GREAT NUMBER OF BRICK

Will Be Required for the Paving Job Now in Progress, in Chester.

Unless something unlooked for occurs the street improvements in Chester will be completed on time. Contractor Freshwater now has his work well in hand, and it is being pushed with all possible speed.

W. A. Coates, of New Brighton, Pa., will lay the paving for the Rock Springs line and will be at work while Mr. Freshwater is. They will work in harmony. The paving will be much more solidly done if both the city's portion and that of the street car company is done simultaneously.

The amount of brick to be used in the improvement is 1,580,660. Mr. Coates will require 455,000, and Mr. Freshwater will use 1,125,660. Brick is being obtained from several plants on the New Cumberland branch, as it is impossible at this busy season for one establishment to turn out a sufficient number for Chester. Brick have been ordered for the street car company's portion, and Mr. Freshwater will place his order in a few days. Representatives of a number of brick manufacturing plants have been in Chester to submit samples of paving brick.

An endeavor will be made by Mr. Freshwater to get the best quality of brick possible. He expresses himself as determined to give the city of Chester an excellent improvement.

Excavating for the strip to be paved by the Rock Springs line has been done, and all that remains is to put in the gravel and lay the brick.

Engaged More Teams.

Contractor E. A. Freshwater yesterday engaged several teams and teamsters to take the place of the teamsters who refused to work for \$4 per day and held out for the customary price of \$4.50 per day. Mr. Freshwater said that he could get teams for \$4 and there came with morning a delegation of farmers from Pughtown with horses, harness, wagons and whips. They will do teaming. The contractor is still employing help and expects to have his job progress without any delays.

Thrown From a Buggy.

Miss Alice Evans was thrown from a buggy on the Fairview road Tuesday evening, and came near being killed. The horse she was driving ran off and the buggy overturned, throwing the occupant violently to the ground. She sustained numerous bruises and a badly sprained ankle.

Purchased By Freshwater.

Contractor E. A. Freshwater yesterday purchased two lots on the corner of Fifth and Indiana avenue from Wil-

Ham Severs, the consideration being \$1,800. Mr. Freshwater bought the ground primarily for the gravel that is on it, which he will use for paving. He considers it good property to own aside from the gravel. It is hinted that Mr. Freshwater, who now has a fine corner lot, may build on the property and make Chester his home.

In the Oil Fields.

Drilling for oil in Jefferson county in the vicinity of Yellow Creek continues. At Port Horner, H. C. De Selin has completed No. 9 on the De Selin farm and has a 15-barrel pump. In Beaver county, Lamberton & Strohecker have completed No. 5 on the Beck heirs' farm and have a small pump.

CHESTER NOTES.

FIXED A WELL ON SUNDAY

A Negley Man Was Sued for It But Acquitted By the Justice.

There is at least one man in Negley who does not believe in Sunday labor—not even that a man should wall up a well so that he might have a plentiful supply of Adam's ale. On Sunday, September 7, T. R. Wilson, of Negley, walled a well on his property at that place. He thought the work was a necessity. Joseph Clark, also of Negley, did not think that way, so he filed an affidavit charging Wilson with working at common labor on Sunday.

Wilson was brought before Justice E. L. Lyon to answer the charge. Wilson made his defense on the grounds that the work was a necessity. About 20 witnesses were examined. After hearing testimony Justice Lyon discharged the defendant.

SOME TRI-STATE EVENTS.

Michael Barnes, a farmer residing in Fulton county, Pa., near Buck Valley, committed suicide by placing a rifle between his feet and with the barrel against his head, pressing the trigger.

The fifty-second annual session of the Medical Society of Pennsylvania opened at Allentown, Pa. About 500 delegates were present.

At Crestline, O., O. F. Cook, a brakeman on the Pennsylvania railroad, was instantly killed under a cut of cars in the railroad yard. The accident occurred five minutes before quitting time.

Ex-Sheriff A. P. Pew, of Mercer county, Pa., received injuries in falling from a bridge while out fishing which caused his death a few hours later. He was a member of the Fifty-seventh regiment, Pennsylvania volunteers, in the Civil War. In 1875 he was elected to the office of sheriff. He leaves a widow and six children.

At Findlay, O., Peter Thompson, an umbrella mender, was arrested on the charge of attacking Jacob Hixenbaugh with a hatchet. Both were badly wounded in wrestling for possession of the weapon.

At Findlay, O., Thomas Schultz, a saloon keeper, was arrested on the charge of robbing Simon Hartman, a farmer, of \$140. Schultz alleges that Hartman tried to shoot him.

At Georgetown, O., Deputy State Fire Marshal Beardsley arrested James Burr, colored, on the charge of setting fire to a storage building, belonging to A. N. Bingham.

William Harlow, a Xenia, O., bartender, was fined \$200 and costs for keeping a place where liquor is sold. This is the first conviction for illegal selling in a year.

P. W. Tsein, a Big Four brakeman, of Dayton, was killed at Patterson near Bellefontaine, O. His head was crushed by the spout of a water tank.

Near Bellefontaine, O., the 5-year-old child of Frank Rose, a farmer, was burned to death by its clothes igniting from the stove.

Burglars entered the Eliwood, Pa., postoffice, pried open the front door, knocked off the knob on the safe and poured in a charge of nitroglycerin. The explosion blew off the door, but made so much noise that it was heard in the building, and the burglars had to make a hurried retreat. They stole a lot of stamps, but failed to get into the money box, which contained \$800.

The grand lodge of West Virginia A. O. U. M., at Wellsburg, elected officers as follows: Past master workman, G. M. Dulin, of Sutton; master workman, S. S. Folker, of Martinsburg; foreman, E. B. Clawson, of Sistersville; overseer, Charles Steinhauser, of Wheeling; guide, H. C. Owen, of Grafton; recorder, Frank Gruse, of Wheeling; receiver, Will Higgins, of Wheeling; medical examiner, Dr. G. Turkish Cemeteries.

Upon the graves of the dead in the Turkish cemeteries little vessels of water are placed for the benefit of the birds, and some of the marble tombs have basins chiseled out for the same purpose, the superstition being that birds carry messages about the living to the dead and, like everybody else in Turkey, are suspected of being spiteful unless something is done to curry their favor.

APPEAL BY AMERICA.

Hay Addresses Berlin Treaty Signatory Powers, In Behalf of Jews.

WANTS ROUMANIA CORRECTED.

Acts to Protect Hebrews and to Avert Peril Caused by Their Immigration to the United States—Petitioned to Act by Jewish Societies.

Washington, Sept. 18.—With the double purpose of protecting the long suffering Jews of the Balkan states and of averting the very present peril of the immigration into the United States of these paupers, unfitted through oppression to take up citizenship when they reach here and forced to come to the United States, as practically the only asylum open to them, Secretary Hay has adopted the unusual course of appealing to the powers of Europe to force one of their children to observe the obligations of humanity in case of the Jews. The appeal takes the form of a state paper, remarkable in several respects which has been dispatched in identical form to every ambassador and minister of the United States residing in one of the countries of Europe which were parties to the famous treaty at Berlin of 1878, namely Great Britain, France, Germany, Russia, Italy, Austria and Turkey, marking the termination of the Russo-Turkish war and the creation by the direct act of the powers of the independent Balkan states.

Because the powers are thus responsible for the existence of Roumania, the culprit in the case, the secretary of state has directed the note to them in the hope that they will bring this government to a sense of its duties towards civilization at large, as well as to cause it to ameliorate the frightful condition of the Roumanian Jews. In a measure this action by the department of state may be traced to numerous petitions from Jewish societies and humanitarians generally, as well as to the warnings of publicists, respecting the growing dangers of immigration of degenerates.

DOWN TO FACTS

Read What East Liverpool Citizens Say.

Get down to the facts of the matter. Don't take a stranger's word. It is easier to prove the truthfulness of statements made by citizens of East Liverpool than endorsement coming from some far away place. Read the following:

Mr. S. C. Hill, of Esther, Pa., carpenter, says: "For a year I suffered from pain across my back, difficulty with the kidney secretions and was naturally anxious to procure some treatment which would check it if not radically cure the trouble. Advised by a friend I procured Doan's Kidney Pills at the W. & W. pharmacy, and I want East Liverpool people to thoroughly grasp this fact before I used the entire contents of the box I was cured. To prove that my convictions were laid on solid foundation I have since purchased Doan's Kidney Pills. They cured him. Now when a preparation which cured me in the condition I was in and also my neighbor, a preparation which is held in such estimation in and around East Liverpool that an acquaintance of mine advised me through a newspaper statement to obtain it, when that preparation performs exactly what it promises what can be expected of any resident of East Liverpool suffering from kidney complaint who will not take advantage of his neighbors' experience and profit by his opinions."

Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no other.

Sold by W. & W. pharmacy.

BOXERS BESEIGE.

CHENG-TU-FU SURROUNDED BY THEM.

11 Converts Killed—Conger Presents

Letter of Missionary Canright to Chinese Foreign Office.

Pekin, Sept. 18.—United States Minister Conger has presented to the Chinese foreign office a letter from Dr. Canright, the American missionary of Cheng-Tu-Fu, describing the massacre of native Christians there in July. Dr. Canright says that 11 converts were killed by Boxers and that the local officials refused to take measures against the Boxers. The letter was written Aug. 2. The missionaries were then guarded by troops and were unable to leave the mission buildings except when escorted by soldiers.

Dr. Canright's recent telegrams say the situation is worse. The native papers declared the trouble is due to the collection of excessive indemnities for Christians on account of troubles of 1900 and owing to the Christians' arrogant attitude under foreign protection.

London, Sept. 18.—Cabling from Shanghai, under date of Sept. 17, the correspondent of the Daily Mail says that Cheng-Tu-Fu, capital of the province of Sze-Chuen, is surrounded by 50,000 Boxers, but that their attempts to take the city have so far failed. Without immediate help, however, Cheng-Tu-Fu must fall.

"A prominent Chinese merchant tells me," continues the Daily Mail's correspondent, "that if Cheng-Tu-Fu is taken, a rising in the provinces is inevitable. To further complicate matters the feuds between Protestant and Catholic converts are now worse than at any previous stage, and magisterial jurisdiction, in various matters, has been unwarrantably interfered with by priests and missionaries."

ROBBER WRECKED A BANK.

Demanded \$20,000—Dropped Bomb, Which Exploded—He Was Killed, Others Were Hurt.

Seattle, Wash., Sept. 18.—A special from Skagway, Alaska, yesterday, said:

About 3 o'clock yesterday afternoon an unknown man walked into the Canadian Bank of Commerce, a revolver in one hand and a dynamite bomb in the other, and demanded \$20,000, threatening to blow all into eternity.

Cashier Pooley and Teller Wallace were the only two men in the bank. Wallace ducked to get his gun and ran quickly to the back of the room, calling for Pooley to do the same.

"No, you don't," yelled the man, and dropped the bomb. The clerks had just gotten out of the window. The bank was wrecked. The robber's head was smashed and one arm was torn off. People living above the bank were blown into the air.

Judge Price, formerly prosecuting attorney, who was entering the bank at the time, was hurt, but not seriously. The dynamite died without regaining consciousness. The bank lost about a thousand dollars, chiefly in gold dust, which was lying on the counter.

TWO CHILDREN ASSAULTED.

Dogs Followed Trail to Room of Roth, at Hamilton, O.

Hamilton, O., Sept. 18.—A brutal assault upon two little girls, aged 5 and 6, daughters of Charles H. Motzen, has caused intense excitement.

According to the story of one of the girls, a stranger Tuesday entered their room with candy into an alley and when they tried to get away he seized them both by the throats and dragged them to a lot overgrown with high weeds. He struck one on the head with a blunt weapon and cut the head of the other.

When the outrage became known several hundred citizens began a search. Bloodhounds led to a house occupied by Joseph Roth, a gardener. He was arrested, but vigorously denied any guilt. One of the children is not expected to live. The dogs went over the trail house and went up a stairway to Roth's room.

A WASHERY BURNED.

The Fire Was Alleged to Have Been of an Incendiary Origin.

FOUR PROWLERS WERE CHASED

Watchman Declared He Drove Them

From Premises, Just Before He Discovered Fire—Third Scranton, Pa., Washery Burned Since Strike Began

Scranton, Pa., Sept. 18.—The Taylor Coal company's washery, in North Scranton, was totally destroyed by a fire which started at 12:30 o'clock this morning. It is alleged to be of incendiary origin. The watchman declared that he chased four prowlers from the premises just before he discovered the fire. The washery has been in operation for a month. This is the third Scranton washery destroyed by fire since the strike began. There was never a washery destroyed by fire before the strike.

STRIKE TO SOON END.

ONE OF LARGEST MINES ABOUT TO YIELD.

Others Will Follow the Example.

Such Report Received in Chicago.

Chicago, Sept. 18.—Word was received last night in Chicago from Henry Weaver, of the Weaver Coal company, who is in Buffalo, that the anthracite coal strike will soon come to an end; that one of the largest mines in the heart of the disturbed district in Pennsylvania is about to give in to the strikers and that other mines will directly follow the example of the leader. C. F. Ferguson, private secretary to Mr. Weaver, received a long telegram from Buffalo, stating the case, and the announcement was authorized by Mr. Weaver through Mr. Ferguson in Chicago.

"The big mine which Mr. Weaver refers to," said Mr. Ferguson, "will be in operation within a week. The owners of the mine, which is one of the largest in the affected district, realize that the settlement which is bound to come cannot be put off any longer, as the big strike has now come to a crisis, and affairs have gotten to such a serious point, the effects are so widespread and dire, that the settlement must come promptly. Mr. Weaver was assured that the mine would be working again within a week."

"Of course, the other mines will follow the example promptly and the public can look forward to a settlement of all of the difficulties within a short time."

ROCKEFELLER'S HOUSE BURNED.

John D.'s Residence in Westchester County, N. Y., Destroyed.

Tarrytown, N. Y., Sept. 18.—The residence of John D. Rockefeller, at Pocantico Hills, Westchester county, was destroyed by fire last night. The building was burned to the ground. The fire is supposed to have started from crossed electric wires.

None of the family was at home and the blaze was discovered by some of the servants working about the place. The fire department of North Tarrytown and Tarrytown responded to telephone calls, but lack of water prevented the building from being saved. The firemen and servants, however, got out a great portion of the valuable furniture. The estimated loss is \$40,000. It was occupied by the Rockefellers pending the erection of the new house which Mr. Rockefeller has been planning to build nearby.

OVER 1000 DIAMOND DRILL HOLES

have been drilled on this section of the company's property, the records of which fill 26 volumes. The last geological survey was made by that eminent geologist, Prof. James E. Mills, and required one year to complete. There are now 5 shafts on the property, a concentrating plant, calcine ovens, smelting furnace, refinery, machine shops, tramways, and in fact a complete equipment in every respect. Only 20 acres have been worked and \$150,000 annually produced. Orders have been placed for additional machinery, which upon installation will increase the production to

\$500,000 ANNUALLY

It is the object of the MINE LA MOTTE LEAD AND SMELTING CO., to continue this development work on such a scale so that in comparatively short time this property will be known as THE GREATEST LEAD PRODUCING PROPERTY IN THE UNITED STATES.

8,000 ACRES are under cultivation and 2000 acres fenced off for stock raising purposes. 223 Tenant Houses, 50 Farm Houses, all of which yield the company a regular income as they are leased to thrifty farmers and workmen. The demand for houses is greater than the supply.

DIVIDENDS WILL BE DECLARED QUARTERLY AT THE RATE OF 8 PER CENT. PER ANNUM ON THE PAR VALUE.

The policy of the company is to increase the dividend rate as rapidly as the added equipment increases the earning power of the company.

CURES WEAK MEN FREE.

Insures Love and a Happy Home for All.
How any man may quickly cure himself of weakness, loss of vitality, night sweats, varicocele, and all other small weak organs to full size and vigor, simply send your name and address to the Knapp Medical Co., 738 Hall Building, Detroit, Mich., and they will gladly send free receipt with full directions so that any man may easily cure himself at home. This is certainly a most generous offer, and the following extracts taken from their own mail show what men think of their generosity.

"Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test, and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."
"Dear Sirs—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sirs—Yours was received and I had no trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, mailed in plain, sealed envelope. The receipt is free for the asking and they want every man to have it.

Troops to Leave Today.

Charleston, W. Va., Sept. 18.—Governor White determined last night to call in the troops still on duty in the New River coal field, and they will leave for their homes today. Every thing was quiet yesterday and many men went into the mines to work. Most of them, however, were men who had been brought from outside points.

A Medicine for Children.

Mothers as a rule are rather skeptical as regards the kind of medicine they give their children, and usually rely upon some old family recipe handed down by their forefathers. Now, human nature is different, and requires more modern treatment, yet the old practice of ministering roots and herbs still holds good, but medical research of necessity has been obliged to delve deeper for something that will more adequately combat the present causes of disease. This need has been discovered to an admirable degree in Wright's Colic Tea, a perfectly harmless, safe and pleasant remedy which can be given to children with implicit confidence and most gratifying results for all the ills of childhood. 25c and 50c.

Harrisburg, Sept. 18.—The board of pardons yesterday recommended a pardon for Della Welsh, Allegheny, common larceny. Among pardons refused were these: James Artz, Lawrence, arson; William Fox, Fayette, arson; William Meyers, Allegheny, burglary; and John Joslitt, Washington, manslaughter. A rehearing was granted in the case of Elizabeth Natcher, Allegheny, larceny.

ANOTHER DEFEAT FOR JAMESTOWN

The New Yorkers Distinguished Themselves by Ability in One Direction Only.

ABUSE OF THE UMPIRE

Appears to Be a Part of Their Stock in Trade—Sutch Helped the Visitors And Pitched Well—The Score Was 12 to 10.

Once more the Jamestown bunch fell before the locals. The News Yorkers' ability as ball players is now considered to be on an equal with Hooks-town. But when it comes to their ability as kickers and hard losers, Baltimore must take a back seat. It is too bad that they cannot afford to carry an umpire—one that would play to their whim and fancy. Of them it can be truly said that home training crops out when abroad. Had they not been used to getting the earth they would never raise such outrageous kicks. Umpire Maag did work that deserves nothing but commendation. And a gang that will object to Maag's decisions has little regard for fairness. It is an impossibility for an umpire to render decisions that will always meet with the favor of everybody. Maag is only human. He makes mistakes. But no one dares say that he does so intentionally. One decision, over which there was so much debate yesterday, was, to the minds of most of the fans, not square. Maag meant it to be so. He saw Emmerling cross the plate. He did not see the catcher touch him. That should have settled the dispute. But it did not. That band of Indians saw the chance for a demonstration and they took advantage of it. It did then little good, however.

Everybody was certainly guessing at the end of the first inning. All had heard of a local twirler, late of Pennsylvania, who was going to help the visitors out, but none had seen the young man deliver them. His name is Sutch a pretty one. Mr. Sutch fooled them all. Why he was taken out and succeeded by Folger is more than the locals can understand. It must be admitted that he did better work during the three innings that he pitched than his successor. It was not his fault that the locals scored five runs in the second inning. They rapped him for three hits, but had his support been only half what it should have been, he would have held the runs down to three. An error by Russell and one by Peiper were far more disastrous than the hits that he allowed. Folger must have a great stand in with the manager, he walked so officiously into the box at the beginning of the fourth. His head was a notch lower at the end of the ninth. The way that the locals pounded him was really a shame.

Center field is a position that a man can play for weeks and never have a chance to show his real worth. That Chick Reark is full of sensational catches is acknowledged by every fair minded fan. He is like all of the rest of them though. He does not have very many opportunities. But when he does have them maybe he don't accept them with alacrity. The lightning-like run of his in the fourth when he covered more ground than has been skinned this year and pulled one down gave rise to loud applause. His plays are encased as no other man's in this vicinity. Chick is a general favorite and will remain one.

Bib Webb accepted them as fast as the visitors saw fit to give him a chance. His errors were very hard ones to prevent, and even if they had not been, his acceptance of the other eight was enough.

Rising was right in it. One run, two hits, four putouts, one assist and one error.

Reilly made an error and was se-

OHIO MOUNTAIN MISBEHAVING

Emitting Smoke and Sulphur—Slate Inside Hot.

Bainbridge, O., Sept. 18.—People living in the Paint Creek valley are alarmed over the appearance of smoke and sulphurous gases from Copperas mountain, which can be seen from this place. Ever since the first eruption of Mont Pelee smoke has issued from the mountain at intervals, but only within the past few days have the smoke and gas become especially noticeable, and many attribute it to the recent eruptions in Martinique.

Investigation shows that the slate in the mountain has become hot and some of it has become a dull red from the action of the heat. The smoke issues from the side and not the top of the mountain, and scientists will be asked to make a thorough investigation.

HENDERSON REMAINS FIRM.

Even Refused to Reconsider, at President's Request—Others Sent Telegrams.

Dubuque, Ia., Sept. 18.—Speaker Henderson received a number of telegrams yesterday, asking him to reconsider his declination of the congressional renomination.

The following was the telegram received by Speaker Henderson from the president:

"Oyster Bay, Sept. 17.

"Most earnestly ask that you reconsider your determination not to run."

(Signed) "Theodore Roosevelt."

Replying to these telegrams, the speaker further explained his action adhering to his position. He gave positive assurance that there was no danger to the third district that Governor Boies is a very weak candidate, that the Republican candidate will be elected, and that he will do what he can to insure his election.

After these assurances the speaker said he must decline to reconsider his withdrawal.

LITTLEFIELD FOR SPEAKER.

Will Be Candidate, If Henderson Persists In Retiring.

Boston, Sept. 18.—Congressman Charles B. Littlefield, of Maine, yesterday informed the Globe that he would be a candidate for the speaker

ship of the national house in event of Speaker Henderson persisting in his refusal to accept the nomination from the third district of Iowa. Congressman Littlefield is visiting here and will leave today for Pittsburg.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

A Son Born—A son has been born to Mr. and Mrs. Frank Beatty, of Sheridan avenue.

Pleasing Musicale—Miss Goldie Weaver entertained a number of friends at her home on Washington street with a private musicale last evening.

Pleasant Party—Yesterday a number of East End young people enjoyed a very pleasant time at Columbian park. Dancing was the diversion of the evening, and a number of out-of-town guests were present.

A Lemon Party—Miss Eve Whittemberger, of this city, has issued invitations for a lemon party, on Sept. 24. The event is the anniversary of Miss Eve's thirteenth birthday, and the guests are to wear on that evening a suggestion of the lemon club, about their attire.

Back From Europe—Word has been received in this city that Mr. and Mrs. Arthur Hill, who have been spending several weeks abroad, sailed yesterday from London, England, for America. They are expected to arrive in East Liverpool in about a week. During their travels Mr. and Mrs. Hill had the pleasure of witnessing the coronation of King Edward VII.

Visiting the Salvationists—Col. Holtz, of Cleveland, chief division officer of the Ohio, Kentucky and Southern district of the Salvation army, will arrive in this city this afternoon and will address a public meeting to be held in the local barracks on Fourth

street this evening. Col. Holtz comes here to transact important business connected with the local corps' building project.

A Musical Treat—One of the most interesting events of the school term occurred yesterday morning in the High School chapel. Miss Goldie Weaver, a former high school student and graduate played yesterday for the chapel exercises, after which she rendered several classical selections in a very pleasing manner. Miss Weaver's music was received with great enthusiasm and much appreciation by the students and faculty.

At the Lisbon Fair—C. G. Anderson, Will Lewis, Sam Burrows, Joe Magill, Lida and Sadie Wolfe, Mark Bough and wife, Arthur Thomas, Frank Dick, W. L. Timmons, James Nagle and lady, Ed Davidson and wife, George Murphy and wife and two daughters, Charles and John Martin, James Welch, wife and daughter, Wilson F. Smith, wife and son, Harry Caton, George Grosshans and daughter, Dick Kerns, Mrs. George Goppert, G. P. Schmidt and wife, Rit Meanor, John Hall, John Wood, Sr. and wife, G. W. BIG NEW INDUSTRY TO BE ESTABLISHED IN COLUMBIANA COUNTY

Company With \$300,000 Capital to Operate
Terra Cotta and Tile Plants
at Negley.

According to a dispatch from Pittsburgh, this county is to have a mammoth clay plant. The dispatch says: "A certificate of incorporation was filed yesterday, at Dover, Del., for the Columbiana Clay Manufacturing company of Pittsburgh, to mine, mill and deal in clay and other minerals for the manufacture of tiling brick, etc. The incorporators are: H. J. Lawrence, Pittsburgh; Daniel C. McCurdy, Sheraden, Pa.; Louis T. Farr, Rogers, O. The capital stock is given at \$300,000. Lawrence was formerly traffic manager of the Pittsburgh Coal company, and is understood to be one of the heaviest investors in the new corporation, which will build a big plant for the manufacture of terra cotta, brick and sewer pipe at Rogers, Columbiana county, O., on the line of the Pittsburgh, Lisbon & Western railroad. Other Pittsburghers are interested. The company has already secured large holdings of valuable clay lands about Rogers, and work on the new plant will begin before the winter sets in. The company has not yet organized, but its central office will be in Pittsburgh. Lawrence will be its president."

The only error in the above is that the plant will be at Negley, not at Rogers. An attempt was made today to talk with Attorney Farr at Rogers, but that gentleman was absent. From other reliable sources it has been learned that the purpose of this company is just as represented in its charter. Mr. Farr and his associates have control of between 600 and 700 acres of valuable clay beds along the railroad in the vicinity of Negley, and these are to be developed at once. The company will not start business upon a large scale at the start, but will branch out on a larger scale after commencing business. There were at one time numerous clay plants in the vicinity of Rogers, and many of these have been closed for years. There is also a good sized clay plant at Rogers, which has been in operation for several months, and which is now doing a good business. Not long ago the owners of this plant were asked for a price on this property, and they were accommodated.

Persons in this city connected with the Rogers company state that at the time the price was asked upon the plant, it was not stated whom the figures were for. Since the new company has been incorporated, it is believed it is the intention of the stockholders to purchase the plant at Rogers at once and continue the business as the present management is doing. Among others who are interested in the new company are said to be A. C. Powers, a prominent coal operator at Negley, and Mr. Mansfield, of Rogers. The location of these clay beds at Negley could not be better adapted for manufacturing purposes. The mining of the clay is one of the main matters considered when a new clay plant is started. It is intimated that the new company will commence business in a very short time, and it is understood, may buy clay plants in the vicinity.

MOST IMPRESSIVE CHURCH WEDDING

Miss Aeola Crites and Daniel T. McCarron Married at St. Aloysius' Today.

A VERY LARGE ATTENDANCE

The Ceremony, Performed By Rev. T. M. Smyth, Assisted By Father Mahan, One of Extreme Beauty—Both the Young People Are Popular.

Very impressive and elaborate was the marriage of Miss Aeola Crites and Daniel T. McCarron, conducted by Rev. Father Thomas M. Smyth, assisted by Father T. F. Mahan, at St. Aloysius' church, this morning at 8 o'clock, in the presence of several hundred friends and relatives.

Promptly at the appointed hour the bride, truly a picture of loveliness, dressed in an elegant gown of white and leaning on the arm of the groom, who wore a black traveling suit, alighted from a carriage at the church entrance, and to the appropriate march of Mendelssohn, gracefully entered. Preceded by the bridesmaid, Miss Elizabeth McCarron, a sister of the groom, and Thomas J. Duffy, the best man, both presenting a striking appearance, the couple marched to the altar and were there immediately united in marriage.

Following the nuptials the usual beautiful ceremony in connection with a marriage in a Catholic church was carried out. Father Mahan, assisted by Miss Elizabeth Lutheran, leader of the choir at St. Paul's cathedral, Pittsburgh, and a singer of merited reputation, sang high mass. The church choir and others also assisted in this part of the service, making it abound with music of the highest order.

The church was handsomely decorated, and the candle illumination was particularly effective.

At the conclusion of the services, which will long be remembered by all present as being one of the most notable events in the history of St. Aloysius' church, the happy couple, together with the bridesmaid and the best man, repaired to the carriage and were borne to the home of Frank Crites, brother of the

bride, on Sixth street, where a sumptuous and delightful wedding breakfast was enjoyed. On the noon train departed the bride and groom for a two weeks' honeymoon in eastern cities, among which will be Washington, New York, Philadelphia and Boston. Returning they will go immediately to housekeeping in a residence recently purchased on Seventh street by Mr. McCarron.

Mrs. McCarron is one of East Liverpool's fairest young ladies. She is held in the highest esteem by all and has the accomplishments necessary to fill a married life with continuous happiness.

Mr. McCarron is a life long resident of the city and has always borne an unimpeachable reputation. He is considered one of the city's best young men. As bookkeeper and a member of the board of directors at the Dresden pottery he has gained the confidence of all as a business man of sterling worth. Both have the best wishes of hosts of friends for a long life of uninterrupted enjoyment.

HUSBAND ARRESTED

Mrs. Gastavus Craft Had Her Helpmeet Hurried to Central Police Station.

Because she had completely exhausted her patience in trying to live with her husband, Mrs. Gustavus Craft applied to Officer Fisher in the East End last evening and prayed that he come to her home and either pacify her unruly helpmeet or take him away—she did not care where. The officer upon arriving at the home found the man in a drunken state, entirely too far gone for argument and he hustled the inebriate off to central police station, where he now awaits a hearing before the mayor, who is attending the Lisbon fair.

Craft, it is alleged, is a periodical boozier, and when on one of his sprees is very brutal. Mrs. Craft has long had the sympathies of the residents in the vicinity of her home, and all gave a sigh of relief and satisfaction when they saw Craft in the hands of an officer.

Agreeably Entertained.

A very pleasant season was spent at the home of Mrs. Dr. W. A. Hobbs, on Fifth street, by a number of friends last evening. The guests were invited and entertained in honor of Mrs. Hobbs' guest, Miss Grace Gould, a most estimable young lady who is well known in this city.

MISS MAUDE ADAMS.
America's theatergoers regret exceedingly the failure of the health of Maude Adams, probably the most popular of our stage favorites. Miss Adams has gone to France in search of health and all of her future engagements have been canceled. It is believed that her breakdown will be only temporary.

IMPORTANT POINT HAS BEEN SETTLED

Mayorality Candidate Need Only
Be an Elector to Be Qualified for Office.

SALEM AND WELLSVILLE

Can Now Breathe Easily, As It Is Decided They Will Continue as Cities. Ping Pong as a Gambling Game Under Legislative Ban.

From a Staff Correspondent.

Columbus, Sept. 18.—The house code committee, among other things, has decided that any person who aspires to be mayor of a municipality may be elected to such a position, provided he is a duly qualified elector. The clause requiring a five years' residence as eligibility to serve in such a capacity was cut out altogether. The members pronounced it an utter absurdity. Cole, of Hancock, showed its fallaciousness when he explained that a number of municipalities which would be governed under the new code would not be five years old when it became effective. The senate adopted an amendment requiring a three years' residence for mayors, and the matter will have to be settled in joint conference. The house will probably insist that the residence feature be kept out, and if this is agreed to Mayor J. B. Baker, of Salem, will have a legal right to be a candidate to succeed himself. The house committee also eliminated the residence feature for councilmen, the only restriction imposed being that the members must be electors. The committee has decided that the mayor shall have vote power.

Salem and Wellsville are practically certain of remaining cities. The senate, yesterday, after long discussion, fixed the line of demarcation between cities and villages at 5,000, and it is believed the house will concur. Senator Harding, Marion, and Senator Archer, Belmont, offered amendments to make 15,000 and 10,000 respectively the mark, both being defeated by an overwhelming vote. Archer's amendment received but one vote—his own.

Senator Harrison will introduce bills prepared by State Librarian C. B. Galbreath, of Columbiana county, providing for city and public libraries. It is proposed in these measures to create as little disturbance as possible in the present management of these institutions. Senator Riffin offered an amendment removing the control of public libraries from the board of public service in order that a separate board may be created for them, and this was agreed to by the senate. This opens the way for the introduction of bills dealing on the library subject prepared by the state Librarian. Caution will be exercised so as not to interfere with the operation of libraries which have received bequests from private parties. The house code committee is working out a scheme for the care of such institutions. It has adopted a resolution authorizing council to levy a tax for the maintenance of libraries and hospitals.

Senator Connell announces his intention of looking out for the interests of the Carnegie library at East Liverpool, and he is desirous of receiving

HOW IT STRIKES THE NEWSPAPERS

A Variety of Comment on the
Work of the Alliance
Convention.

THE DEMOCRACY IS DAZED

According to a Report From Youngstown And Unable to Figure Out Whether It Is Tending—Good Words for Mr. Duffy.

Speaking of the Democratic congressional convention at Alliance, the Review of that city says:

Had they adopted the resolutions of the Labor party and stopped there, it would have been well, but they went farther and adopted all the Democratic party is, and all that it hopes to be, and made a sandwich of the two with the Labor resolutions between.

No wonder the old wheel horses of Democracy shook their heads and said no, preferring to go down to defeat with Democratic colors flying rather than into a political grave which was dug for them by Bonsall, Bell and company. Some of the delegates made a heroic fight against such hasty action in the committee rooms, but were hushed in open convention that a semblance of harmony might appear.

When the convention adjourned they did not know whether they had a candidate or not. They did not know whether it was Duffy, the Democrat, or Duffy, the Labor candidate, or what they had done. This much they knew, that if it was the former, the large majority of the Labor vote was lost, and if it was the latter, the Democratic vote would not be controlled. They were between the "devil and the deep sea," and they did not know which way they were going.

Duffy played his part of the drama well. He did not commit or compromise himself. He simply thanked them for the honor and begged to be silent for a time. A party is in bad repute when it has to beg a man to accept of a nomination at their hands who has allied himself to another party. It is a slap in the face to men of intellect within the ranks who have been through campaigns without number unrecognized. It is to nominate a Labor man upon a Democratic platform, by a party which, if in power, would bank every furnace and jeopardize every workshop in the land. It is a scheme for power, covered with a veil so thin that every workman can see through it and see Democracy enthroned beyond.

November will tell the story. You can fool some of the people some of the time, but you can't fool the honest, hard working, laboring classes, whose wages today are higher, than ever before, into the belief that they need a change, and that the Democratic party is to be their Moses. The grand old Republican party has been their friend in the past, is today, and will continue such in the future.

It would have flavored of the same consistency if this same convention had adopted resolutions that the Democratic party had always been the champion of the cause of temperance and sobriety and as such endorsed the platform of the late Prohibition convention, and attempted to form an alliance with that party, as to have

POISON ENDED THE LIFE OF WELLSVILLE WOMAN EXTREMELY SUDDENLY

Mrs. Thorn, Wife of Chief of Police, Took Strychnine Either By Intent or Accident and Died.

Mrs. Margaret Thorn, wife of Chief of Police Henry Thorn, of Wellsville, died of poison this morning at 6:30 at her home at 928 Coal street, in that city.

From what can be learned, it seems that shortly after 5 o'clock Mrs. Thorn got up and after waking her children went about her household duties in the usual manner, and shortly before 6 o'clock she was taken suddenly ill with a severe headache and immediately took a powder to relieve the pain. The powder must have failed to do any good, however, as she is thought to have soon afterwards went to her pocketbook taken a strychnine powder of three grains which she had enclosed in her purse.

After taking the powder she went out staggering as she walked, the terrible poison having taken partial effect. While walking in this manner she was seen by Mrs. J. S. Blackburn, a near neighbor, who immediately ran to her assistance. Mrs. Blackburn stated that she asked Mrs. Thorn what the trouble was and received this reply: "I have swallowed strychnine and thought it was a headache powder."

Mrs. Blackburn at once ran for cold water and after bathing Mrs. Thorn's face with it went to the house and being assisted by Mrs. Thorn's daughter, Edna, who was by that time aroused to the situation made an emetic out of mustard and other materials and gave it to Mrs. Thorn, who by that time was in a very bad condition.

Dr. Holland was then called at once and arrived promptly, but too late to save the unfortunate woman. During all of this time Chief Thorn was asleep in bed, not having been awakened by anyone, but when finally aroused and having learned of the tragedy he completely broke down. Dr. Holland stated to a reporter that the powder which Mrs. Thorn had swallowed contained enough strychnine to kill six ordinary persons. He has the paper and pocket book in his possession. The paper containing the powder was marked with a big red label as "poison." It was purchased at a pharmacy in Irondale. It is thought that Mrs. Thorn got the powder at the home of her mother in Jefferson county, near Irondale, and put it into her own pocketbook so no one else could use it. Mrs. Thorn had not been despondent nor had she shown any signs of wanting to commit suicide. It is hard to tell whether she really meant to kill herself or whether her action was purely accidental. She is known to have said to her daughter a few days ago that if anything happened she could find certain valuables and other things at a certain place in the house.

Mrs. Thorn was 42 years of age, a member of the First M. E. church of her city. She leaves besides her husband, a son aged 15 years and a daughter aged 17 years. Mrs. Thorn was married June 20, 1884 and has lived in Wellsville ever since. No funeral arrangements have yet been made.

THE QUESTION OF AUTHORITY

In Forming New Organizations
Was Up in Trades Council
Last Night.

ORGANIZER WAS PRESENT

Delegates Selected to the Annual Convention of the Ohio Federation of Labor—Several Other Important Matters Disposed Of.

The meeting of trades council was enlivened last night by a discussion of universal interest to the unionists generally.

Several weeks ago the international officers of the Bartenders' union addressed a letter to the council asking it to assist in the organization of a branch of that trade here. The matter was referred to the organization committee, and Chairman Cope performed all the work necessary to secure a charter. A part of the paraphernalia has already been received by the new union, but it is not yet in shape to have its members obligated. Acting under authority from the head officials of the bartenders, it was Mr. Cope's intention to administer the obligation next Sunday.

J. J. Weisend, a local contractor in the carpenter business, who was at one time a member of trades council, was present at the meeting, and upon being given the privilege of the floor, stated Mr. Cope had no right to obligate the members of a new union. A lengthy discussion resulted, at the conclusion of which the chair stated the trades council and the headquarter's officers of the bartender's union had the matter in hand at the present time. When they proceeded to a point where their authority expired the aid of the A. F. of L. would be asked. Charles Kontiner, had received his commission as organizer from the American Federation, and if it became necessary for the work to be done by an official from that body, Mr. Kontiner would undoubtedly be called upon.

Miss Dessis Beaver, from the laundry workers' and Edward Moulter, of the bakers' organization, were the new

FOOT CAUGHT UNDER CAR AND
TWO TOES WERE LOST.

The Accident Rendered Amputation
Necessary—Lucky Escape From
Worse Fate.

While attempting to board a South Side street car on Third street this morning at about nine o'clock, James S. Hilbert, of the firm of Geo. H. Owen & Co., met with a distressing accident and as a result will be confined to his home on Pennsylvania avenue for several weeks.

Mr. Hilbert intended going over to Chester on business and when he saw a street car approaching stepped out into the street, but not at a regular stopping place and notwithstanding that the motorman beckoned him to go to the corner he made a jump for the car, his feet falling on a slippery piece of iron, a protection on the running board, throwing him partly under the car. That the car wheels simply ran over his left foot is considered very lucky.

Not realizing how badly he was injured he walked up Fourth street but there the foot commenced paining him to such an extent that he walked into Rex & Dean's office and Dr. O. D. Shay was called.

The physician discovered that the big toe and the one next to it were crushed so badly that amputation of former at the first joint and the latter at the second joint was necessary.

WITH THE WORKMEN IN THE CLAY PLANTS

MANY MEN ARE NEEDED.

Men are needed by the manufacturing potters of this city, and many of them. Never before in the history of the pottery industry in this city were the manufacturers so short of help as at present, so it is claimed by more than one manufacturer. From mould runners to kilnmen and decorators this shortage extends, and the conditions are becoming alarming. The shortage of kilnmen seems to be the most serious problem confronting the manufacturers at present. Hardly a day passes that one does not hear of a kilnman leaving the trade to seek other employment, and possibly going into business for himself. The ranks are broken, and no apparent attempt is being made to fill them. Not many apprentice kilnmen are being advanced to a higher grade, and one manufacturer is quoted as saying that this in a measure is right unless the individual has served his full apprenticeship. As kilnmen dislike to see an apprentice advanced to a journeyman kilnman without first serving his full apprenticeship, as was done when he was an apprentice kilnman and was compelled to serve his full time. But another phase of this matter is that conditions of the trade this year are unlike those of former years, and as the ranks are being depleted, something must be done to fill them. In one kiln in a river pottery a shortage of from 6 to 12 kilnmen is said to exist. This shop is one of the largest in the city, and the kilnmen are needed badly. A representative of this firm recently said that several of their kilnmen had left their shop to enter other business enterprises, and they have been unable to fill their places. Manufacturers ask: "What is to be done?" All over the city they claim that the shortage of kilnmen exists, and owing to this fact more than any other, shipments are much hampered. In the clay department there is also a shortage of help, from the mould runners to the jiggers, pressers and finishers. In the decorating department a shortage of experienced help is also evident in some shops. The ranks of the pottery workmen are to be filled, and the sooner this is done the better.

It might be well to ask just here, why is it that there is such a shortage of pottery help in this city? Time and time again has this question been answered in these columns. Many potteries are being built in the outside district. There is the whole cause in a nut shell. Just as long as potteries are built in other towns in close proximity to East Liverpool, just so long will help become scarce in this city. Nothing can stop this condition of affairs. Take for instance, the new pottery that is in course of construction at Salineville. It is quite within reason to believe that all the help that will be employed at that pottery will be taken from the local potteries.

Where else is the firm to secure its help? Already people have been applying for positions at this shop. Gamble Peterson, a well known kilnman will have charge of the glost crew at this shop, and Mr. Peterson will surely take a complete crew from the shops of East Liverpool. Then there will be move vacancies to fill. Jiggersmen from this city will be found at the new pottery at Salineville, and likewise other workmen. Still other ranks are broken. Take the new Canonsburg pottery. There are employed there no less than 25 operatives from this city. In Barberton, many local workmen are found. Then there are the shops at New Castle and Peoria, and the new shop that is in course of erection at Derry. This city appears to be the reservoir from which the out-of-town manufacturers desire to draw their help. In fact, they not only like to do this, but do it every week. Just a few days ago George Wilcox, of the Summit China company, at Akron, was in the city looking for a supply of kilnmen. How successful he was, Mr. Wilcox can tell better than anyone else. Something will have to be done. Apprentice kilnmen will have to be advanced to journeymen, and apprentices in other departments will also have to be advanced. This is the only way in which the depleted ranks can be filled, and the sooner this is done the better for all concerned.

THE JIGGERMEN'S COMMITTEE.

According to a statement made today by a member of the committee which was appointed at a recent meeting of Jiggermen's local No. 12, to try to form a limit to a day's work, the committee will not be able to make its final report for a month at least. The committee has appointed sub-committees, and few if any of these latter committees have made a complete report to the main body. Until this is done, no final action can be taken by the main committee or by the local. The member in question is also quoted as saying that it was possible that no limit would be established, at least for a few months. It is also understood that some jiggermen are averse to having a limit placed upon their day's work, and this seems to be the only drawback to having a uniform day's work arranged for the jiggermen. As the matter now stands, no one can tell just what the outcome will be.

SOME FROM CANONSBURG.

It may be interesting to many of the operatives in this city to learn how many, and who are the East Liverpool people employed at the Canonsburg pottery. The following list and occupation followed by East Liverpool people at this shop has been furnished this paper: John Weingartner, big jigger; Paul Sedie, jumbo; William Maley, 7 inch; Charles Wolf, 5 and 6 inch; Hugh O'Donnell, fruits; William Dearth, bowls; H. Adis, cup;

"I wrote to Dr. Pierce for his advice."

The lady, from whose letter we quote, got what she wrote for, and is a well woman to-day as a result of following Dr. Pierce's advice and using Dr. Pierce's Favorite Prescription, the medicine which makes weak women strong and sick women well. "Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. Sick women, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I can truthfully say that Dr. Pierce's Favorite Prescription is a wonderful medicine and deserves the praise given it," writes Mrs. Emma Spooner, of Lakeview, Montclair Co., Mich. Box 28. "I was sick four months, and the medicine prescribed by the doctors did me no good. Finally I wrote to Dr. Pierce for his advice. He answered in a very kind letter instructing me what to do. I followed his advice and to-day am a well woman, thanks to Dr. Pierce."

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

Walter Ohlman, saucers; Richard Jackson, Edward Jackson, Kelly Huntsman, Charles Nelson, stickers; James Ward, cup handler; Irvin Campbell, kiln fireman; Homer Shaffer, William Fortune and Benjamin Welch, pressers; Dennis O'Donnell, making handles; biscuit kilnmen, Geo. Brockway; setting out, James Darrah, Jack Carney; packer, Val Brown; two mould runners named Tolin and Murphy, from East Liverpool are also employed at this plant.

Mr. Shaw, the chief bookkeeper of the Canonsburg pottery, is spending a two weeks' vacation at Atlantic City. Two new arrivals at this shop from East Liverpool are Ben Welch, a presser, and Jack Carney, a kilnman. They arrived there a few days ago. Business at this shop is increasing and increases are also being made in many departments.

TEMPORARY ORGANIZATION.

A meeting of the kilnmen, kilndrawers, oddmen and dippers employed at the Laughlin plants, No. 2 and 3, was held at noon yesterday when a temporary beneficial association was formed. The meeting was well attended, and a large membership for the association is assured. Various plans were talked about, and the by-laws and constitution of the National Pottery association were read. A committee composed of Allen Hayes, Richard Baxter, Thomas Wolf, Edward Davis and Marion Flick, was appointed to draft a constitution and to solicit members, and make a report at the next meeting, which will be held Monday next at noon. Joseph Pollock was elected temporary chairman of the meeting yesterday, and he will continue in office until permanent officers are elected. There is no question now about the association being formed, and its success is already assured.

A ZANESVILLE STRIKE.

Sixteen kilnmen employed at S. A. Weller's pottery, at Zanesville, went out on a strike Monday morning and so far no satisfactory agreement has been reached. The men are still out and according to the statement of one of the strikers there is no prospect for an immediate settlement. The men had been working piece work and it is maintained by the strikers that the company did not abide by the contract. They say the superintendent demanded that they place more ware in the kiln than is expected of them and more than is required by the contract. The strike of the kiln hands has not materially interfered with the running of the plant so far. It is to be hoped that a speedy adjustment will be forthcoming as the trouble is not a matter of wages but a misunderstanding regarding the contract.

BOUGHTON LEAVES BURFORDS.

O. H. Boughton, who has been in charge of the packing department of the Burford pottery for quite a time, severed his connection with that firm yesterday, and next Sunday he will preach his first sermon in the Fairview circuit, which was assigned him at the last meeting of the Pittsburgh conference of the M. P. church. The packing shed at the pottery will be placed in the hands of a son of Mr. Boughton. The firm has received many applications for the management of this part of the plant, but arrangements had been made as to who would have charge of the shed many weeks ago.

DEMOLISHING OLD KILNS.

Work has been in progress for several days at the Wallace & Chetwynd

pottery, demolishing the old decorating kilns. When this task is finished the company will at once commence the erection of two new kilns to take the place of those that are now being torn down. When these kilns are completed the decorating kiln capacity of this plant will just be doubled. The East Liverpool Potteries company is having an excellent run of orders from the ware made at this plant, and as soon as the decorating kilns are finished will be able to turn out more decorated goods. It is thought that additions will be made to the force employed in the decorating department of this plant as soon as the new kilns are completed.

MAYER AS HOST.

William Mayer, one of the best known dippers in the city, will entertain a number of friends at his home on Derby Road next Monday evening. This will be in honor of Bertrand Rhead and W. J. Hulme, of Hanley, England, who have been spending a few days in the city on business. A pleasant evening's entertainment is assured. It may not be generally known, but Mr. Rhead is a musician of no mean ability. It will be remembered that during the last visit of Mr. Rhead to this city he sang in one of the churches, and his singing was the subject of much favorable comment.

DREW FIRST KILN.

The first kiln of sewer pipe to be made at the East End plant of the American Sewer Pipe works since that plant resumed operations after its recent shutdown was drawn Wednesday. Quite frequently the force of kilnmen at this plant was increased, and in so doing the company is enabled to set two kilns of pipe a day. No pipe is being made for stock, all being loaded into cars as soon as possible. It is said the company has enough orders for the East End factory to keep it in operation for three months at least.

EXCAVATING ABOUT COMPLETED.

The excavating for the improvement that is to be made at the West End pottery is about completed, and it is thought Contractor McLaughlin will have his work finished by the end of the week. Then the stonemasons will commence work, and other contractors will start. The entire construction of this new addition has been let to John Cain.

MAKING ADVANCEMENT.

H. H. McCartney, who has been employed by Jeff Greene, a well known saggermaker employed in the East End, as a frame filler, has taken charge of the sagger shop at the Burford plant. He commenced work at his new position today.

GEORGE FRED WILLIAMS BEATEN

Massachusetts Democrats After Hot Fight Over Resolutions Nominating Ticket.

Boston, Sept. 18.—Acrimony was not wanting for a time in the Democratic state convention in Tremont Temple yesterday, but in the end harmony was restored and the state ticket was enthusiastically greeted. The ticket is as follows:

For governor, William A. Gaston of Boston, was named. Gaston was nominated and then given a platform of his own dictation. The fight was over the national issues on the platform. The test of strength was between Colonel Gaston on the one hand and George Fred Williams, once the stalwart leader of the Silver Democrats, on the other. In this battle Mr. Williams was routed. The platform adopted is a repudiation of the Kansas City platform.

No Substitute Offered.

Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that ninety-nine out of a hundred druggists recommend Chamberlain's Colic, Cholera, and Diarrhoea Remedy when the best remedy for diarrhoea is asked for, and do so because they know it is the one remedy that can always be depended upon, even in the most severe and dangerous cases. It is for sale by Alvin H. Bulger.

Women and Jewels.

Jewels, candy, flowers, men—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous effort to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Charles F. Craig's. Get Green's special almanac.

TONES UP THE STOMACH.

Any disease which impairs the normal working of the stomach is certain to bring on a state of nervousness. On the other hand, a remedy which aids digestion and tones up the stomach is a sure cure for nervousness. For this reason BLOOD WINE is the most popular nerve tonic sold. Mrs. Jennie Wilson, corner of Market and Parker Streets, Lawrence, Mass., says: "I have been troubled with nervousness and dyspepsia for five years. Medicine did me no good until a friend advised BLOOD WINE. Have taken three bottles and am entirely cured."

Its graduates are being sought after eagerly and it cannot supply the demand. The training given is so arranged that students may enter at any time.

COMMUNION SERVICE HELD.

East Ohio Conference Opened at Cambridge, O.—Reception to Lockes, Saturday.

Cambridge, O., Sept. 18.—The twenty-seventh annual session of the East Ohio conference of the Methodist Episcopal church opened here yesterday. The conference is one of the largest in the denomination, having 351 ministers. In addition to these are 28 official visitors, representing the departments of church work.

The conference opened at 8 o'clock with communion service, conducted by Bishop H. W. Warren. At 2 o'clock the anniversary of the Freedmen's Aid and Southern Educational society was held. An address was delivered by the Rev. Dr. Wilbur P. Thirkield, corresponding secretary.

Saturday afternoon a reception will be tendered at the residence of John L. Locke in honor of the Rev. Dr. and Mrs. W. H. Locke, of Mansfield, and in recognition of the semi-centennial anniversary of Dr. Locke's active service as a member of the Pittsburgh and East Ohio conferences. On Sunday afternoon the semi-centennial sermon will be delivered by Dr. Locke.

Eminent specialists from the English Medical Institute by request of numerous patients in this country, have established a permanent branch of the Institute in the Thompson building on the Diamond, rooms 1, 5 and 6.

In order to become rapidly acquainted with the afflicted of this community, and to demonstrate the wonderful success of their European system, these eminent gentlemen have decided to give their services and to perform all minor surgical operations free for three months (medicine excepted) to all who apply for treatment before October 25th. Remember, no charge, whatever, will be made for any services, consultation examination or advice. Your good will and recommendation after you are cured is all that is asked. No names will be published. All forms of disease and deformities are treated and a guarantee given in all curable cases of male and female weakness, catarrh, deafness, nose, throat and lung troubles, rheumatism, neuralgia, heart, stomach, nervous, blood, skin and rectal troubles are positively cured by their new treatment. By their famous X-Ray examinations all hidden and obscure diseases are readily understood and quickly controlled. The chief consulting physician of the Institute, assisted by one or more of his staff associates will be in personal charge. Office hours—9 a. m. to 8 p. m. Sundays, 10 to 12 m.

EAST END

NO OUT DOOR MEETING

Free Methodists Found It Too Cold to Hold Services on the Bridge.

The weather was too cold last evening to permit the holding of services on the Dry Run bridge by the Free Methodists, and for that reason services were held in the home of one of the members of the church in the Klondike section. The house was well filled and the meeting one of interest. Several converts were reported.

The action of S. L. Fisher, the principal of the institute, in closing the building in the evenings on account of the unempt condition of the room was a sufficient reason for closing the doors, said a resident of the East End this morning, who is taking an interest in these revival meetings. Not a word is being said against his action since he made known his reasons for so doing.

THE PASTOR'S BROTHER

Rev. J. A. C. McQuiston Will Preach at the Second U. P. Church Tonight.

A series of special meetings will commence at the Second United Presbyterian church this evening, and continue until tomorrow evening. These meetings are held prior to the regular communion service which will be held Sunday morning.

While the services will be in charge of Rev. D. W. McQuiston, the regular pastor of the church, he will be assisted by his brother, Rev. J. A. C. McQuiston, pastor of the U. P. church at Baldwin, Butler county, Pa. This gentleman will preach this evening and tomorrow evening, and will assist the regular pastor at the communion service on Sunday. The visiting minister is said to be a very forcible speaker and interesting sermons may be expected.

FOOT BALL CLUB

Composed of Lightweights Has Been Organized by East End Lovers of the Sport.

Another foot ball club has been organized in the East End, and this morning the managers of the club issued a challenge to play a game with any team in the city whose average weight is not more than 95 pounds.

The makeup of the team is as follows: Center, S. Pollock; right guard, C. Laughlin; left guard, N. Hanley; right tackle, E. Prescott; left tackle, J. Deakin; right end, R. Montgomery; left end, F. Culbertson; quarterback, H. Deakin; right halfback, E. Johnson; left halfback, J. Herbert; fullback, G. C. Laughlin. S. Pollock has been elected manager of the team and can be found in the East End.

K. G. E. Will Be a Success.

Many applications are being received by those who are working to form a council of the Knights of the Golden Eagle in the East End, and it is the conviction of these persons that it will be but a few weeks until a sufficient number will have been secured to hold a meeting and to take the preliminary steps to forming a permanent organization.

that are too fast or too slow, too strong or too weak, are not the kind that come from a healthy heart. Remember, every heart that pains, flutters, palpitates, skips beats, and every heart that causes fainting spells, shortness of breath or smothering, is weak or diseased, and cannot keep the blood circulating at its normal rate.

"My heart was very weak and kept skipping beats until it missed from one to three beats a minute. Well knowing what the result would be if this trouble was not stopped, I began taking Dr. Miles' Heart Cure, and two bottles brought the heart action to its normal condition."

No Amputation Necessary.

Roger Hill, the young son of Rev. W. E. Hill, of St. George street, who accidentally fell upon a cuspidor several days ago and severely cut his right wrist, is recovering from his injury quite rapidly. It was thought soon after the accident that the injured hand would have to be amputated, but this will not have to be done. It will be but a few weeks, it is thought, until the boy will have the use of his hand.

Painting the Fire Station.

Work was commenced this morning painting the exterior of the East End fire station. This contract was let to A. Dinerstein by the fire committee of council early in the week, and it is said the contract will be completed within a few days. A slate color of paint is being used, and the trimmings will be of green and terra cotta.

Street Railway Men's Meeting.

IMPORTANT POINT HAS BEEN SETTLED

(Continued from First Page.)

suggestions from the directors of that institution. If they have anything to offer, it behooves them to act at once.

The senate has voted to give the public safety board authority over the board of health, while the house code committee has adopted an amendment leaving these boards substantially as now constituted. What this body has done, has been done decisively, but many of the important propositions which have gone through the senate, only carried by a close margin. Therefore, when both bodies meet in joint conference it will not be surprising if the unanimity of the house members will dominate the action taken.

The school code has gone into the house. State School Commissioner Bonebrake prepared and Representative Seese introduced it. It provides that there shall be one member of the school board elected from each ward and that if there are an even number of wards there shall be one additional member elected at large. Superintendents are to be elected by boards, and teachers are to be selected by superintendents, subject to approval of the boards. The bill is brief and makes no pretence at covering all school questions.

The house code committee has decided to make chiefs of police and fire departments responsible for the men under their jurisdiction. Both are to be appointed by council and will be subject to civil service system. Treasurers of municipalities are to be the custodians of all funds, including school funds. Heads of departments are to meet with the mayor once a week and review the work of the municipality. Mayors are to be removed by the governor for sufficient cause.

When the powers of municipalities was taken up, Cole, of Hancock, said that the game of ping-pong was becoming a menace to morals as it was being used as a mild form of gambling by people in his county. At first it was thought he was joking, but he assured the members he was very much in earnest, and at his suggestion an anti-ping-pong gambling provision was put in the code. If it passes, you may play ping-pong, but not to gamble.

The house and senate have taken opposite stands, the former opposing the board plan and the latter favoring it. Tuesday afternoon, by a vote of 16 to 16, the senate declared against the so-called home rule plan and approved of the board system as provided for in the Nash code. The differences of both bodies will be fought out and settled in conference. Single elective heads may be agreed upon as a compromise. The situation at present seems to presage this. The code which will be adopted will be unlike any code which has been introduced. It will be neither the Nash code, federal code, chamber of commerce code nor the York Democratic code, but its component parts will be taken from the first two, largely. The Nash code is being used to work from, but its provisions are being changed. And Governor Nash has expressed his full willingness that the legislature should do as it deems best with his measure. It has and is valuable as a guide.

Senator Connell has introduced the bill to remedy the defects in the jury laws. It was passed under suspension of rules. The house put the bill on second reading yesterday. The house has decided in favor of giving all cities over 30,000 police courts. Under that figure they will not be required.

The legislators will go to Cincinnati tomorrow to attend the Fall festival given by the Business Men's club of that city. The outing will not cost them a penny. A special train will take the party to Cincinnati. The newspaper correspondents and the employees of the legislature have also been invited. Mayor Fieschman will deliver the address of welcome. Senator Connell, of Columbiana, will respond for the senate.

Representative Buell, of Salem, reached the city yesterday. He said the senate amendment requiring mayors to be residents of municipalities three years was unjust and should be killed. If it is permitted to stand Mr. Buell will be heard from in his own blunt and effective way. He thinks the people should have the right to select whom they please for mayor, just so he is an elector, and furthermore he does not think it is within the province of the legislators to interfere in this respect. He says it is none of their business.

From the pottery manufacturers, from the heads of other industrial establishments, from contractors and business men generally in East Liverpool comes the complaint that help is scarce. Even the housewives find it difficult to engage domestic help, no matter what wages they offer. Everybody in the city knows how building operations have been delayed because the carpenters, stonemasons, bricklayers, plasterers and other members of the building trades had so much work to attend to that they could undertake no more. The same condition prevails in almost every line of work. The greatest difficulty about getting a job done is to get the men to do it. Yet East Liverpool has had a very large influx of population in the past two years. All that have come have found employment at excellent wages; all who were residents previously are similarly engaged. This city is one of the busiest in the land, and its business is increasing at an unprecedented rate. With this increase comes increased wealth, increased happiness, increased opportunities for social enjoyment and intellectual development. These conditions prevail because a wise national system has prevailed, calculated to encourage industry in every form and to stimulate its growth. The Democracy has shown hostility to that system from time immemorial. The intelligent workmen of East Liverpool know the foundation of their prosperity. That is why they vote the straight Republican ticket. They will vote it this fall in greater numbers than ever.

A portion of the state Democratic platform which the Alliance Democratic convention endorsed is this: "We demand the repeal of the tariff and substitute therefor direct taxation." How many East Liverpool voters are going to stand on that platform?

Speaker Henderson makes it plain that he is a Republican to the backbone. His absence from the house will be greatly regretted. But if, as he says, his views and those of his constituents are at variance upon the tariff issue—the fundamental principle of Republicanism—he does right to decline to be their representative. The Iowans who have been making it unpleasant for him will live to regret it. Quite likely they regret it already. As for the speaker's retirement from congress, upon which the Democrats are basing high hopes and wild prediction, it will have very little effect outside of his own district and state, and

even there Republicanism is too strong for any surrender to the enemy. A Republican congress is to be elected this fall, and it will be strongly Republican, too. There is too much general prosperity for free trade doctrines, which flourish only in times of discontent, to receive attention or support.

Cleveland newspapers declare taxes in that city will be 50 per cent higher in December than they were two years ago. This is Tom Johnson's town and Tom is mayor and general dictator. Does anybody want to make him dictator of Ohio?

France has a deficit for the past year of \$40,000,000. France must be patterning after the city government of Cleveland.

The code makers are down to business and within the next two weeks it is probable the new code law will be enacted.

Yes, there was a President Johnson once. That was one too many.

OBITUARY

Henry A. Gibbs.

Henry Alfred Gibbs, a former resident of this city, died at his home in Akron at 3 o'clock yesterday afternoon. Deceased was 68 years of age and was one of the early residents of the city. He had been ailing for the past year and death was the result of a complication of diseases. Some 30 years ago Mr. Gibbs removed from this city with his family to Akron and accepted a situation in Robinson Bros. pottery at that place. After several years working at the bench in Akron Mr. Gibbs embarked in the pottery business on his own account and built the Ohio Stoneware Pottery Co. plant, of which organization he was president at the time of his death, having associated with him his sons. He was also interested in several sewer pipe concerns of Akron. Mr. Gibbs was one of the leading members of the first cornet band that was organized in this city. He was also one of the charter members of the East Liverpool lodge of Odd Fellows and continued his membership in the lodge. At the opening of the war he enlisted from this city in an Ohio regiment and served as a bugler for three years. He was a member of Gen. Lyon post No. 44, G. A. R., of this city. Prior to leaving this city Mr. Gibbs was married to Mrs. Eliza Parker. He is survived by a widow and two sons, Harry H., and Edward H. Gibbs, and two step-children, Geo. A. Parker and Mrs. Charles Chapman, all of Akron. Four sister-in-laws of the deceased reside in this city—Mrs. Isiah Colclough, Mrs. Emma Wilson, Mrs. Mattie Neville and Mrs. Anna Bullock. The arrangements for the funeral service have not been made.

Mrs. B. F. Leitch.

Scottsdale, Pa., Sept. 18.—Mrs. B. F. Leitch, formerly of Allegheny, died at the home of her sister, Mrs. Albert Keister, here yesterday. Besides Mrs. Keister and Mrs. Howard Humphries, of West Newton, who are sisters, several brothers survive. They are Rev. Charles Frazer, of Jeannette; Drs. John and George Frazer, of Cleveland; T. W. and William Frazer, of Wells-ville, O., and Duncan Frazer, living in Kansas.

Mr. Clyde Larkins will leave on Friday for Philadelphia, where he will complete his medical course at Jefferson Medical college.

Frank M. Crowe, a prominent druggist of Evansville, Wis., is a guest at the home of his sister-in-law, Mrs. Mary Crowe, of Sixth street. Mr. Crowe is a son of the late Dr. Samuel Crowe, and has not been in Ohio for 30 years.

Mr. Lance, of Wilkesbarre, Pa., was in the city yesterday the guest of Louis W. Healy, of the East Liverpool Street Railway company. Mr. Lance has been in the west for sometime on business, and stopped off in this city for the purpose of visiting M. Healy.

AT THE THEATER

A fine attraction has been booked for the Grand Opera House for the entire week opening next Monday. Harry Jenkins, a comedian of ability and reputation, and Austin P. Blair's big stock company will present a series of meritorious plays. The opening bill, "Parisian Princess," is a great emotional drama, and introduces the talented leading young lady, Miss Leona Leslie. During the intermission the best acts in vaudeville are seen, making a continuous performance of drama and vaudeville. Mr. Jenkins has surrounded himself with the strongest company known in repertoire, with entirely new scenery. Their productions are staged with the same detail as seen in the large cities.

The latest and best of Lincoln J. Carter's attractions will be seen in this city at the Grand Saturday evening. Stanley and Lotita Lamb are playing the difficult parts of the "Waifs" and adding additional laurels to their already enviable reputations as juvenile artists. The company is said to be the best Carter has ever sent on the road. New and beautiful scenery, electrical effects and mechanical devices assist a story filled with comedy, sentiment, surprises and tears.

ON ANTIETAM BATTLEFIELD.

New York Monument Dedicated—Ohio to Place Monuments.

Frederick, Md., Sept. 18.—The hand some monument which the New York Thirty-fourth Regimental Volunteer association had erected on the Antietam battlefield was dedicated yesterday, the fortieth anniversary of the battle. About 150 persons, including members of the association, their wives and children, were present.

The monument stands on a plot 60 feet square.

Ohio will shortly erect 12 monuments on Antietam field, one of which will be to the memory of President McKinley, for which the Ohio legislature appropriated \$20,000.

The electrical workers of Pittsburg wrote a communication to the council informing it that a man who had a bad record at Pittsburg was running a saloon in this city.

A strike was reported to be in progress at the Humphrey iron works at Massillon. Some of the product of the firm was being used in this city, and the moulders of Massillon asked that the matter be taken up by the council. A committee was appointed to visit local dealers handling the goods. Messrs. Bolton, Elder and Devine were appointed.

A communication was received from the headquarters of the Ohio Federation of Labor asking that a delegate be elected to represent the council at the annual meeting to be held at Cambridge next month. The election resulted in the selection of Criss McConnell. Le Roy Orr is the alternate.

A communication asking that steps be taken for the formation of a branch of the stationary firemen was referred to the organization committee, together with one of the same character from the longshoremen and freight handlers.

A delegate from grocery clerks' union No. 192 reported that his organization had taken action at its last meeting against the sale in East Liverpool of all non-union bread.

Chairman Orr, of the Labor day committee, made his report of the receipts and expenditures of the Labor Day celebration, and the committee was tendered a hearty vote of thanks for their faithful and conscientious work. The following is the report:

STOCKS' PRICES RECOVERED.

Relief of Uneasiness Over Money Situation, Helped the Market, Wednesday.

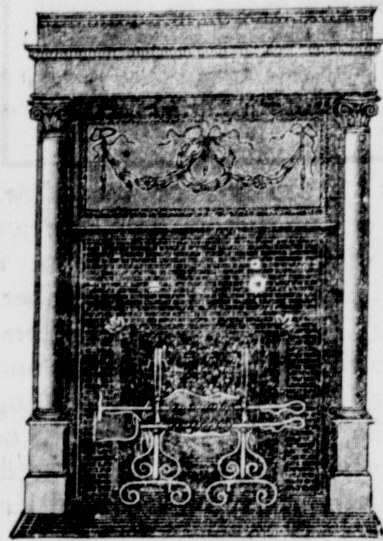

New York, Sept. 18.—Speculative sentiment was further improved in Wall street yesterday and prices of stocks enjoyed additional recovery. The relief of the acute uneasiness over the money situation by the large engagements of gold for import checked the liquidation in the stock market and made it easier to mark up prices again. The volume of the actual buying demand was light, however, and the number of shares dealt in was no larger than Tuesday. The movement hitherto of some \$7,650,000 in gold from various quarters gives some feeling of assurance that relief will be at hand when the coming additional requirements of currency by the interior will make it urgently needed.

The nervous feeling early in the week was as much due to fear of this future contingency as to the then present exigency for money. The receipt of gold which has been started towards this center will be in occasional parcels during the next three or four weeks. Over \$400,000 of the Australian receipts which arrived in San Francisco Tuesday were made immediately available to the local market by telegraphic transfer through the sub-treasury yesterday. The one million dollars which started from England yesterday will be available at the end of the trans-Atlantic voyage. Of the remainder there will be one parcel of \$500,000, which is not due to arrive in San Francisco until Oct. 10.

Quite a number of prominent stocks, both among railroad and specialties, were from one to two points over Tuesday night at one time yesterday, but the prices were not held. The market closed about steady.

The bond market was firm. Total sales, par value, \$2,708,000. U. S. 2s, registered, advanced 1/4, the coupon 1/4 and the old 4s 3/4 per cent on the last call.

HOW IT STRIKES

THE NEWSPAPERS

(Continued from First Page.)

ex-Mayor Moore, J. H. Morris, Baies Campbell, W. J. Lawters, J. P. Wilson, W. A. Maline, Thomas McNamara, H. A. Manchester and a score of others did not attend the convention, and they took little interest in the proceedings. They don't feel like being bossed by Billy Radcliffe, the local leader of the new fangled Democracy.

It is a question as to whether Duffy or the Democracy is occupying the best (or rather the worst) position. If Duffy runs as a Democrat he violates his pledge to the independent convention. If he runs as an independent endorsed by the Democracy he will be defeated by the Democrats on election day. The political riches of Mr. Duffy will be his political undoing.

The Vindicator, the Mahoning county Democratic organ, says only this: Columbiana county Republicans ought to be happy now. A congressional nomination has come to that county after all.

The Salem Herald praises Mr. Duffy highly and hopes he will stick to the ticket. Other Democratic organs in the district endorse all the work of the Alliance convention and swallow the Tom Johnson platform, free trade, single tax and all, without a grimace.

The Salem News says: What Mr. Duffy will do regarding this back-set to his budding political aspirations is problematic. He well knows that he cannot "straddle" the two platforms and run as a candidate on the two tickets. He must make choice between the two or reject both. One thing is certain. The Union Labor people generally are up in arms against yesterday's procedure at Alliance. And they have no notion of taking the advice of Dr. G. P. Kirt, Democratic ex-congressman from this district, and by relinquishing Duffy allow the Democrats to place him on their ticket as their candidate, and then play into the hands of their historical enemies by voting for him. But many of the Union Labor men are wondering today what business Duffy had in the Democratic convention anyway!

The outcome after all is fortunate. It is well, since a Democratic scheme existed—which is now clearly demonstrated—to further their own political ends, that it has been shown up at this time. One effect of it all will be that the Republican vote will be solidified, and Mr. Kennedy will be elected by at least the old time Eighteenth district Republican majority.

FOOTBALL CONTEST

West End Rovers And Sirius Club
Eleven Are to Play on
Saturday.

The football game to be played on Saturday afternoon in West End park, commencing promptly at 4 o'clock, will be witnessed by a large crowd each team having numerous backers all of whom will show their appreciation by their presence.

For quite a while the West End Rovers and the Sirius club have been arranging for the game, and it will no doubt be a fine exhibition. The line-ups will be as follows:

West End Rovers—J. Hester, right end; T. Hunter, right tackle; McDevitt, right guard; Amos, center; Arb, left guard; Tyson, left tackle; P. Hester, left end; McAvoy, quarterback; Jones, left halfback; Coleman, right halfback; Cartwright, fullback; substitutes, Frazer, Pollock, Robbins, Clark.

Sirius club—Harvey, right end; Mulhouser, right tackle; Gray, right guard; Price, center; Flesch, left guard; Stevenson, left tackle; Carnahan, left end; Little, quarterback; Godwin, left half; Hardy, fullback; substitutes, Cooley, Orr, Dyke, Hamill, Myler.

TEWKSBURY DEFEATED

C. A. Smith's Horse Beaten By Billy Boyle at Washington, (Pa.) Races.

The first day of the race meet being held at Washington, Pennsylvania, attracted a crowd of 500. There were six starters in the 2:30 pace, and Tewksbury, owned by C. A. Smith, of East Liverpool, who was touted to win was defeated by Billy Boyle. The third race, 2:26 trot, was postponed on account of darkness after three heats had been pulled off. The judges took Nate Crist, down from behind Maud S. after Dan K., had won two heats in hollow style and she took the next one easily, 2:30 pacing purse \$400. Billy Boyle, first Tewksbury; second; Cousin Ella, third. Time—2:23 1/2, 2:23 1/4, 2:23 1/4. 2:30 trot, second; Metagorda Chief, third. Time—2:35, 2:33, 2:33.

It is the opinion of some horsemen in this city that John Webb was run under the name of Dan K., as the name of his driver was Dan King, well known in this city. However, definite information could not be obtained concerning this race.

CALL FOR THROUGH CARS

West Enders Object Strongly to Walking From Turntable.

A notification was sent by City Solicitor Boyd to the East Liverpool Street Railway company yesterday asking it to run all cars to the extreme end of the line instead of just to the turn table, as has been done. The latter service is very unsatisfactory to people living in the extreme West End. A satisfactory reply was soon afterwards received by the city solicitor stating that the request would be complied with at once.

Mayor Fogo, in a conversation with the city solicitor stated last evening that the summer cars on the line were still only running to the turn table and that something ought to be done. The solicitor said that he would again notify the street railway people to run their cars to the end of the line and if the request is not this time at once followed out, an injunction. Many complaints have been coming in regularly to the mayor and solicitor about this matter and they have got tired listening to them.

MORE CELL ROOM

Is Much Needed at the Jail, But the City Must Wait.

The two much needed new cells for the city jail, which were ordered by Mayor Fogo some three weeks ago from the Van Dorn Iron Works company, of Cleveland, have not yet arrived. The mayor is unable to state just when they will be here, although they are expected any day.

The need of the new cells is demonstrated on two or three occasions nearly every week, and especially on Saturday and Sunday nights, when the jail is usually crowded to overflowing, and many of the prisoners are compelled to sleep on the floors of the jail.

The mayor has written to the company several times since the order was sent, but each reply only volunteers the information that the cells have been shipped.

SUSPECTED RUNAWAYS

Three Small Boys Arrested at Wellsville, Two Hailing From New Castle.

Three small boys were arrested yesterday morning by Chief Thorn at the Third street depot and were lodged in the city prison, suspected of having run away from home. They were arrested upon the evidence of one lad wearing at the time two shirts and two coats.

They were brought before Mayor Fogo yesterday afternoon and when asked by him to give their names they gave them as follows: Kalen F. Ward, Samuel Aten and Grover Tasker and their ages about 15. When asked, the first two lads said that they were from New Castle, Pa., while the latter claimed he was from East Liverpool.

Tasker was released as there was no evidence upon which to hold him while the other two lads from New Castle were again locked up after having given the mayor the names and addresses of their parents. The mayor has telegraphed to New Castle and the boys will be held until a reply is received.

Burglars Not Yet Found.

No suspicious characters have as yet been arrested for implication in the burglary committed Tuesday night. It is now thought that the guilty party will never be found, as no clues have as yet presented themselves upon which the local police can work up the case. Father Crotty, whose house was ransacked, stated last evening to a representative of this paper that he thought that the burglary was committed by one of the street paving contractor's employees, who was recently discharged. Father Crotty would say nothing more regarding the matter.

Improvement Progressing Well.
City Civil Engineer Leith and Street Commissioner Herbert have progressed rapidly with the work of opening up Chester avenue in the West End, and will have the work entirely completed within a few days. This work was started only two or three days ago, in accordance with an action of council, and is a great improvement for the West End, opening up a street which intersects several very valuable pieces of property and makes it possible for them to be reached by vehicles.

Covering All Beats.
For the past week Officer Elliott has been doing double duty by covering one of the regular night beats, and aside from this trying to do part of his regular work in cleaning and attending to the city building. The mayor has now arranged matters so that all of the beats will be covered

by the remaining four officers at night, thereby relieving Officer Elliott. This is only a temporary arrangement and will be in force until another regular officer is appointed by the mayor.

P. H. C. Entertainment.

A grand entertainment was held last evening by the Fidelity circle, No. 43, P. H. C., in the Rechabite hall. The feature of the evening was the lecture given by J. C. Evans, of Sharon, Pa., who is one of the high officials of the Protected Home circle. He sketched the objects of the circle and gave a glowing account of its progress. A. E. Apple, besides figuring in the quartet and giving a pantomime, trained the class of girls for the fan drill, one of the most entertaining features of the program. Miss Emma James gave a fine select reading. Henry Henderson, the presiding officer of the local circle, was chairman. The literary program, in the hands of Mrs. William Glass, was handled in good shape.

THE BEAL LAW

To Be Incorporated in the New Code Bill—House Committee For It.

Columbus, Sept. 18.—The liquor interests of the state last evening renewed the assault upon the Beal local option bill. This measure has resulted since its enactment last spring in the closing of nearly 100 saloons in various parts of the state. The several liquor associations, through their representatives, began the fight in the senate when a motion was made to have the bill incorporated in the new municipal code in such a manner to insure the safety of its operation under the new order of things.

The fight against this proposition was led by Senator Patterson, of Pike, who succeeded in talking the senators into an adjournment and delaying the vote. The sentiment of the body is for the bill, and it will eventually go through by a large majority. The house special code committee yesterday voted almost unanimously to incorporate the bill in the code.

To Wed October 1.

The wedding of a prominent young lady of St. Clair avenue will occur October 1. Miss Anna Laura Pope, daughter of Mr. and Mrs. I. Bentley Pope, will be married to Frank Stanley Grace, of Steubenville. The ceremony will be pronounced at 3 p. m. by Rev. J. C. Taggart, pastor of the First U. P. church, in the presence of a number of friends of the pair. Mr. Grace is a traveling salesman, and the bride is a well known young lady.

GREAT NUMBER OF BRICK

Will Be Required for the Paving Job Now in Progress in Chester.

Unless something unlooked for occurs the street improvements in Chester will be completed on time. Contractor Freshwater now has his work well in hand, and it is being pushed with all possible speed.

W. A. Coates, of New Brighton, Pa., will lay the paving for the Rock Springs line and will be at work while Mr. Freshwater is. They will work in harmony. The paving will be much more solidly done if both the city's portion and that of the street car company is done simultaneously.

The amount of brick to be used in the improvement is 1,580,660. Mr. Coates will require 455,000, and Mr. Freshwater will use 1,125,660. Brick is being obtained from several plants on the New Cumberland branch, as it is impossible at this busy season for one establishment to turn out a sufficient number for Chester. Brick have been ordered for the street car company's portion, and Mr. Freshwater will place his order in a few days. Representatives of a number of brick manufacturing plants have been in Chester to submit samples of paving brick.

An endeavor will be made by Mr. Freshwater to get the best quality of brick possible. He expresses himself as determined to give the city of Chester an excellent improvement. Excavating for the strip to be paved by the Rock Springs line has been done, and all that remains is to put in the gravel and lay the brick.

Engaged More Teams.

Contractor E. A. Freshwater yesterday engaged several teams and teamsters to take the place of the teamsters who refused to work for \$4 per day and held out for the customary price of \$4.50 per day. Mr. Freshwater said that he could get teams for \$4 and there came with morning a delegation of farmers from Pughtown with horses, harness, wagons and whips. They will do teaming. The contractor is still employing help and expects to have his job progress without any delays.

Thrown From a Buggy.

Miss Alice Evans was thrown from a buggy on the Fairview road Tuesday evening, and came near being killed. The horse she was driving ran off and the buggy overturned, throwing the occupant violently to the ground. She sustained numerous bruises and a badly sprained ankle.

Purchased By Freshwater.

liam Severs, the consideration being \$1,800. Mr. Freshwater bought the ground primarily for the gravel that is on it, which he will use for paving. He considers it good property to own aside from the gravel. It is hinted that Mr. Freshwater, who now has a fine corner lot, may build on the property and make Chester his home.

In the Oil Fields.

Drilling for oil in Jefferson county in the vicinity of Yellow Creek continues. At Port Homer, H. C. De Sellin has completed No. 9 on the De Sellin farm and has a 15-barrel pump. In Beaver county, Lamberton & Strohecker have completed No. 5 on the Beck heirs' farm and have a small pump.

FIXED A WELL ON SUNDAY

A Negley Man Was Sued for It But Acquitted By the Justice.

There is at least one man in Negley who does not believe in Sunday labor—not even that a man should wall up a well so that he might have a plentiful supply of Adam's ale. On Sunday, September 7, T. R. Wilson, of Negley, walled a well on his property at that place. He thought the work was a necessity. Joseph Clark, also of Negley, did not think that way, so he filed an affidavit charging Wilson with working at common labor on Sunday.

Wilson was brought before Justice E. L. Lyon to answer the charge. Wilson made his defense on the grounds that the work was a necessity. About 20 witnesses were examined. After hearing testimony Justice Lyon discharged the defendant.

SOME TRI-STATE EVENTS.

Michael Barnes, a farmer residing in Fulton county, Pa., near Buck Valley, committed suicide by placing a rifle between his feet and with the barrel against his head, pressing the trigger.

The fifty-second annual session of the Medical Society of Pennsylvania opened at Allentown, Pa. About 300 delegates were present.

At Crestline, O., O. F. Cook, a brakeman on the Pennsylvania railroad, was instantly killed under a cut of cars in the railroad yard. The accident occurred five minutes before quitting time.

Ex-Sheriff A. P. Pew, of Mercer county, Pa., received injuries in falling from a bridge while out fishing which caused his death a few hours later. He was a member of the Fifty-seventh regiment, Pennsylvania volunteers, in the Civil War. In 1875 he was elected to the office of sheriff. He leaves a widow and six children.

At Findlay, O., Peter Thompson, an umbrella mender, was arrested on the charge of attacking Jacob Hixenbaugh with a hatchet. Both were badly wounded in wrestling for possession of the weapon.

At Findlay, O., Thomas Schultz, a saloon keeper, was arrested on the charge of robbing Simon Hartman, a farmer, of \$140. Schultz alleges that Hartman tried to shoot him.

At Georgetown, O., Deputy State Fire Marshall Beardsley arrested James Burr, colored, on the charge of setting fire to a storage building, belonging to A. N. Bingham.

William Harlow, a Xenia, O., bartender, was fined \$200 and costs for keeping a place where liquor is sold. This is the first conviction for illegal selling in a year.

P. W. Tsein, a Big Four brakeman, of Dayton, was killed at Patterson, near Bellefontaine, O. His head was crushed by the spout of a water tank.

Near Bellefontaine, O., the 5-year-old child of Frank Rose, a farmer, was burned to death by its clothes igniting from the stove.

Burglars entered the Ellwood, Pa., postoffice, pried open the front door, knocked off the knob on the safe and poured in a charge of nitroglycerin. The explosion blew off the door, but made so much noise that it was heard in the building, and the burglars had to make a hurried retreat. They stole a lot of stamps, but failed to get into the money box, which contained \$800.

Turkish Cemeteries.

Upon the graves of the dead in the Turkish cemeteries little vessels of water are placed for the benefit of the birds, and some of the marble tombs have basins chiseled out for the same purpose, the superstition being that birds carry messages about the living to the dead and, like everybody else in Turkey, are suspected of being spiteful unless something is done to curry their favor.

Acts to Protect Hebrews and to Avert Peril Caused by Their Immigration to the United States—Petitioned to Act by Jewish Societies.

Washington, Sept. 18.—With the double purpose of protecting the long suffering Jews of the Balkan states and of averting the very present peril of the immigration into the United States of these paupers, unfitted through oppression to take up citizenship when they reach here and forced to come to the United States, as practically the only asylum open to them Secretary Hay has adopted the unusual course of appealing to the powers of Europe to force one of their children to observe the obligations of humanity in case of the Jews. The appeal takes the form of a state paper, remarkable in several respects which has been dispatched in identical form to every ambassador and minister of the United States residing in one of the countries of Europe which were parties to the famous treaty at Berlin of 1878, namely Great Britain, France, Germany, Russia, Italy, Austria and Turkey, marking the termination of the Russo-Turkish war and the creation by the direct act of the powers of the independent Balkan states.

Because the powers are thus responsible for the existence of Roumania, the culprit in the case, the secretary of state has directed the note to them in the hope that they will bring this government to a sense of its duties towards civilization at large, as well as to cause it to ameliorate the frightful condition of the Roumanian Jews. In a measure this action by the department of state may be traced to numerous petitions from Jewish societies and humanitarians generally, as well as to the warnings of publicists, respecting the growing dangers of immigration of degenerates.

DOWN TO FACTS

Read What East Liverpool Citizens Say.

Get down to the facts of the matter. Don't take a stranger's word. It is easier to prove the truthfulness of statements made by citizens of East Liverpool than endorsement coming from some far away place. Read the following:

Mr. S. C. Hill, of Esther, Pa., carpenter, says: "For a year I suffered from pain across my back, difficulty with the kidney secretions and was naturally anxious to procure some treatment which would check it if not radically cure the trouble. Advised by a friend I procured Doan's Kidney Pills at the W. & W. pharmacy, and I want East Liverpool people to thoroughly grasp this fact before I used the entire contents of the box I was cured. To prove that my convictions were laid on solid foundation I have since purchased Doan's Kidney Pills. They cured him. Now when a preparation which cured me in the condition I was in and also my neighbor, a preparation which is held in such estimation in and around East Liverpool that an acquaintance of mine advised me through a newspaper statement to obtain it, when that preparation performs exactly what it promises what can be expected of any resident of East Liverpool suffering from kidney complaint who will not take advantage of his neighbors' experience and profit by his opinions."

Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no other.

BOXERS BESEIGE.

CHENG-TU-FU SURROUNDED BY THEM.

11 Converts Killed—Conger Presents Letter of Missionary Canright to Chinese Foreign Office.

Pekin, Sept. 18.—United States Minister Conger has presented to the Chinese foreign office a letter from Dr. Canright, the American missionary of Cheng-Tu-Fu, describing the massacre of native Christians there in July. Dr. Canright says that 11 converts were killed by Boxers and that the local officials refused to take measures against the Boxers. The letter was written Aug. 2. The missionaries were then guarded by troops and were unable to leave the mission buildings except when escorted by soldiers.

Dr. Canright's recent telegrams say the situation is worse. The native papers declared the trouble is due to the collection of excessive indemnities for Christians on account of troubles of 1900 and owing to the Christians' arrogant attitude under foreign protection.

London, Sept. 18.—Cabling from Shanghai, under date of Sept. 17, the correspondent of the Daily Mail says that Cheng-Tu-Fu, capital of the province of Sze-Chuen, is surrounded by 50,000 Boxers, but that their attempts to take the city have so far failed. Without immediate help, however, Cheng-Tu-Fu must fall.

"A prominent Chinese merchant tells me," continues the Daily Mail's correspondent, "that if Cheng-Tu-Fu is taken, a rising in the provinces is inevitable. To further complicate matters the feuds between Protestant and Catholic converts are now worse than at any previous stage, and magisterial jurisdiction, in various matters, has been unwarrantably interfered with by priests and missionaries."

ROBBER WRECKED A BANK.

Demanding \$20,000—Dropped Bomb, Which Exploded—He Was Killed, Others Were Hurt.

Seattle, Wash., Sept. 18.—A special from Skagway, Alaska, yesterday, said:

About 3 o'clock yesterday afternoon an unknown man walked into the Canadian Bank of Commerce, a revolver in one hand and a dynamite bomb in the other, and demanded \$20,000, threatening to blow all into eternity.

Cashier Pooley and Teller Wallace were the only two men in the bank. Wallace ducked to get his gun and ran quickly to the back of the room, calling for Pooley to do the same.

"No, you don't," yelled the man, and dropped the bomb. The clerks had just gotten out of the window. The bank was wrecked. The robber's head was smashed and one arm was torn off. People living above the bank were blown into the air.

Judge Price, formerly prosecuting attorney, who was entering the bank at the time, was hurt, but not seriously. The dynamite died without regaining consciousness. The bank lost about a thousand dollars, chiefly in gold dust, which was lying on the counter.

TYVO CHILDREN ASSAULTED.

Dogs Followed Trail to Room of Roth, at Hamilton, O.

Hamilton, O., Sept. 18.—A brutal assault upon two little girls, aged 5 and 6, daughters of Charles H. Mozen, has caused intense excitement. According to the story of one of the girls, a stranger Tuesday, enticed them with candy into an alley and when they tried to get away he seized them both by the throats and dragged them to a lot overgrown with high weeds. He struck one on the head with a blunt weapon and cut the head of the other.

When the outrage became known several hundred citizens began a search. Bloodhounds led to a house occupied by Joseph Roth, a gardener. He was arrested, but vigorously denied any guilt. One of the children is not expected to live. The dogs went over the trail loose and went up a stairway to Roth's room.

A WASHERY BURNED.

The Fire Was Alleged to Have Been of an Incendiary Origin.

FOUR PROWLERS WERE CHASED

Watchman Declared He Drove Them From Premises, Just Before He Discovered Fire—Third Scranton, Pa., Washery Burned Since Strike Began

Scranton, Pa., Sept. 18.—The Taylor Coal company's washery, in North Scranton, was totally destroyed by a fire which started at 12:30 o'clock this morning. It is alleged to be of incendiary origin. The watchman declared that he chased four prowlers from the premises just before he discovered the fire. The washery has been in operation for a month.

This is the third Scranton washery destroyed by fire since the strike began. There was never a washery destroyed by fire before the strike.

STRIKE TO SOON END.

ONE OF LARGEST MINES ABOUT TO YIELD.

Others Will Follow the Example. Such Report Received in Chicago.

Chicago, Sept. 18.—Word was received last night in Chicago from Henry Weaver, of the Weaver Coal company, who is in Buffalo, that the anthracite coal strike will soon come to an end; that one of the largest mines in the heart of the disturbed district in Pennsylvania is about to give in to the strikers and that other mines will directly follow the example of the leader. C. F. Ferguson, private secretary to Mr. Weaver, received a long telegram from Buffalo, stating the case, and the announcement was authorized by Mr. Weaver through Mr. Ferguson in Chicago.

"The big mine which Mr. Weaver refers to," said Mr. Ferguson, "will be in operation within a week. The owners of the mine, which is one of the largest in the affected district, realize that the settlement which is bound to come cannot be put off any longer, as the big strike has now come to a crisis, and affairs have gotten to such a serious point, the effects are so widespread and dire, that the settlement must come promptly. Mr. Weaver was assured that the mine would be working again within a week."

"Of course, the other mines will follow the example promptly and the public can look forward to a settlement of all of the difficulties within a short time."

ROCKEFELLER'S HOUSE BURNED.

John D.'s Residence in Westchester County, N. Y., Destroyed.

Tarrytown, N. Y., Sept. 18.—The residence of John D. Rockefeller, at Pocantico Hills, Westchester county, was destroyed by fire last night. The building was burned to the ground. The fire is supposed to have started from crossed electric wires.

None of the family was at home and the blaze was discovered by some of the servants working about the place. The fire department of North Tarrytown and Tarrytown responded to telephone calls, but lack of water prevented the building from being saved. The firemen and servants, however, got out a great portion of the valuable furniture. The estimated loss is \$40,000. It was occupied by the Rockefellers pending the erection of the manor house which Mr. Rockefeller has been planning to build nearby.

Troops to Leave Today.

Charleston, W. Va., Sept. 18.—Gov. error White determined last night to call in the troops still on duty in the New River coal field, and they will leave for their homes today. Every thing was quiet yesterday and many men went into the mines to work. Most of them, however, were men who had been brought from outside points.

A Medicine for Children.

Mothers as a rule are rather skeptical as regards the kind of medicine they give their children, and usually rely upon some old family recipe handed down by their forefathers. Now, human nature is different, and requires more modern treatment, yet the old practice of administering roots and herbs still holds good, but medical research of necessity has been obliged to delve deeper for something that will more adequately combat the present causes of disease. This need has been discovered to an admirable degree in Wright's Celery Tea, a perfectly harmless, safe and pleasant remedy which can be given to children with implicit confidence and most gratifying results for all the ills of childhood. 25c and 50c.

ANOTHER DEFEAT FOR JAMESTOWN

The New Yorkers Distinguish Themselves by Ability in One Direction Only.

ABUSE OF THE UMPIRE

Appears to Be a Part of Their Stock in Trade—Sutch Helped the Visitors And Pitched Well—The Score Was 12 to 10.

Once more the Jamestown bunch fell before the locals. The New Yorkers' ability as ball players is now considered to be on an equal with Hooks-town. But when it comes to their ability as kickers and hard losers, Baltimore must take a back seat. It is too bad that they cannot afford to carry an umpire—one that would play to their whim and fancy. Of it can be truly said that home training crops out when abroad. Had they not been used to getting the earth they would never raise such outrageous kicks. Umpire Maag did work that deserves nothing but commendation. And a gang that will object to Maag's decisions has little regard for fairness. It is an impossibility for an umpire to render decisions that will always meet with the favor of everybody. Maag is only human. He makes mistakes. But no one dares say that he does so intentionally. One decision, over which there was so much debate yesterday, was to the minds of most of the fans, not square. Maag meant it to be so. He saw Emmerling cross the plate. He did not see the catcher touch him. That should have settled the dispute. But it did not. That band of Indians saw the chance for a demonstration and they took advantage of it. It did then little good, however.

Everybody was certainly guessing at the end of the first inning. All had heard of a local twirler, late of Pennsylvania, who was going to help the visitors out, but none had seen the young man deliver them. His name is Sutch a pretty one. Mr. Sutch fooled them all. Why he was taken out and succeeded by Folger is more than the locals can understand. It must be admitted that he did better work during the three innings that he pitched than his successor. It was not his fault that the locals scored five runs in the second inning. They rapped him for three hits, but had his support been only half what it should have been, he would have held the runs down to three. An error by Russell and one by Peiper were far more disastrous than the hits that he allowed. Folger must have a great stand in with the manager, he walked so officiously into the box at the beginning of the fourth. His head was a notch lower at the end of the ninth. The way that the locals pounded him was really a shame.

Center field is a position that a man can play for weeks and never have a chance to show his real worth. That Chick Reark is full of sensational catches is acknowledged by every fair minded fan. He is like all of the rest of them though. He does not have very many opportunities. But when he does have them maybe he don't accept them with alacrity. The lightning-like run of his in the fourth when he covered more ground than has been skinned this year and pulled one down gave rise to loud applause. His plays are encored as no other man's in this vicinity. Chick is a general favorite and will remain one.

Bib Webb accepted them as fast as the visitors saw fit to give him a chance. His errors were very hard ones to prevent, and even if they had not been, his acceptance of the other eight was enough.

Rising was right in it. One run, two hits, four putouts, one assist and one error.

Reilly made an error and was se-

OHIO MOUNTAIN MISBEHAVING

Emitting Smoke and Sulphur—Slate Inside Hot.

Bainbridge, O., Sept. 18.—People living in the Paint Creek valley are alarmed over the appearance of smoke and sulphurous gases from Copperas mountain, which can be seen from this place. Ever since the first eruption of Mont Pelee smoke has issued from the mountain at intervals, but only within the past few days have the smoke and gas become especially noticeable, and many attribute it to the recent eruptions in Martinique. Investigation shows that the slate in the mountain has become hot and some of it has become a dull red from the action of the heat. The smoke issues from the side and not the top of the mountain, and scientists will be asked to make a thorough investigation.

HENDERSON REMAINS FIRM.

Even Refused to Reconsider, at President's Request—Others Sent Telegrams.

Dubuque, Ia., Sept. 18.—Speaker Henderson received a number of telegrams yesterday, asking him to reconsider his declination of the congressional renomination.

The following was the telegram received by Speaker Henderson from the president:

"Oyster Bay, Sept. 17.
"Most earnestly ask that you reconsider your determination not to run."

(Signed) "Theodore Roosevelt."
Replying to these telegrams, the speaker further explained his action adhering to his position. He gave positive assurance that there was no danger to the third district that Governor Boies is a very weak candidate, that the Republican candidate will be elected, and that he will do what he can to insure his election. After these assurances the speaker said he must decline to reconsider his withdrawal.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

A Son Born.—A son has been born to Mr. and Mrs. Frank Beatty, of Sheridan avenue.

Pleasing Musicals.—Miss Goldie Weaver entertained a number of friends at her home on Washington street with a private musicale last evening.

Pleasant Party.—Yesterday a number of East End young people enjoyed a very pleasant time at Columbian park. Dancing was the diversion of the evening, and a number of out-of-town guests were present.

A Lemon Party.—Miss Eve Whittenberger, of this city, has issued invitations for a lemon party, on Sept. 24. The event is the anniversary of Miss Eve's thirteenth birthday, and the guests are to wear on that evening a suggestion of the lemon club, about their attire.

Back From Europe.—Word has been received in this city that Mr. and Mrs. Arthur Hill, who have been spending several weeks abroad, sailed yesterday from London, England, for America. They are expected to arrive in East Liverpool in about a week. During their travels Mr. and Mrs. Hill had the pleasure of witnessing the coronation of King Edward VII.

Visiting the Salvationists.—Col. Holtz, of Cleveland, chief division officer of the Ohio, Kentucky and Southern district of the Salvation army, will arrive in this city this afternoon and will address a public meeting to be held in the local barracks on Fourth

street this evening. Col. Holtz comes here to transact important business connected with the local corps' building project.

A Musical Treat.—One of the most interesting events of the school term occurred yesterday morning in the High School chapel. Miss Goldie Weaver, a former high school student and graduate played yesterday for the chapel exercises, after which she rendered several classical selections in a very pleasing manner. Miss Weaver's music was received with great enthusiasm and much appreciation by the students and faculty.

At the Lisbon Fair.—C. G. Anderson, Will Lewis, Sam Burrows, Joe Magill, Lida and Sadie Wolfe, Mark Bough and wife, Arthur Thomas, Frank Dickey, W. L. Timmons, James Nagle and lady, Ed Davidson and wife, George Murphy and wife and two daughters, Charles and John Martin, James Welch, wife and daughter, Wilson F. Smith, wife and son, Harry Caton, George Grosshans and daughter, Dick Kerns, Mrs. George Goppert, G. P. Schmidt and wife, Rit Meador, John Hall, John Wood, Sr., and wife, G. W. BIG NEW INDUSTRY TO BE ESTABLISHED IN COLUMBIANA COUNTY

Company With \$300,000 Capital to Operate
Terra Cotta and Tile Plants
at Negley.

According to a dispatch from Pittsburgh, this county is to have a mammoth clay plant. The dispatch says: "A certificate of incorporation was filed yesterday, at Dover, Del., for the Columbiana Clay Manufacturing company of Pittsburgh, to mine, mill and deal in clay and other minerals for the manufacture of tiling brick, etc. The incorporators are: H. J. Lawrence, Pittsburgh; Daniel C. McCurdy, Sheridan, Pa.; Louis T. Farr, Rogers, O. The capital stock is given at \$300,000.

"Lawrence was formerly traffic manager of the Pittsburgh Coal company, and is understood to be one of the heaviest investors in the new corporation, which will build a big plant for the manufacture of terra cotta, brick and sewer pipe at Rogers, Columbiana county, O., on the line of the Pittsburgh, Lisbon & Western railroad. Other Pittsburghers are interested. The company has already secured large holdings of valuable clay lands about Rogers, and work on the new plant will begin before the winter sets in. The company has not yet organized, but its central office will be in Pittsburgh. Lawrence will be its president."

The only error in the above is that the plant will be at Negley, not at Rogers.

An attempt was made today to talk with Attorney Farr at Rogers, but that gentleman was absent. From other reliable sources it has been learned that the purpose of this company is just as represented in its charter. Mr. Farr and his associates have control of between 600 and 700 acres of valuable clay beds along the railroad in the vicinity of Negley, and these are to be developed at once. The company will not start business upon a large scale at the start, but will branch out on a larger scale after commencing business. There were at one time numerous clay plants in the vicinity of Rogers, and many of these have been closed for years. There is also a good sized clay plant at Rogers, which has been in operation for several months, and which is now doing a good business. Not long ago the owners of this plant were asked for a price on this property, and they were accommodated.

Persons in this city connected with the Rogers company state that at the time the price was asked upon the plant, it was not stated whom the figures were for. Since the new company has been incorporated, it is believed it is the intention of the stockholders to purchase the plant at Rogers at once and continue the business as the present management is doing.

Among others who are interested in the new company are said to be A. C. Powers, a prominent coal operator at Negley, and Mr. Mansfield, of Rogers. The location of these clay beds at Negley could not be better adapted for manufacturing purposes. The mining of the clay is one of the main matters considered when a new clay plant is started.

It is intimated that the new company will commence business in a very short time, and it is understood, may buy clay plants in the vicinity.

bride, on Sixth street, where a sumptuous and delightful wedding breakfast was enjoyed. On the noon train departed the bride and groom for a two weeks' honeymoon in eastern cities, among which will be Washington, New York, Philadelphia and Boston. Returning they will go immediately to housekeeping in a residence recently purchased on Seventh street by Mr. McCarron.

Mrs. McCarron is one of East Liverpool's fairest young ladies. She is held in the highest esteem by all and has the accomplishments necessary to fill a married life with continuous happiness.

Mr. McCarron is a life long resident of the city and has always borne an impeccable reputation. He is considered one of the city's best young men. As bookkeeper and a member of the board of directors at the Dresden pottery he has gained the confidence of all as a business man of sterling worth. Both have the best wishes of hosts of friends for a long life of uninterrupted enjoyment.

HUSBAND ARRESTED

Mrs. Gustavus Craft Had Her Helpmeet Hurried to Central Police Station.

Because she had completely exhausted her patience in trying to live with her husband, Mrs. Gustavus Craft applied to Officer Fisher in the East End last evening and prayed that he come to her home and either pacify her unruly helpmeet or take him away—she did not care where. The officer upon arriving at the home found the man in a drunken state, entirely too far gone for argument and he hustled the inebriate off to central police station, where he now awaits a hearing before the mayor, who is attending the Lisbon fair.

Craft, it is alleged, is a periodical boozier, and when on one of his sprees is very brutal. Mrs. Craft has long had the sympathies of the residents in the vicinity of her home, and all gave a sigh of relief and satisfaction when they saw Craft in the hands of an officer.

Agreeably Entertained.

A very pleasant season was spent at the home of Mrs. Dr. W. A. Hobbs, on Fifth street, by a number of friends last evening. The guests were invited and entertained in honor of Mrs. Hobbs' guest, Miss Grace Gould, a most estimable young lady who is well known in this city.

IMPORTANT POINT HAS BEEN SETTLED

Mayorality Candidate Need Only
Be an Elector to Be Qualified for Office.

SALEM AND WELLSVILLE

Can Now Breathe Easier, As It Is Decided They Will Continue as Cities. Ping Pong as a Gambling Game Under Legislative Ban.

From a Staff Correspondent.

Columbus, Sept. 18.—The house code committee, among other things, has decided that any person who aspires to be mayor of a municipality may be elected to such a position, provided he is a duly qualified elector. The clause requiring a five years' residence as eligibility to serve in such a capacity was cut out altogether. The members pronounced it an utter absurdity. Cole, of Hancock, showed its fallaciousness when he explained that a number of municipalities which would be governed under the new code would not be five years old when it became effective. The senate adopted an amendment requiring a three years' residence for mayors, and the matter will have to be settled in joint conference. The house will probably insist that the residence feature be kept out, and if this is agreed to Mayor J. B. Baker, of Salem, will have a legal right to be a candidate to succeed himself. The house committee also eliminated the residence feature for councilmen, the only restriction imposed being that the members must be electors. The committee has decided that the mayor shall have veto power.

Salem and Wellsville are practically certain of remaining cities. The senate, yesterday, after long discussion, fixed the line of demarcation between cities and villages at 5,000, and it is believed the house will concur. Senator Harding, Marion, and Senator Archer, Belmont, offered amendments to make 15,000 and 10,000 respectively the mark, both being defeated by an overwhelming vote. Archer's amendment received but one vote—his own.

Senator Harrison will introduce bills prepared by State Librarian C. B. Galbreath, of Columbiana county, providing for city and public libraries. It is proposed in these measures to create as little disturbance as possible in the present management of these institutions. Senator Riffin offered an amendment removing the control of public libraries from the board of public service in order that a separate board may be created for them, and this was agreed to by the senate. This opens the way for the introduction of bills dealing on the library subject prepared by the state librarian. Caution will be exercised so as not to interfere with the operation of libraries which have received bequests from private parties. The house code committee is working out a scheme for the care of such institutions. It has adopted a resolution authorizing council to levy a tax for the maintenance of libraries and hospitals.

Senator Connell announces his intention of looking out for the interests of the Carnegie library at East Liverpool, and he is desirous of receiving

HOW IT STRIKES THE NEWSPAPERS

A Variety of Comment on the
Work of the Alliance
Convention.

THE DEMOCRACY IS DAZED

According to a Report From Youngstown And Unable to Figure Out Whether It Is Tending—Good Words for Mr. Duffy.

Speaking of the Democratic congressional convention at Alliance the Review of that city says:

Had they adopted the resolutions of the Labor party and stopped there, it would have been well, but they went farther and adopted all the Democratic party is, and all that it hopes to be, and made a sandwich of the two with the Labor resolutions between.

No wonder the old wheel horses of Democracy shook their heads and said no, preferring to go down to defeat with Democratic colors flying rather than into a political grave which was dug for them by Bonsall, Bell and company. Some of the delegates made a heroic fight against such hasty action in the committee rooms, but were hushed in open convention that a semblance of harmony might appear.

When the convention adjourned they did not know whether they had a candidate or not. They did not know whether it was Duffy, the Democrat, or Duffy, the Labor candidate, or what they had done. This much they knew, that if it was the former, the large majority of the Labor vote was lost, and if it was the latter, the Democratic vote would not be controlled. They were between the "devil and the deep sea," and they did not know which way they were going.

Duffy played his part of the drama well. He did not commit or compromise himself. He simply thanked them for the honor and begged to be silent for a time. A party is in bad repute when it has to beg a man to accept of a nomination at their hands who has allied himself to another party. It is a slap in the face to men of intellect within the ranks who have been through campaigns without number unrecognized. It is to nominate a Labor man upon a Democratic platform, by a party which, if in power would bank every furnace and jeopardize every workshop in the land. It is a scheme for power, covered with a veil so thin that every workman can see through it and see Democracy enthroned beyond.

November will tell the story. You can fool some of the people some of the time, but you can't fool the honest, hard working, laboring classes, whose wages today are higher, than ever before, into the belief that they need a change, and that the Democratic party is to be their Moses. The grand old Republican party has been their friend in the past, is today, and will continue such in the future.

It would have flavored of the same consistency if this same convention had adopted resolutions that the Democratic party had always been the champion of the cause of temperance and sobriety and as such endorsed the platform of the late Prohibition convention, and attempted to form an alliance with that party, as to have

POISON ENDED THE LIFE OF WELLSVILLE WOMAN EXTREMELY SUDDENLY

Mrs. Thorn, Wife of Chief of Police, Took Strychnine Either By Intent or Accident and Died.

Mrs. Margaret Thorn, wife of Chief of Police Henry Thorn, of Wellsville, died of poison this morning at 8:30 at her home at 928 Coal street, in that city.

From what can be learned, it seems that shortly after 5 o'clock Mrs. Thorn got up and after waking her children went about her household duties in the usual manner, and shortly before 6 o'clock she was taken suddenly ill with a severe headache and immediately took a powder to relieve the pain. The powder must have failed to do any good, however, as she is thought to have soon afterwards went to her pocketbook taken a strychnine powder of three grains which she had enclosed in her purse.

After taking the powder she went out staggering as she walked, the terrible poison having taken partial effect. While walking in this manner she was seen by Mrs. J. S. Blackburn, a near neighbor, who immediately ran to her assistance. Mrs. Blackburn stated that she asked Mrs. Thorn what the trouble was and received this reply: "I have swallowed strychnine and thought it was a headache powder."

Mrs. Blackburn at once ran for cold water and after bathing Mrs. Thorn's face with it went to the house and being assisted by Mrs. Thorn's daughter, Edna, who was by that time aroused to the situation made an emetic out of mustard and other materials and gave it to Mrs. Thorn, who by that time was in a very bad condition.

Dr. Holland was then called at once and arrived promptly, but too late to save the unfortunate woman. During all of this time Chief Thorn was asleep in bed, not having been awakened by anyone, but when finally aroused and having learned of the tragedy he completely broke down. Dr. Holland stated to a reporter that the powder which Mrs. Thorn had swallowed contained enough strychnine to kill six ordinary persons. He has the paper and pocket book in his possession. The paper containing the powder was marked with a big red label as "poison." It was purchased at a pharmacy in Irondale. It is thought that Mrs. Thorn got the powder at the home of her mother in Jefferson county, near Irondale, and put it into her own pocketbook so no one else could use it. Mrs. Thorn had not been despondent nor had she shown any signs of wanting to commit suicide. It is hard to tell whether she really meant to kill herself or whether her action was purely accidental. She is known to have said to her daughter a few days ago that if anything happened she could find certain valuables and other things at a certain place in the house.

Mrs. Thorn was 42 years of age, a member of the First M. E. church of her city. She leaves besides her husband, a son aged 15 years and a daughter aged 17 years. Mrs. Thorn was married June 20, 1884 and has lived in Wellsville ever since. No funeral arrangements have yet been made.

made the attempt to win the vote of labor by a resolution adopted half heartedly as was done at Tuesday's convention by the party of free trade. The Youngstown Telegram says: Delegates to the Democratic congressional convention at Alliance returned to their homes last evening in a dazed condition. True, they had nominated Duffy, but the East Liverpool man in his speech to the convention failed to say whether he would accept the honor conferred upon him by the convention.

The convention was a very tame affair. The attendance was light and the reason is clear. The rank and file of the Democracy in the district have no sympathy for the Johnson-Duffy-Bonsall-Radcliffe crowd of single taxers, tax doctors and anything-to-rip-up-the-government fellows.

Take the delegation from Mahoning for example. Old time Democrats like

FOOT CAUGHT UNDER CAR AND TWO TOES WERE LOST.

The Accident Rendered Amputation Necessary—Lucky Escape From Worse Fate.

While attempting to board a South Side street car on Third street this morning at about nine o'clock, James S. Hilbert, of the firm of Geo. H. Owen & Co., met with a distressing accident and as a result will be confined to his home on Pennsylvania avenue for several weeks.

Mr. Hilbert intended going over to Chester on business and when he saw a street car approaching stepped out into the street, but not at a regular stopping place and notwithstanding that the motorman beckoned him to go to the corner he made a jump for the car, his feet falling on a slippery piece of iron, a protection on the running board, throwing him partly under the car. That the car wheels simply ran over his left foot is considered very lucky.

Not realizing how badly he was injured he walked up Fourth street but there the foot commenced paining him to such an extent that he walked into Rex & Dean's office and Dr. O. D. Shay was called.

The physician discovered that the big toe and the one next to it were crushed so badly that amputation of the first joint and the latter at the second joint was necessary.

THE QUESTION OF AUTHORITY

In Forming New Organizations
Was Up in Trades Council
Last Night.

ORGANIZER WAS PRESENT

Delegates Selected to the Annual Convention of the Ohio Federation of Labor—Several Other Important Matters Disposed Of.

The meeting of trades council was enlivened last night by a discussion of universal interest to the unionists generally.

Several weeks ago the international officers of the Bartenders' union addressed a letter to the council asking it to assist in the organization of a branch of that trade here. The matter was referred to the organization committee, and Chairman Cope performed all the work necessary to secure a charter. A part of the paraphernalia has already been received by the new union, but it is not yet in shape to have its members obligated. Acting under authority from the head officials of the bartenders, it was Mr. Cope's intention to administer the obligation next Sunday.

J. J. Weisend, a local contractor in the carpenter business, who was at one time a member of trades council, was present at the meeting, and upon being given the privilege of the floor, stated Mr. Cope had no right to obligate the members of a new union. A lengthy discussion resulted, at the conclusion of which the chair stated the trades council and the headquarter's officers of the bartender's union had the matter in hand at the present time. When they proceeded to a point where their authority expired the aid of the A. F. of L. would be asked. Charles Kontiner, had received his commission as organizer from the American Federation, and if it became necessary for the work to be done by an official from that body, Mr. Kontiner would undoubtedly be called upon.

Miss Dessis Beaver, from the laundry workers' and Edward Moulter, of the bakers' organization, were the new

WITH THE WORKMEN IN THE CLAY PLANTS

MANY MEN ARE NEEDED.

Men are needed by the manufacturing potters of this city, and many of them. Never before in the history of the pottery industry in this city were the manufacturers so short of help as at present, so it is claimed by more than one manufacturer. From mould runners to kilnmen and decorators this shortage extends, and the conditions are becoming alarming. The shortage of kilnmen seems to be the most serious problem confronting the manufacturers at present. Hardly a day passes that one does not hear of a kilnman leaving the trade to seek other employment, and possibly going into business for himself. The ranks are broken, and no apparent attempt is being made to fill them. Not many apprentice kilnmen are being advanced to a higher grade, and one manufacturer is quoted as saying that this in a measure is right unless the individual has served his full apprenticeship. As kilnmen dislike to see an apprentice advanced to a journeyman kilnman without first serving his full apprenticeship, as was done when he was an apprentice kilnman and was compelled to serve his full time. But another phase of this matter is that conditions of the trade this year are unlike those of former years, and as the ranks are being depleted, something must be done to fill them. In one kilnshed in a river pottery a shortage of from 6 to 12 kilnmen is said to exist. This shop is one of the largest in the city, and the kilnmen are needed badly. A representative of this firm recently said that several of their kilnmen had left their shop to enter other business enterprises, and they have been unable to fill their places. Manufacturers ask: "What is to be done?" All over the city they claim that the shortage of kilnmen exists, and owing to this fact more than any other, shipments are much hampered. In the clay department there is also a shortage of help, from the mould runners to the jiggersmen, pressers and finishers. In the decorating department a shortage of experienced help is also evident in some shops. The ranks of the pottery workmen are to be filled, and the sooner this is done the better.

It might be well to ask just here, why is it that there is such a shortage of pottery help in this city? Time and time again has this question been answered in these columns. Many potteries are being built in the outside district. There is the whole cause in a nut shell. Just as long as potteries are built in other towns in close proximity to East Liverpool, just so long will help become scarce in this city. Nothing can stop this condition of affairs. Take for instance, the new pottery that is in course of construction at Salineville. It is quite within reason to believe that all the help that will be employed at that pottery will be taken from the local potteries.

Where else is the firm to secure its help? Already people have been applying for positions at this shop. Gamble Peterson, a well known kilnman will have charge of the glost crew at this shop, and Mr. Peterson will surely take a complete crew from the shops of East Liverpool. Then there will be move vacancies to fill. Jiggermen from this city will be found at the new pottery at Salineville, and likewise other workmen. Still other ranks are broken. Take the new Canonsburg pottery. There are employed there no less than 25 operatives from this city. In Barberton, many local workmen are found. Then there are the shops at New Castle and Peoria, and the new shop that is in course of erection at Derry. This city appears to be the reservoir from which the out-of-town manufacturers desire to draw their help. In fact, they not only like to do this, but do it every week. Just a few days ago George Wilcox, of the Summit China company, at Akron, was in the city looking for a supply of kilnmen. How successful he was, Mr. Wilcox can tell better than anyone else. Something will have to be done. Apprentice kilnmen will have to be advanced to journeymen, and apprentices in other departments will also have to be advanced. This is the only way in which the depleted ranks can be filled, and the sooner this is done the better for all concerned.

THE JIGGERMEN'S COMMITTEE.

According to a statement made today by a member of the committee which was appointed at a recent meeting of Jiggermen's local No. 12, to try to form a limit to a day's work, the committee will not be able to make its final report for a month at least. The committee has appointed sub-committees, and few if any of these latter committees have made a complete report to the main body. Until this is done, no final action can be taken by the main committee or by the local. The member in question is also quoted as saying that it was possible that no limit would be established, at least for a few months. It is also understood that some Jiggermen are averse to having a limit placed upon their day's work, and this seems to be the only drawback to having a uniform day's work arranged for the Jiggermen. As the matter now stands, no one can tell just what the outcome will be.

SOME FROM CANONSBURG.

It may be interesting to many of the operatives in this city to learn how many, and who are the East Liverpool people employed at the Canonsburg pottery. The following list and occupation followed by East Liverpool people at this shop has been furnished this paper: John Weingartner, big Jigger; Paul Sedie, jumbo; William Maley, 7 inch; Charles Wolf, 5 and 6 inch; Hugh O'Donnell, fruits; William Dearth, bowls; H. Adis, cup;

"I wrote to Dr. Pierce for his advice."

The lady, from whose letter we quote, got what she wrote for, and is a well woman to-day as a result of following Dr. Pierce's advice and using Dr. Pierce's Favorite Prescription, the medicine which makes weak women strong and sick women well. "Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. Sick women, especially those suffering from diseases of long standing, are in-

vised to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I can truthfully say that Dr. Pierce's Favorite Prescription is a wonderful medicine and deserves the praise given it," writes Mrs. Emma Spooner, of Lakeview, Montclair, Co. Mich. Box 28. "I was sick four months, and the medicine prescribed by the doctors did me no good. Finally I wrote to Dr. Pierce for his advice. He answered in a very kind letter instructing me what to do. I followed his advice and to-day am a well woman, thanks to Dr. Pierce."

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

Walter Ohlman, saucers; Richard Jackson, Edward Jackson, Kelly Huntsman, Charles Nelson, stickers-up; James Ward, cup handler; Irvin Campbell, kiln fireman; Homer Shaffer, William Fortune and Benjamin Welch, pressers; Dennis O'Donnell, making handles; biscuit kilnmen, Geo. Brockway; setting out, James Darrah, Jack Carney; packer, Val Brown; two mould runners named Tolin and Murphy, from East Liverpool are also employed at this plant.

Mr. Shaw, the chief bookkeeper of the Canonsburg pottery, is spending a two weeks' vacation at Atlantic City. Two new arrivals at this shop from East Liverpool are Ben Welch, a presser, and Jack Carney, a kilnman. They arrived there a few days ago.

Business at this shop is increasing and increases are also being made in many departments.

TEMPORARY ORGANIZATION.

A meeting of the kilnmen, kilndrawers, oddmen and dippers employed at the Laughlin plants, No. 2 and 3, was held at noon yesterday when a temporary beneficial association was formed. The meeting was well attended, and a large membership for the association is assured. Various plans were talked about, and the by-laws and constitution of the National Pottery association were read. A committee composed of Allen Hayes, Richard Baxter, Thomas Wolf, Edward Davis and Marion Flick, was appointed to draft a constitution and to solicit members, and make a report at the next meeting, which will be held Monday next at noon. Joseph Pollock was elected temporary chairman of the meeting yesterday, and he will continue in office until permanent officers are elected. There is no question now about the association being formed, and its success is already assured.

A ZANESVILLE STRIKE.

Sixteen kilnmen employed at S. A. Weller's pottery, at Zanesville, went out on a strike Monday morning and so far no satisfactory agreement has been reached. The men are still out and according to the statement of one of the strikers there is no prospect for an immediate settlement. The men had been working piece work and it is maintained by the strikers that the company did not abide by the contract. They say the superintendent demanded that they place more ware in the kiln than is expected of them and more than is required by the contract. The strike of the kiln hands has not materially interfered with the running of the plant so far. It is to be hoped that a speedy adjustment will be forthcoming as the trouble is not a matter of wages but a misunderstanding regarding the contract.

BOUGHTON LEAVES BURFORDS.

O. H. Boughton, who has been in charge of the packing department of the Burford pottery for quite a time, severed his connection with that firm yesterday, and next Sunday he will preach his first sermon in the Fairview circuit, which was assigned him at the last meeting of the Pittsburgh conference of the M. P. church. The packing shed at the pottery will be placed in the hands of a son of Mr. Boughton. The firm has received many applications for the management of this part of the plant, but arrangements had been made as to who would have charge of the shed many weeks ago.

DEMOLISHING OLD KILNS.

Work has been in progress for several days at the Wallace & Chetwynd

pottery, demolishing the old decorating kilns. When this task is finished the company will at once commence the erection of two new kilns to take the place of those that are now being torn down. When these kilns are completed the decorating kiln capacity of this plant will just be doubled. The East Liverpool Potteries company is having an excellent run of orders from the ware made at this plant, and as soon as the decorating kilns are finished will be able to turn out more decorated goods. It is thought that additions will be made to the force employed in the decorating department of this plant as soon as the new kilns are completed.

MAYER AS HOST.

William Mayer, one of the best known dippers in the city, will entertain a number of friends at his home on Derby Road next Monday evening. This will be in honor of Bertrand Rhead and W. J. Hulme, of Hanley, England, who have been spending a few days in the city on business. A pleasant evening's entertainment is assured. It may not be generally known, but Mr. Rhead is a musician of no mean ability. It will be remembered that during the last visit of Mr. Rhead to this city he sang in one of the churches, and his singing was the subject of much favorable comment.

DREW FIRST KILN.

The first kiln of sewer pipe to be made at the East End plant of the American Sewer Pipe works since that plant resumed operations after its recent shutdown was drawn Wednesday. Quite frequently the force of kilnmen at this plant was increased, and in so doing the company is enabled to set two kilns of pipe a day. No pipe is being made for stock, all being loaded into cars as soon as possible. It is said the company has enough orders for the East End factory to keep it in operation for three months at least.

EXCAVATING ABOUT COMPLETED.

The excavating for the improvement that is to be made at the West End pottery is about completed, and it is thought Contractor McLaughlin will have his work finished by the end of the week. Then the stonemasons will commence work, and other contractors will start. The entire construction of this new addition has been let to John Cain.

MAKING ADVANCEMENT.

H. H. McCartney, who has been employed by Jeff Greene, a well known saggermaker employed in the East End, as a frame filler, has taken charge of the sagger shop at the Burford plant. He commenced work at his new position today.

GEORGE FRED WILLIAMS BEATEN

Massachusetts Democrats After Hot Fight Over Resolutions Nominated Ticket.

Boston, Sept. 18.—Acrimony was not wanting for a time in the Democratic state convention in Tremont Temple yesterday, but in the end harmony was restored and the state ticket was enthusiastically greeted. The ticket is as follows:

For governor, William A. Gaston of Boston, was named. Gaston was nominated and then given a platform of his own dictation. The fight was over the national issues on the platform. The test of strength was between Colonel Gaston on the one hand and George Fred Williams, once the stalwart leader of the Silver Democrats, on the other. In this battle Mr. Williams was routed. The platform adopted is a repudiation of the Kansas City platform.

No Substitute Offered.

Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that ninety-nine out of a hundred druggists recommend Chamberlain's Colic, Cholera, and Diarrhoea Remedy when the best remedy for diarrhoea is asked for, and do so because they know it is the one remedy that can always be depended upon, even in the most severe and dangerous cases. It is for sale by Alvin H. Bulger.

No similar article has reached such a widespread and universal sale as Red Cross Blue. At all grocers.

Women and Jewels.

Jewels, candy, flowers, men—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous effort to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Charles F. Craig's. Get Green's special almanac.

TONES UP THE STOMACH.

Any disease which impairs the normal working of the stomach is certain to bring on a state of nervousness. On the other hand, a remedy which aids digestion and tones up the stomach is a sure cure for nervousness. For this reason BLOOD WINE is the most popular nerve tonic sold. Mrs. Jennie Wilson, corner of Market and Parker Streets, Lawrence, Mass., says: "I have been troubled with nervousness and dyspepsia for five years. Medicine did me no good until a friend advised BLOOD WINE. Have taken three bottles and am entirely cured."

A Worthy Institution.

The Ohio Valley Business College of our own city, is being appreciated by the people of this vicinity as is evidenced by the largely increased attendance and the recognition given it by the business men of this city and elsewhere who are daily applying to the school for office help. This school has grown on merit alone. It has recently opened a new term with more than eight times the enrollment of only three years ago. Its graduates are being sought after eagerly and it cannot supply the demand. The training given is so arranged that students may enter at any time.

COMMUNION SERVICE HELD.

East Ohio Conference Opened at Cambridge, O.—Reception to Lockes, Saturday.

Cambridge, O., Sept. 18.—The twenty-seventh annual session of the East Ohio conference of the Methodist Episcopal church opened here yesterday. The conference is one of the largest in the denomination, having 351 ministers. In addition to these are 28 official visitors, representing the departments of church work.

The conference opened at 8 o'clock with communion service, conducted by Bishop H. W. Warren. At 2 o'clock the anniversary of the Freedmen's Aid and Southern Educational society was held. An address was delivered by the Rev. Dr. Wilbur P. Thirkield, corresponding secretary.

Saturday afternoon a reception will be tendered at the residence of John L. Locke in honor of the Rev. Dr. and Mrs. W. H. Locke, of Mansfield, and in recognition of the semi-centennial anniversary of Dr. Locke's active service as a member of the Pittsburgh and East Ohio conferences. On Sunday afternoon the semi-centennial sermon will be delivered by Dr. Locke.

THE DOCTORS ARE NOW HERE.

Three Months' Service Will Be Given Free to All Who Call Before Oct. 25.

Eminent specialists from the English Medical Institute by request of numerous patients in this country, have established a permanent branch of the Institute in the Thompson building on the Diamond, rooms 1, 5 and 6.

In order to become rapidly acquainted with the afflicted of this community, and to demonstrate the wonderful success of their European system, these eminent gentlemen have decided to give their services and to perform all minor surgical operations free for three months (medicine excepted) to all who apply for treatment before October 25th. Remember, no charge, whatever, will be made for any services, consultation examination or advice. Your good will and recommendation after you are cured is all that is asked. No names will be published. All forms of disease and deformities are treated and a guarantee given in all curable cases of male and female weakness, catarrh, deafness, nose, throat and lung troubles, rheumatism, neuralgia, heart, stomach, nervous blood, skin and rectal troubles are positively cured by their new treatment. By their famous X-Ray examinations all hidden and obscure diseases are readily understood and quickly controlled. The chief consulting physician of the Institute, assisted by one or more of his staff associates will be in personal charge. Office hours—9 a. m. to 8 p. m. Sundays, 10 to 12 m.

EAST END

NO OUT DOOR MEETING

Free Methodists Found It Too Cold to Hold Services on the Bridge.

The weather was too cold last evening to permit the holding of services on the Dry Run bridge by the Free Methodists, and for that reason services were held in the home of one of the members of the church in the Klondike section. The house was well filled and the meeting one of interest. Several converts were reported.

The action of S. L. Fisher, the principal of the institute, in closing the building in the evenings on account of the unkempt condition of the room was a sufficient reason for closing the doors, said a resident of the East End this morning, who is taking an interest in these revival meetings. Not a word is being said against his action since he made known his reasons for so doing.

THE PASTOR'S BROTHER

Rev. J. A. C. McQuiston Will Preach at the Second U. P. Church Tonight.

A series of special meetings will commence at the Second United Presbyterian church this evening, and continue until tomorrow evening. These meetings are held prior to the regular communion service which will be held Sunday morning.

While the services will be in charge of Rev. D. W. McQuiston, the regular pastor of the church, he will be assisted by his brother, Rev. J. A. C. McQuiston, pastor of the U. P. church at Baldwin, Butler county, Pa. This gentleman will preach this evening and tomorrow evening, and will assist the regular pastor at the communion service on Sunday. The visiting minister is said to be a very forcible speaker and interesting sermons may be expected.

FOOT BALL CLUB

Composed of Lightweights Has Been Organized by East End Lovers of the Sport.

Another foot ball club has been organized in the East End, and this morning the managers of the club issued a challenge to play a game with any team in the city whose average weight is not more than 95 pounds.

The makeup of the team is as follows: Center, S. Pollock; right guard, C. Laughlin; left guard, N. Hanley; right tackle, E. Prescott; left tackle, J. Deakin; right end, R. Montgomery; left end, F. Culbertson; quarterback, H. Deakin; right halfback, E. Johnson; left halfback, J. Herbert; fullback, G. C. Laughlin. S. Pollock has been elected manager of the team and can be found in the East End.

K. G. E. Will Be a Success.

Many applications are being received by those who are working to form a council of the Knights of the Golden Eagle in the East End, and it is the conviction of these persons that it will be but a few weeks until a sufficient number will have been secured to hold a meeting and to take the preliminary steps to forming a permanent organization.

Heart Beats

that are too fast or too slow, too strong or too weak, are not the kind that come from a healthy heart. Remember, every heart that pains, flutters, palpitates, skips beats, and every heart that causes fainting spells, shortness of breath or smothering, is weak or diseased, and cannot keep the blood circulating at its normal rate.

"My heart was very weak and kept skipping beats until it missed from one to three beats a minute. Well knowing what the result would be if this trouble was not stopped, I began taking Dr. Miles' Heart Cure, and two bottles brought the heart action to its normal condition."

No Amputation Necessary.

Roger Hill, the young son of Rev. W. E. Hill, of St. George street, who accidentally fell upon a cuspidor several days ago and severely cut his right wrist, is recovering from his injury quite rapidly. It was thought soon after the accident that the injured hand would have to be amputated, but this will not have to be done. It will be but a few weeks, it is thought, until the boy will have the use of his hand.

Painting the Fire Station.

Work was commenced this morning painting the exterior of the East End fire station. This contract was let to A. IMPORTANT POINT HAS BEEN SETTLED

(Continued from First Page.)

suggestions from the directors of that institution. If they have anything to offer, it behooves them to act at once.

The senate has voted to give the public safety board authority over the board of health, while the house code committee has adopted an amendment leaving these boards substantially as now constituted. What this body has done, has been done decisively, but many of the important propositions which have gone through the senate, only carried by a close margin. Therefore, when both bodies meet in joint conference it will not be surprising if the unanimity of the house members will dominate the action taken.

The school code has gone into the house. State School Commissioner Bonebrake prepared and Representative Seese introduced it. It provides that there shall be one member of the school board elected from each ward and that if there are an even number of wards there shall be one additional member elected at large. Superintendents are to be elected by boards, and teachers are to be selected by superintendents, subject to approval of the boards. The bill is brief and makes no pretence at covering all school questions.

The house code committee has decided to make chiefs of police and fire departments responsible for the men under their jurisdiction. Both are to be appointed by council and will be subject to civil service system. Treasurers of municipalities are to be the custodians of all funds, including school funds. Heads of departments are to meet with the mayor once a week and review the work of the municipality. Mayors are to be removed by the governor for sufficient cause.

When the powers of municipalities was taken up, Cole, of Hancock, said that the game of ping-pong was becoming a menace to morals as it was being used as a mild form of gambling by people in his county. At first it was thought he was joking, but he assured the members he was very much in earnest, and at his suggestion an anti-ping-pong gambling provision was put in the code. If it passes, you may play ping-pong, but not to gamble.

The house and senate have taken opposite stands, the former opposing the board plan and the latter favoring it. Tuesday afternoon, by a vote of 16 to 16, the senate declared against the so-called home rule plan and approved of the board system as provided for in the Nash code. The differences of both bodies will be fought out and settled in conference. Single elective heads may be agreed upon as a compromise. The situation at present seems to presage this. The code which will be adopted will be unlike any code which has been introduced. It will be neither the Nash code, federal code, chamber of commerce code nor the York Democratic code, but its component parts will be taken from the first two, largely. The Nash code is being used to work from, but its provisions are being changed. And Governor Nash has expressed his full willingness that the legislature should do as it deems best with his measure. It has and is valuable as a guide.

Senator Connell has introduced the bill to remedy the defects in the jury laws. It was passed under suspension of rules. The house put the bill on second reading yesterday. The house has decided in favor of giving all cities over 30,000 police courts. Under that figure they will not be required.

The legislators will go to Cincinnati tomorrow to attend the Fall festival given by the Business Men's club of that city. The outing will not cost them a penny. A special train will take the party to Cincinnati. The newspaper correspondents and the employees of the legislature have also been invited. Mayor Fieschman will deliver the address of welcome. Senator Connell, of Columbiana, will respond for the senate.

Representative Buell, of Salem, reached the city yesterday. He said the senate amendment requiring mayors to be residents of municipalities three years was unjust and should be killed. If it is permitted to stand Mr. Buell will be heard from in his own blunt and effective way. He thinks the people should have the right to select whom they please for mayor, just so he is an elector, and furthermore he does not think it is within the province of the legislators to interfere in this respect. He says it is none of their business.

From the pottery manufacturers, from the heads of other industrial establishments, from contractors and business men generally in East Liverpool comes the complaint that help is scarce. Even the housewives find it difficult to engage domestic help, no matter what wages they offer. Everybody in the city knows how building operations have been delayed because the carpenters, stonemasons, bricklayers, plasterers and other members of the building trades had so much work to attend to that they could undertake no more. The same condition prevails in almost every line of work. The greatest difficulty about getting a job done is to get the men to do it. Yet East Liverpool has had a very large influx of population in the past two years. All that have come have found employment at excellent wages; all who were residents previously are similarly engaged. This city is one of the busiest in the land, and its business is increasing at an unprecedented rate. With this increase comes increased wealth, increased happiness, increased opportunities for social enjoyment and intellectual development. These conditions prevail because a wise national system has prevailed, calculated to encourage industry in every form and to stimulate its growth. The Democracy has shown hostility to that system from time immemorial. The intelligent workmen of East Liverpool know the foundation of their prosperity. That is why they vote the straight Republican ticket. They will vote it this fall in greater numbers than ever.

A portion of the state Democratic platform which the Alliance Democratic convention endorsed is this: "We demand the repeal of the tariff and substitute therefor direct taxation." How many East Liverpool voters are going to stand on that platform?

Speaker Henderson makes it plain that he is a Republican to the backbone. His absence from the house will be greatly regretted. But if, as he says, his views and those of his constituents are at variance upon the tariff issue—the fundamental principle of Republicanism—he does right to decline to be their representative. The Iowans who have been making it unpleasant for him will live to regret it. Quite likely they regret it already. As for the speaker's retirement from congress, upon which the Democrats are basing high hopes and wild prediction, it will have very little effect outside of his own district and state, and

even there Republicanism is too strong for any surrender to the enemy. A Republican congress is to be elected this fall, and it will be strongly Republican, too. There is too much general prosperity for free trade doctrines, which flourish only in times of discontent, to receive attention or support.

Cleveland newspapers declare taxes in that city will be 50 per cent higher in December than they were two years ago. This is Tom Johnson's town and Tom is mayor and general dictator. Does anybody want to make him dictator of Ohio?

France has a deficit for the past year of \$40,000,000. France must be patterning after the city government of Cleveland.

The code makers are down to business and within the next two weeks it is probable the new code law will be enacted.

Yes, there was a President Johnson once. That was one too many.

OBITUARY

Henry A. Gibbs.

Henry Alfred Gibbs, a former resident of this city, died at his home in Akron at 3 o'clock yesterday afternoon. Deceased was 68 years of age and was one of the early residents of the city. He had been ailing for the past year and death was the result of a complication of diseases. Some 20 years ago Mr. Gibbs removed from this city with his family to Akron and accepted a situation in Robinson Bros. pottery at that place. After several years working at the bench in Akron Mr. Gibbs embarked in the pottery business on his own account and built the Ohio Stoneware Pottery Co. plant, of which organization he was president at the time of his death, having associated with him his sons. He was also interested in several sewer pipe concerns of Akron. Mr. Gibbs was one of the leading members of the first cornet band that was organized in this city. He was also one of the charter members of the East Liverpool lodge of Odd Fellows and continued his membership in the lodge. At the opening of the war he enlisted from this city in an Ohio regiment and served as a bugler for three years. He was a member of Gen. Lyon post No. 44, G. A. R., of this city. Prior to leaving this city Mr. Gibbs was married to Mrs. Eliza Parker. He is survived by a widow and two sons, Harry H., and Edward H. Gibbs, and two step-children, Geo. A. Parker and Mrs. Charles Chapman, all of Akron. Four sister-in-laws of the deceased reside in this city—Mrs. Isiah Colclough, Mrs. Emma Wilson, Mrs. Mattie Neville and Mrs. Anna Bullock. The arrangements for the funeral service have not been made.

Mrs. B. F. Leitch.

Scottsdale, Pa., Sept. 18.—Mrs. B. F. Leitch, formerly of Allegheny, died at the home of her sister, Mrs. Albert Keister, here yesterday. Besides Mrs. Keister and Mrs. Howard Humphries, of West Newton, who are sisters, several brothers survive. They are Rev. Charles Frazer, of Jeannette; Drs. John and George Frazer, of Cleveland; T. W. and William Frazer, of Wellsville, O., and Duncan Frazer, living in Kansas.

AT THE THEATER

A fine attraction has been booked for the Grand Opera House for the entire week opening next Monday. Harry Jenkins, a comedian of ability and reputation, and Austin P. Blair's big stock company will present a series of meritorious plays. The opening bill, "Parisian Princess," is a great emotional drama, and introduces the talented leading young lady, Miss Leona Leslie. During the intermission the best acts in vaudeville are seen, making a continuous performance of drama and vaudeville. Mr. Jenkins has surrounded himself with the strongest company known in repertoire, with entirely new scenery. Their productions are staged with the same detail as seen in the large cities.

The latest and best of Lincoln J. Carter's attractions will be seen in this city at the Grand Saturday evening. Stanley and Lotita Lamb are playing the difficult parts of the "Waifs" and adding additional laurels to their already enviable reputations as juvenile artists. The company is said to be the best Carter has ever sent on the road. New and beautiful scenery, electrical effects and mechanical devices assist a story filled with comedy, sentiment, surprises and tears.

ON ANTIETAM BATTLEFIELD.

New York Monument Dedicated—Ohio to Place Monuments.

Frederick, Md., Sept. 18.—The hand some monument which the New York Thirty-fourth Regimental Volunteer association had erected on the Antietam battlefield was dedicated yesterday, the fortieth anniversary of the battle. About 150 persons, including members of the association, their wives and children, were present.

The monument stands on a plot 66 feet square. Ohio will shortly erect 12 monuments on Antietam field, one of which will be to the memory of President McKinley, for which the Ohio legislature appropriated \$20,000.

The bartenders' local sent credentials, but they were not made out in a legal form, and no action was taken upon them. One of their delegates was present, however, and he was admitted and given a seat on the floor.

The electrical workers of Pittsburg wrote a communication to the council informing it that a man who had a bad record at Pittsburg was running a saloon in this city.

A strike was reported to be in progress at the Humphrey iron works at Massillon. Some of the product of the firm was being used in this city, and the moulders of Massillon asked that the matter be taken up by the council. A committee was appointed to visit local dealers handling the goods. Messrs. Bolton, Elder and Devine were appointed.

A communication was received from the headquarters of the Ohio Federation of Labor asking that a delegate be elected to represent the council at the annual meeting to be held at Cambridge next month. The election resulted in the selection of Criss McConnell. Le Roy Orr is the alternate.

A communication asking that steps be taken for the formation of a branch of the stationary firemen was referred to the organization committee, together with one of the same character from the longshoremen and freight handlers.

A delegate from grocery clerks' union No. 192 reported that his organization had taken action at its last meeting against the sale in East Liverpool of all non-union bread.

Chairman Orr, of the Labor day committee, made his report of the receipts and expenditures of the Labor Day celebration, and the committee was tendered a hearty vote of thanks for their faithful and conscientious work. The following is the report:

STOCKS' PRICES RECOVERED.

Relief of Uneasiness Over Money Situation, Helped the Market, Wednesday.

New York, Sept. 18.—Speculative sentiment was further improved in Wall street yesterday and prices of stocks enjoyed additional recovery. The relief of the acute uneasiness over the money situation by the large engagements of gold for import checked the liquidation in the stock market and made it easier to mark up prices again. The volume of the actual buying demand was light, however, and the number of shares dealt in was no larger than Tuesday. The movement hitherto of some \$7,650,000 in gold from various quarters gives some feeling of assurance that relief will be at hand when the coming additional requirements of currency by the interior will make it urgently needed.

The nervous feeling early in the week was as much due to fear of this future contingency as to the present exigency for money. The receipt of gold which has been started towards this center will be in occasional parcels during the next three or four weeks. Over \$400,000 of the Australian receipts which arrived in San Francisco Tuesday were made immediately available to the local market by telegraphic transfer through the sub-treasury yesterday. The one million dollars which started from England yesterday will be available at the end of the trans-Atlantic voyage. Of the remainder there will be one parcel of \$500,000, which is not due to arrive in San Francisco until Oct. 10. Quite a number of prominent stocks, both among railroad and specialties, were from one to two points over Tuesday night at one time yesterday, but the prices were not held. The market closed about steady.

The bond market was firm. Total sales, par value, \$2,708,000. U. S. 2s, registered, advanced 1/4, the coupon 1/4 and the old 4s 3/4 per cent on the last call.

HOW IT STRIKES THE NEWSPAPERS

(Continued from First Page.)

ex-Mayor Moore, J. H. Morris, Baies Campbell, W. J. Lawton, J. P. Wilson, W. A. Maline, Thomas McNamara, H. A. Manchester and a score of others did not attend the convention, and they took little interest in the proceedings. They don't feel like being bossed by Billy Radcliffe, the local leader of the new fangled Democracy.

It is a question as to whether Duffy or the Democracy is occupying the best (or rather the worst) position. If Duffy runs as a Democrat he violates his pledge to the independent convention. If he runs as an independent endorsed by the Democracy he will be defeated by the Democrats on election day. The political riches of Mr. Duffy will be his political undoing.

The Vindicator, the Mahoning county Democratic organ, says only this: Columbiana county Republicans ought to be happy now. A congressional nomination has come to that county after all.

The Salem Herald praises Mr. Duffy highly and hopes he will stick to the ticket. Other Democratic organs in the district endorse all the work of the Alliance convention and swallow the Tom Johnson platform, free trade, single tax and all, without a grimace.

The Salem News says:

What Mr. Duffy will do regarding this back-set to his budding political aspirations is problematic. He well knows that he cannot "straddle" the two platforms and run as a candidate on the two tickets. He must make choice between the two or reject both. One thing is certain. The Union Labor people generally are up in arms against yesterday's procedure at Alliance. And they have no notion of taking the advice of Dr. G. P. Ikert, Democratic ex-congressman from this district, and by relinquishing Duffy allow the Democrats to place him on their ticket as their candidate, and then play into the hands of their historical enemies by voting for him. But many of the Union Labor men are wondering today what business Duffy had in the Democratic convention anyway?

The outcome after all is fortunate. It is well, since a Democratic scheme existed—which is now clearly demonstrated—to further their own political ends, that it has been shown up at this time. One effect of it all will be that the Republican vote will be solidified, and Mr. Kennedy will be elected by at least the old time Eighteenth district Republican majority.

FOOTBALL CONTEST

West End Rovers And Sirius Club
Eleven are to Play on
Saturday.

The football game to be played on Saturday afternoon in West End park, commencing promptly at 4 o'clock, will be witnessed by a large crowd each team having numerous backers all of whom will show their appreciation by their presence.

For quite a while the West End Rovers and the Sirius club have been arranging for the game, and it will no doubt be a fine exhibition. The line-ups will be as follows:

West End Rovers—J. Hester, right end; T. Hunter, right tackle; McDevitt, right guard; Amos, center; Arb, left guard; Tyson, left tackle; P. Hester, left end; McAvoy, quarterback; Jones, left halfback; Coleman, right halfback; Cartwright, fullback; substitutes, Frazer, Pollock, Robbins, Clark.

Sirius club—Harvey, right end; Mullhouser, right tackle; Gray, right guard; Price, center; Flesch, left guard; Stevenson, left tackle; Carnahan, left end; Little, quarterback; Godwin, left half; Hardy, fullback; substitutes, Cooley, Orr, Dyke, Hamill, Myler.

TEWKSBURY DEFEATED

C. A. Smith's Horse Beaten By Billy Boyle at Washington, (Pa.) Races.

The first day of the race meet being held at Washington, Pennsylvania, attracted a crowd of 500. There were six starters in the 2:30 pace, and Tewksbury, owned by C. A. Smith, of East Liverpool, who was touted to win was defeated by Billy Boyle. The third race, 2:26 trot, was postponed on account of darkness after three heats had been pulled off. The judges took Nate Crist, down from behind Maud S. after Dan K., had won two heats in hollow style and she took the next one easily. 2:30 pacing purse \$400. Billy Boyle, first Tewksbury, second; Cousin Ella, third. Time—2:23 1/2, 2:25 1/4, 2:23 1/4. 2:30 trot, second; Matagorda Chief, third. Time—2:35, 2:33, 2:33.

It is the opinion of some horsemen in this city that John Webb was run under the name of Dan K. as the name of his driver was Dan King, well known in this city. However, definite information could not be obtained concerning this race.

CALL FOR THROUGH CARS

West Enders Object Strongly to Walking From Turntable.

A notification was sent by City Solicitor Boyd to the East Liverpool Street Railway company yesterday asking it to run all cars to the extreme end of the line instead of just to the turn table, as has been done. The latter service is very unsatisfactory to people living in the extreme West End. A satisfactory reply was soon afterwards received by the city solicitor stating that the request would be complied with at once.

Mayor Fogo, in a conversation with the city solicitor stated last evening that the summer cars on the line were still only running to the turn table and that something ought to be done. The solicitor said that he would again notify the street railway people to run their cars to the end of the line and if the request is not this time at once followed out, an injunction. Many complaints have been coming in regularly to the mayor and solicitor about this matter and they have got tired listening to them.

MORE CELL ROOM

Is Much Needed at the Jail, But the City Must Wait.

The two much needed new cells for the city jail, which were ordered by Mayor Fogo some three weeks ago from the Van Dorn Iron Works company, of Cleveland, have not yet arrived. The mayor is unable to state just when they will be here, although they are expected any day.

The need of the new cells is demonstrated on two or three occasions nearly every week, and especially on Saturday and Sunday nights, when the bastille is usually crowded to overflowing, and many of the prisoners are compelled to sleep on the floors of the jail.

The mayor was written to the company several times since the order was sent, but each reply only volunteers the information that the cells have been shipped.

SUSPECTED RUNAWAYS

Three Small Boys Arrested at Wellsville, Two Hailing From New Castle.

Three small boys were arrested yesterday morning by Chief Thorn at the Third street depot and were lodged in the city prison, suspected of having run away from home. They were arrested upon the evidence of one lad wearing at the time two shirts and two coats.

They were brought before Mayor Fogo yesterday afternoon and when asked by him to give their names they gave them as follows: Kalen F. Ward, Samuel Aten and Grover Tasker and their ages about 15. When asked, the first two lads said that they were from New Castle, Pa., while the latter claimed he was from East Liverpool.

Tasker was released as there was no evidence upon which to hold him while the other two lads from New Castle were again locked up after having given the mayor the names and addresses of their parents. The mayor has telegraphed to New Castle and the boys will be held until a reply is received.

Burglars Not Yet Found.

No suspicious characters have as yet been arrested for implication in the burglary committed Tuesday night. It is now thought that the guilty party will never be found, as no clues have as yet presented themselves upon which the local police can work up the case. Father Crotty, whose house was ransacked, stated last evening to a representative of this paper that he thought that the burglary was committed by one of the street paving contractor's employees, who was recently discharged. Father Crotty would say nothing more regarding the matter.

Improvement Progressing Well.

City Civil Engineer Leith and Street Commissioner Herbert have progressed rapidly with the work of opening up Chester avenue in the West End, and will have the work entirely completed within a few days. This work was started only two or three days ago, in accordance with an action of council, and is a great improvement for the West End, opening up a street which intersects several very valuable pieces of property and makes it possible for them to be reached by vehicles.

Covering All Beats.

For the past week Officer Elliott has been doing double duty by covering one of the regular night beats, and aside from this trying to do part of his regular work in cleaning and attending to the city building. The mayor has now arranged matters so that all of the beats will be covered

by the remaining four officers at night, thereby relieving Officer Elliott. This is only a temporary arrangement and will be in force until another regular officer is appointed by the mayor.

P. H. C. Entertainment.

A grand entertainment was held last evening by the Fidelity circle, No. 43, P. H. C., in the Rechabite hall. The feature of the evening was the lecture given by J. C. Evans, of Sharon, Pa., who is one of the high officials of the Protected Home circle. He sketched the objects of the circle and gave a glowing account of its progress. A. B. Apple, besides figuring in the quartet and giving a pantomime, trained the class of girls for the fan drill, one of the most entertaining features of the program. Miss Emma James gave a fine select reading. Henry Henderson, the presiding officer of the local circle, was chairman. The literary program, in the hands of Mrs. William Glass, was handled in good shape.

THE BEAL LAW

To Be Incorporated in the New Code Bill—House Committee For It.

Columbus, Sept. 18.—The liquor interests of the state last evening renewed the assault upon the Beal local option bill. This measure has resulted since its enactment last spring in the closing of nearly 100 saloons in various parts of the state. The several liquor associations, through their representatives, began the fight in the senate when a motion was made to have the bill incorporated in the new municipal code in such a manner to insure the safety of its operation under the new order of things.

The fight against this proposition was led by Senator Patterson, of Pike, who succeeded in talking the senators into an adjournment and delaying the vote. The sentiment of the body is for the bill, and it will eventually go through by a large majority. The house special code committee yesterday voted almost unanimously to incorporate the bill in the code.

To Wed October 1.

The wedding of a prominent young lady of St. Clair avenue will occur October 1. Miss Anna Laura Pope, daughter of Mr. and Mrs. I. GREAT NUMBER OF BRICK

Will Be Required for the Paving Job Now in Progress in Chester.

Unless something unlooked for occurs the street improvements in Chester will be completed on time. Contractor Freshwater now has his work well in hand, and it is being pushed with all possible speed.

W. A. Coates, of New Brighton, Pa., will lay the paving for the Rock Springs line and will be at work while Mr. Freshwater is. They will work in harmony. The paving will be much more solidly done if both the city's portion and that of the street car company is done simultaneously.

The amount of brick to be used in the improvement is 1,580,660. Mr. Coates will require 455,000, and Mr. Freshwater will use 1,125,660. Brick is being obtained from several plants on the New Cumberland branch, as it is impossible at this busy season for one establishment to turn out a sufficient number for Chester. Brick have been ordered for the street car company's portion, and Mr. Freshwater will place his order in a few days. Representatives of a number of brick manufacturing plants have been in Chester to submit samples of paving brick.

An endeavor will be made by Mr. Freshwater to get the best quality of brick possible. He expresses himself as determined to give the city of Chester an excellent improvement. Excavating for the strip to be paved by the Rock Springs line has been done, and all that remains is to put in the gravel and lay the brick.

Engaged More Teams.

Contractor E. A. Freshwater yesterday engaged several teams and teamsters to take the place of the teamsters who refused to work for \$4 per day and held out for the customary price of \$4.50 per day. Mr. Freshwater said that he could get teams for \$4 and there came with morning a delegation of farmers from Pughtown with horses, harness, wagons and whips. They will do teaming. The contractor is still employing help and expects to have his job progress without any delays.

Thrown From a Buggy.

Miss Alice Evans was thrown from a buggy on the Fairview road Tuesday evening, and came near being killed. The horse she was driving ran off and the buggy overturned, throwing the occupant violently to the ground. She sustained numerous bruises and a badly sprained ankle.

liam Severs, the consideration being \$1,800. Mr. Freshwater bought the ground primarily for the gravel that is on it, which he will use for paving. He considers it good property to own aside from the gravel. It is hinted that Mr. Freshwater, who now has a fine corner lot, may build on the property and make Chester his home.

In the Oil Fields.

FIXED A WELL ON SUNDAY

A Negley Man Was Sued for It But Acquitted By the Justice.

There is at least one man in Negley who does not believe in Sunday labor—not even that a man should wall up a well so that he might have a plentiful supply of Adam's ale. On Sunday, September 7, T. R. Wilson, of Negley, walled a well on his property at that place. He thought the work was a necessity. Joseph Clark, also of Negley, did not think that way, so he filed an affidavit charging Wilson with working at common labor on Sunday.

Wilson was brought before Justice E. L. Lyon to answer the charge. Wilson made his defense on the grounds that the work was a necessity. About 20 witnesses were examined. After hearing testimony Justice Lyon discharged the defendant.

SOME TRI-STATE EVENTS.

Michael Barnes, a farmer residing in Fulton county, Pa., near Buck Valley, committed suicide by placing a rifle between his feet and with the barrel against his head, pressing the trigger.

The fifty-second annual session of the Medical Society of Pennsylvania opened at Allentown, Pa. About 300 delegates were present.

At Crestline, O., O. F. Cook, a brakeman on the Pennsylvania railroad, was instantly killed under a cut of cars in the railroad yard. The accident occurred five minutes before quitting time.

Ex-Sheriff A. P. Pew, of Mercer county, Pa., received injuries in falling from a bridge while out fishing which caused his death a few hours later. He was a member of the Fifty-seventh regiment, Pennsylvania volunteers, in the Civil War. In 1875 he was elected to the office of sheriff. He leaves a widow and six children.

At Findlay, O., Peter Thompson, an umbrella mender, was arrested on the charge of attacking Jacob Hixenbaugh with a hatchet. Both were badly wounded in wrestling for possession of the weapon.

At Findlay, O., Thomas Schultz, a saloon keeper, was arrested on the charge of robbing Simon Hartman, a farmer, of \$140. Schultz alleges that Hartman tried to shoot him.

At Georgetown, O., Deputy State Fire Marshall Beardsley arrested James Burr, colored, on the charge of setting fire to a storage building, belonging to A. N. Bingham.

William Harlow, a Xenia, O., bartender, was fined \$200 and costs for keeping a place where liquor is sold. This is the first conviction for illegal selling in a year.

P. W. Tsein, a Big Four brakeman, of Dayton, was killed at Patterson near Bellefontaine, O. His head was crushed by the spout of a water tank.

Near Bellefontaine, O., the 5-year old child of Frank Rose, a farmer, was burned to death by its clothes igniting from the stove.

Burglars entered the Ellwood, Pa., postoffice, pried open the front door, knocked off the knob on the safe and poured in a charge of nitroglycerin. The explosion blew off the door, but made so much noise that it was heard in the building, and the burglars had to make a hurried retreat. They stole a lot of stamps, but failed to get into the money box, which contained \$800.

Turkish Cemeteries.

Upon the graves of the dead in the Turkish cemeteries little vessels of water are placed for the benefit of the birds, and some of the marble tombs have basins chiseled out for the same purpose, the superstition being that birds carry messages about the living to the dead and, like everybody else in Turkey, are suspected of being spiteful unless something is done to curry their favor.

Every thing was quiet yesterday and many men went into the mines to work. Most of them, however, were men who had been brought from outside points.

A Medicine for Children.

Mothers as a rule are rather skeptical as regards the kind of medicine they give their children, and usually rely upon some old family recipe handed down by their forefathers. Now, human nature is different, and requires more modern treatment, yet the old practice of administering roots and herbs still holds good, but medical research of necessity has been obliged to delve deeper for something that will more adequately combat the present cause of disease. This need has been discovered to an admirable degree in Wright's Celery Tea, a perfectly harmless, safe and pleasant remedy which can be given to children with implicit confidence and most gratifying results for all the ills of childhood. 25c and 50c.

Pennsylvania Pardon Board.

Harrisburg, Sept. 18.—The board of pardons yesterday recommended a pardon for Della Welsh, Allegheny, common larceny. Among pardons refused were these: James Artz, Lawrence, arson; William Fox, Fayette, arson; William Myers, Allegheny, burglary; and John Joslitt, Washington, manslaughter. A rehearing was granted in the case of Elizabeth Natcher, Allegheny, larceny.

ANOTHER DEFEAT FOR JAMESTOWN

The New Yorkers Distinguish Themselves by Ability in One Direction Only.

ABUSE OF THE UMPIRE

Appears to Be a Part of Their Stock in Trade—Sutch Helped the Visitors And Pitched Well—The Score Was 12 to 10.

Once more the Jamestown bunch fell before the locals. The News Yorkers' ability as ball players is now considered to be on an equal with Hooks-town. But when it comes to their ability as kickers and hard losers, Baltimore must take a back seat. It is too bad that they cannot afford to carry an umpire—one that would play to their whim and fancy. Of them it can be truly said that home training crops out when abroad. Had they not been used to getting the earth they would never raise such outrageous kicks.

Umpire Maag did work that deserves nothing but commendation. And a gang that will object to Maag's decisions has little regard for fairness. It is an impossibility for an umpire to render decisions that will always meet with the favor of everybody. Maag is only human. He makes mistakes. But no one dares say that he does so intentionally. One decision, over which there was so much debate yesterday, was, to the minds of most of the fans, not square. Maag meant it to be so. He saw Emmerling cross the plate. He did not see the catcher touch him. That should have settled the dispute. But it did not. That band of Indians saw the chance for a demonstration and they took advantage of it. It did then little good, however.

Everybody was certainly guessing at the end of the first inning. All had heard of a local twirler, late of Pennsylvania, who was going to help the visitors out, but none had seen the young man deliver them. His name is Sutch a pretty one. Mr. Sutch fooled them all. Why he was taken out and succeeded by Folger is more than the locals can understand. It must be admitted that he did better work during the three innings that he pitched than his successor. It was not his fault that the locals scored five runs in the second inning. They rapped him for three hits, but had his support been only half what it should have been, he would have held the runs down to three. An error by Russell and one by Peiper were far more disastrous than the hits that he allowed. Folger must have a great stand in with the manager, he walked so officiously into the box at the beginning of the fourth. His head was a notch lower at the end of the ninth. The way that the locals pounded him was really a shame.

Center field is a position that a man can play for weeks and never have a chance to show his real worth. That Chick Reark is full of sensational catches is acknowledged by every fair minded fan. He is like all of the rest of them though. He does not have very many opportunities. But when he does have them maybe he don't accept them with alacrity. The lightning-like run of his in the fourth when he covered more ground than has been skinned this year and pulled one down gave rise to loud applause. His plays are encased as no other man's in this vicinity. Chick is a general favorite and will remain one.

Bib Webb accepted them as fast as the visitors saw fit to give him a chance. His errors were very hard ones to prevent, and even if they had not been, his acceptance of the other eight was enough.

Rising was right in it. One run, two hits, four putouts, one assist and one error.

Reilly made an error and was se-

HENDERSON REMAINS FIRM.

Even Refused to Reconsider, at President's Request—Others Sent Telegrams.

Dubuque, Ia., Sept. 18.—Speaker Henderson received a number of telegrams yesterday, asking him to reconsider his declination of the congressional renomination.

The following was the telegram received by Speaker Henderson from the president:

"Oyster Bay, Sept. 17. 'Most earnestly ask that you reconsider your determination not to run.

(Signed) 'Theodore Roosevelt.'"

Replying to these telegrams, the speaker further explained his action adhering to his position. He gave positive assurance that there was no danger to the third district that Governor Boies is a very weak candidate, that the Republican candidate will be elected, and that he will do what he can to insure his election. After these assurances the speaker said he must decline to reconsider his withdrawal.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

A Son Born—A son has been born to Mr. and Mrs. Frank Beatty, of Sheridan avenue.

Pleasing Musicals—Miss Goldie Weaver entertained a number of friends at her home on Washington street with a private musicale last evening.

Pleasant Party—Yesterday a number of East End young people enjoyed a very pleasant time at Columbian park. Dancing was the diversion of the evening, and a number of out-of-town guests were present.

A Lemon Party—Miss Eve Whittenberger, of this city, has issued invitations for a lemon party, on Sept. 24. The event is the anniversary of Miss Eve's thirteenth birthday, and the guests are to wear on that evening a suggestion of the lemon club, about their attire.

Back From Europe—Word has been received in this city that Mr. and Mrs. Arthur Hill, who have been spending several weeks abroad, sailed yesterday from London, England, for America. They are expected to arrive in East Liverpool in about a week. During their travels Mr. and Mrs. Hill had the pleasure of witnessing the coronation of King Edward VII.

Visiting the Salvationists—Col. Holtz, of Cleveland, chief division officer of the Ohio, Kentucky and Southern district of the Salvation army, will arrive in this city this afternoon and will address a public meeting to be held in the local barracks on Fourth

street this evening. Col. Holtz comes here to transact important business connected with the local corps' building project.

A Musical Treat—One of the most interesting events of the school term occurred yesterday morning in the High School chapel. Miss Goldie Weaver, a former high school student and graduate played yesterday for the chapel exercises, after which she rendered several classical selections in a very pleasing manner. Miss Weaver's music was received with great enthusiasm and much appreciation by the students and faculty.

At the Lisbon Fair—C. G. Anderson, Will Lewis, Sam Burrows, Joe Magill, Lida and Sadie Wolfe, Mark Bough and wife, Arthur Thomas, Frank Dickey, W. L. Timmons, James Nagle and lady, Ed Davidson and wife, George Murphy and wife and two daughters, Charles and John Martin, James Welch, wife and daughter, Wilson F. Smith, wife and son, Harry Caton, George Grosshans and daughter, Dick Kerns, Mrs. George Goppert, G. P. Schmidt and wife, Rit Meanor, John Hall, John Wood, Sr., and wife, G. W. Ashbaugh, wife and children, Will McCartney and family, John Bricelin and wife, Mrs. Frank Shane and Miss Anna Stevenson, William Hall, Sr., and wife, Mrs. James Hall and daughters, W. C. Van Fossen and family, Wilfred Elkin and lady, were among the East Liverpool people who attended the Lisbon fair yesterday.

When you have trouble with sore feet, corns, etc., you should try a pair of our easy fitting shoes. They give immediate relief. They are the best to wear. We fit them properly.
